

MANY STARS COME FROM TEXAS.

# THE TERRY FOUNDATION

2001-2002 ANNUAL

# MESSAGE FROM THE FOUNDER

---

**T**he Terry Foundation is nearing its sixteenth anniversary and what began modestly in 1986 is now the largest private source of scholarships for University of Texas and Texas A&M University. This April, the universities selected 350 outstanding Texas high school seniors as interview finalists for Terry Scholarships.

After the interviews were completed, a record 165 new 2002 Terry Scholars were named. We are indebted to the 57 Scholar Alumni who joined the members of our Board of Directors in serving on eleven interview panels to select the new Scholars. These freshmen Scholars will join their fellow upperclass Scholars next fall in College Station and Austin as part of a total anticipated 550 Scholars: the largest group of Terry Scholars ever enrolled at one time.

The spring of 2002 also brought graduation to 71 Terry Scholars, many of whom graduated with honors and are moving on to further their education in graduate studies or join the workforce.

We also mark 2002 by paying tribute to one of the Foundation's most dedicated advocates. Coach Darrell K. Royal retired from the Foundation board after fourteen years of outstanding leadership and service. A friend for many years, Darrell was instrumental in the formation of the Terry Foundation and served on the Board of Directors since its inception. We will miss his seasoned wisdom, his keen wit, and his discerning ability to judge character: all traits that contributed to his success as a coach and recruiter and helped him guide the University of Texas football team to three national championships.

On behalf of the Board of Directors and staff, we would also like to thank the Scholar Alumni and the staffs at Texas A&M University and The University of Texas for their invaluable assistance during our annual interview process in Austin, Houston, and Dallas.

With best wishes for a great year to come,

*Howard L. Terry*

# HISTORY OF THE FOUNDATION

*“Success is the attainment of the goals you’ve set for yourself in life.”*

*–Howard L. Terry*

**T**he Terry Foundation’s goal is to improve and develop the State of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards full scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now the largest private source of scholarships for the University of Texas and Texas A&M University, with over 550 Terry Scholars enrolled. But its origin was neither large nor legendary – and as humble and low-profile as the Founders whose name it bears.

The Terry scholarship program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A long-time resident of Houston, Howard Terry had been active for many years in banking, construction, real estate, and oil & gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give back to the community and, specifically, to help young people to reach their goals in higher education.

In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education. After evaluating

ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by

placing his name on campus structures: “Mortar & bricks will eventually be torn down,” he reasoned. The Terrys believed, in the long term, that a university, like the state it represents, is only as good as the educated citizens it produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience: he had attended the University of Texas on an athletic scholarship, where he was captain of the football team and graduated in 1938. His family origins in Cameron, Texas were modest and it was only through the generosity of others that his college education had been made possible. Mr. Terry never forgot the helping hand that he had received in attending college and was determined to extend that same help to a new generation of students.

After seeking counsel from sources that included UT coach Darrell Royal (an original Foundation Board Member) and Houston attorney Rhet Campbell (Board Member since inception and now Board Chair), the Terrys determined that their most lasting contribution would be through a perpetual endowment that would provide college scholarships for students who had demonstrated the capacity to become outstanding future leaders and who needed financial assistance to achieve their goals in higher

education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program.

The first scholarship recipients, known since then as "Terry Scholars," were selected at interviews held in the spring of 1987. That original class of seventeen 1987 Scholars were joined in the 1988-1989 academic year by 17 additional recipients. Over the years, the number of Scholars selected has increased, with the most recent Spring 2002 interviews having resulted in the selection of 165 new freshman Scholars. These recipients will join the upperclass Scholars in College Station and Austin to number over 550 Terry Scholars enrolled for the 2002-2003 academic year.

Since its inception, the Terry Scholarship program has assisted over 1,000 Texas college students to achieve their goals in higher education. The Foundation Board now oversees an endowment of over \$100 million and includes two members who are Terry Scholar Alumni. Chartered to exist into perpetuity, the Foundation is

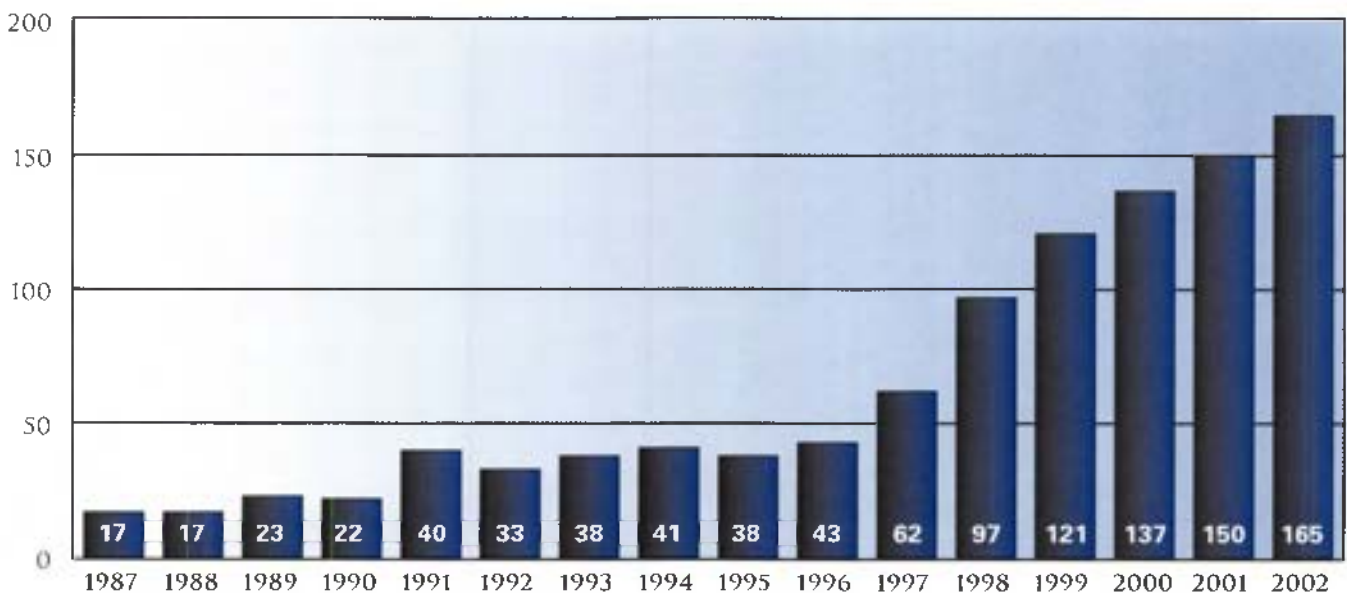

designed to continue in the future to provide a greater number of scholarships each year.

Howard and Nancy Terry continue to be active participants in the scholarship program that bears their name. It has become larger than they ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state. Despite his extraordinary success in ventures that made the Terry Foundation possible, Howard Terry observes that "the Terry Foundation is the most important thing I've done in my life, because it's enabled me to help more people than I would have ever been able to do otherwise."

## NUMBER OF FRESHMAN SCHOLARS SELECTED

# THE TERRY SCHOLARSHIP PROGRAM

## Criteria

The Terry Foundation awards scholarships to Texas high school seniors who have been accepted for admission to the University of Texas at Austin or Texas A&M University at College Station. To be selected to receive a scholarship, potential Terry Scholars must demonstrate academic excellence, leadership, and financial need.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation's selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement, and a well-rounded personality marked by a desire to succeed.

Nominations for Terry Scholarship awards are accepted only from the designated offices of the University of Texas and Texas A&M University. Nominations are not accepted from any other source.

## The Selection Process

Each year in April, the Terry Foundation announces the new class of Terry Scholars after an intense two-step selection process. Early each spring, both universities nominate candidates from the freshman class that will matriculate the next fall. The universities adhere to

the selection criteria guidelines established by the Terry Foundation when selecting nominations.

While the number of nominations and subsequent scholarships has grown substantially since 1987 when the scholarships were established, the process to win a scholarship has remained intensely competitive. In spring of 2002, each university was limited to 175 nominations from the thousands of applications received.

The Foundation administration invites the finalists to formal interviews conducted concurrently in Austin, Houston, and Dallas.

Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Alumni Scholars and current Terry Scholars. The interview panels make the final selections and new Scholars are notified prior to May 1st of the interview year.

In April, 2002, the eleven interview panels met with 350 finalists for the final selection process. Of those finalists, 165 were selected for Terry Scholarship Awards.

## *The Stipend*

The Terry Scholarship Award is potentially a full, four-year stipend. Initially, the scholarship is awarded for a Scholar's first year of college and is renewed annually at the discretion of the Board of Directors. In order to continue as a Terry Scholar, a student must maintain a cumulative 2.5 GPA, meet the requirements for mandatory attendance at specific Terry Foundation events, and fulfill other reporting requirements.

*Araiana Reyes & Antonia Peralta.

The amount of the stipend has increased each year due to rises in cost of living and tuition and is based on the full cost to attend the universities, including tuition, fees, books, on-campus room and

The Terry Foundation seeks to provide adequate financial support for each Terry Scholar so that students may concentrate on academics and college-related activities, without having to incur any debt to finance their education. The Foundation wants to eliminate the need for Scholars to work during the college years.

board, and miscellaneous expenses. The actual specific amount of the stipend will vary for each Scholar, depending on other scholarship awards and the Scholar's family's ability to contribute to the cost of college.

## *Funding*

The Terry Scholarship Program is funded by the earnings of an endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The current endowment is slightly in excess of \$100 million. The Foundation is structured to exist into perpetuity and anticipates additional growth based on incremental endowment by the Founders.

# TEXAS A&M UNIVERSITY

*Texas A&M University Academic building.*

**T**exas A&M University, the Lone Star State's first public institution of higher learning, is one of the select few universities in the nation to boast triple land-grant, sea-grant, and space-grant status.

The 126-year-old university is located in College Station, a medium-sized community that is approximately equidistant among the state's most metropolitan areas. Its 5,200-acre campus is one of the largest in the nation and is the home of the George Bush Presidential Library and Museum, which opened in November of 1997.

Texas A&M has long been known nationally for its school spirit and traditions, including the fact that its students stand throughout football games as the Twelfth Man to indicate symbolically their willingness to suit up and play if needed. More recently, it has expanded its reputation to include national recognition for attracting top students, innovative research

programs, and exceptional academic programs in a host of areas. Last year, Texas A&M was selected for membership in the prestigious American Association of Universities.

The university's student body includes some of this country's best students. Texas A&M has consistently ranked among the nation's top 10 schools in enrollment of new National Merit Scholars. In all, it has more than 2,500 students receiving major four-year academic scholarships and over 20,000 receiving some form of scholarship aid.

With more than 44,000 students, the university ranks fifth nationally in overall enrollment. Among those students are more than 7,500 graduate and professional-school students as well as students from all 50 states and more than 110 foreign countries. Women now represent almost half of the student body at the school that was once all male and all military. Although military training has not been mandatory more than a quarter of a

century, some 2,000 young men and women still choose to participate in the university's Corps of Cadets. The Corps continues to commission more military officers than any institution except the service academies.

Texas A&M also ranks eleventh nationally in endowment value, reflecting its ability to support world-class faculty and facilities and other aspects of the academic process. The faculty includes a Nobel Laureate and two winners of the National Medal of Science, six members of the National Academy of Sciences, and 20 members of the National Academy of Engineering.

The university's campus has numerous state-of-the-art laboratories and research facilities, including a research cyclotron, now one of only three of its caliber in the world. The university also has a leading chemical characterization center and various installations that enable it to be in the forefront in biotechnology and numerous other disciplines in both the life and physical sciences and in engineering.

The work of an outstanding faculty in exceptional facilities has placed Texas A&M in the top 10 in rankings of major research universities by the National Science Foundation. The most recent NSF ranking placed Texas A&M among the top dozen, and the university's volume has since grown to approximately \$400 million annually. The research projects supported by that funding encompass all of the university's academic colleges – agriculture and life sciences, architecture, business, education, engineering, geosciences, liberal arts, science, and veterinary medicine.

*Texas A&M University boasts a 5,200 acre campus.*

Not to be limited by state or national boundaries, Texas A&M is firmly committed to being a vital part of the "global village." Its international outreach efforts include memoranda of understanding with more than 85 foreign institutions and organizations in Europe, Asia, South America and Central America. In addition, Texas A&M operates the Santa Chiara Study Center in Castiglion Fiorentino, Italy, and a facility in Mexico City. Also, many College Station-based multi-disciplinary groups are devoted to enhancing research and scholarship opportunities both at home and abroad.

## *Campus Orientation*

The Terry Scholars at the University of Texas and Texas A&M University gathered on campus in Austin and College Station for the Foundation's annual day-long Orientation programs. This event was held in late August prior to the start of the fall 2001 semester.

Orientation was designed to focus special emphasis on the challenges faced by new freshman Scholars. The day's events included presentations on the Foundation scholarship program by Board Chairman Rhett Campbell and President Ed Cotham. The Scholars met with members of college administration and with invited guest speakers in the fields of time management and study skills.

Scholars met with representatives of the two on-campus Terry Scholar organizations and enjoyed an informal dinner and networking with fellow Scholars. The Terry Scholar Student Association (at the University of Texas) and the Terry Foundation Student Organization (at Texas A&M University) organized and hosted the activities.

*New Scholars gathered material from Brandy Skillern of the Foundation staff.*

## *The Fall Banquets*

### TEXAS A&M UNIVERSITY

In October of 2001, Scholars were hosted by the Foundation at the annual Fall Dinners. Foundation Board Members and staff joined the Scholars and university guests on the campuses in elegant settings for the yearly seated banquets. The banquet at College Station was held this year for the first time in the beautiful Jon L. Hagler Center on the campus of Texas A&M. Aggie Scholars enjoyed dinner and honored Al & Lorraine Bormann, long-time supporters of the Foundation. 2001 marked the occasion of Al's retirement from his position as Associate Executive Director of Student Financial Aid at Texas A&M.

### UNIVERSITY OF TEXAS

Later in the month, the Alumni Center at the University of Texas was the site of the Austin Banquet. UT Scholars enjoyed an evening of fine dining and fellowship and honored retiring Foundation Board Member and former UT Head Football Coach Darrell Royal. Coach Royal retired from the Foundation Board of Directors after having served since inception for fourteen years.

## *Interview Week*

April of 2002 brought the highlight of each Foundation year, when Interview Panels selected a record 165 new 2002 Scholars. The finalists came from every area of Texas to interviews held concurrently in Austin, Houston, and Dallas.

Members of the Board of Directors were assisted by 57 Scholar Alumni and current Scholars who served on eleven interview panels, an increase of one panel from 2001. Over the course of the week, the eleven panels interviewed 350 finalists nominated by the universities.

In the past, each Interview Panel has been chaired by a member of the Foundation Board of Directors. For the first time in 2002, the Foundation was assisted by Scholar Alumni in chairing the growing number of Interview Panels. The Foundation is indebted to Scholar Alumni Gayle Bean Stinson (1987), Gayle Cerrato Hanz (1988), and David A. Stephenson (1990), who chaired panels in Houston and Austin.

## *The Winedale Picnic*

The Foundation annual picnic is held the last Sunday in April on the grounds of the Winedale Historical Center near Round Top, Texas. All of the Scholars from both universities meet together for the only time each year for an informal gathering that honors the graduating senior Scholars.

The 2002 picnic was highlighted by bright sunshine and a record attendance: approximately 450 current Scholars were joined by the Foundation Board Members and staff, Alumni Scholars and their families, and guests from the universities.

Catered lunch was followed by the presentation of gifts to the graduating senior Scholars. Following tradition, each Scholar took the microphone to speak briefly of their future plans and then, as a group, honored Howard & Nancy Terry with gifts from each school's class of senior Scholars.

# UNIVERSITY OF TEXAS

---

*University of Texas Main Building.*

**N**ow in its 119th year, the University of Texas at Austin is recognized among major universities for its eminence in research, teaching, and public service. It is the oldest and largest component of the 15-campus University of Texas system. Since its opening in 1883, the University has grown from a 40-acre tract to a main campus of more than 410 acres and 142 buildings.

By attracting capable individuals from every segment of society, the University seeks to maintain a student body that is diverse in nature but united in its pursuit of higher education.

UT Austin students come from 50 states and 117 foreign countries. The fall 2001 enrollment was 50,616 students. Minority and

international students constitute 37 percent of the student population. The backgrounds of the students are richly varied ethnically and geographically.

The faculty of UT Austin is composed of 2,378 professors and lecturers supported by approximately 1,300 assistant instructors and teaching assistants. They include the winner of the 1967 Pulitzer Prize in History, a recipient of the 1968 Enrico Fermi Award, a 1970 National Medal of Science recipient, the winner of the 1977 Nobel Prize in Chemistry, and the winner of the 1979 Nobel Prize in Physics. The University has 1,169 endowed academic positions – 260 chairs, 493 professorships, 23 visiting

professorships, 128 lectureships, and 265 fellowships. From the efforts of individual faculty members to the work of 132 organized research units, scholarly inquiry covers a broad range of disciplines – literally spanning the known universe from the inner workings of atomic nuclei to the far reaches of space.

In addition to teaching and research responsibilities, faculty members maintain regular office hours and many serve as academic advisers to students. Although UT Austin is a large university, students will find most classes small enough to allow for considerable faculty and student interaction.

The University has the third largest academic library system in the United States. In Anthony Hobson's *Great Libraries*, it is cited as one of the 32 great libraries of the world. More than 7.5 million volumes are located in 17 different libraries on campus.

The system is comprised of four separately administered units: the General Libraries, the Center for American History, the Humanities Research Center, and the Tarlton Law Library, the sixth largest academic law library in the nation. The General Libraries consist of the Perry-Castañeda Library (the main library), the Undergraduate Library, the Collections Deposit Library, four special collections, and nine branches. Special collections include the Nettie Lee Benson Latin American Collection, the Asian Collection, the Edie and Lew Wasserman Public Affairs Library, and the Middle East Collection.

The University campus also extends beyond the boundaries of the main campus, incorporating research centers across the state that keep the University at the forefront of study in such areas as geophysics, astronomy, marine science, history, literature, and engineering.

# ABOUT THE FOUNDERS

---

## *Howard L. Terry*

Native Texan Howard L. Terry was born in Milam County in 1916. He attended the University of Texas on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, from which he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Terry went into business for himself in lumber, building, and development, building several residential subdivisions in Texas and other states.

Over the following years, Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings. Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1987, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development.

Howard and Nancy Terry are both long time residents of Houston, Texas. Mr. Terry enjoys golf and is actively involved in the operations of the Terry Companies and the Terry Foundation. Despite his series of remarkable success in business endeavors in many fields, he often refers to the Terry Foundation as his finest achievement.

## *Nancy M. Terry*

Nancy Terry is a native of New York State, born in Ogdensburg on the St. Lawrence River. She attended the School of Nursing at the University of Rochester, New York, where her hobbies included snow skiing, ice skating, swimming and antique collecting.

She subsequently relocated to Texas and for over thirty years has been married to Howard L. Terry, with whom she founded the Terry Foundation in 1986. Mrs. Terry is active in Foundation events and in the annual interviews in which the new Scholars are selected. Her principal interests now include golf, art, interior design, gardening, politics, her family, her dog, and the Terry Scholars.

# ABOUT THE DIRECTORS

---

***Rhett G. Campbell***  
**Chairman of the Board**

Rhett Campbell served on the original Board of Directors of the Terry Foundation and has worked closely with Howard and Nancy Terry in the management and direction of the Foundation since its inception in 1986. He was named Chairman of the Board in 2000.

Rhett is a partner in the Houston offices of the Thompson & Knight law firm, where his areas of specialization include civil trial and business bankruptcy. He was a founding member in 1977 of the Houston law firm of Morris & Campbell, where he practiced until 2001. He holds both a B.A. (with high honors) and J.D. (with honors) from Southern Methodist University, where he was honored as a Hatton Sumners Scholar and as a member of Phi Beta Kappa, Order of the Coif, and Order of Barristers.

Rhett is married to Houston native Susie Seybold. They have three children and reside in Houston.

***Edward T. Cotham, Jr.***  
**President**

Ed Cotham serves as President of the Terry Foundation, where he assists Mr. Terry in the management of the Foundation endowment portfolio and serves as chief operating officer for the Foundation. In 1993, he was named President of Terry Petroleum Company. Prior to joining Terry Petroleum, Ed had practiced law with the Morris & Campbell law firm in Houston.

Ed holds an undergraduate degree in Economics from the University of Houston and a Masters Degree in Economics from the University of Chicago. A native Texan, Ed returned to complete a law degree from the University of Texas.

Ed and his wife, Candy, have one son and reside in Houston.

# ABOUT THE DIRECTORS

---

*John W. Storms*

John Storms has served on the Foundation Board of Directors since its inception in 1986. John is the Managing General Partner of Storms & Critz, Certified Public Accountants, of Houston. John also serves on the boards of other business entities with operations as varied as banking, oil & gas, and restaurant operations. He is also an active member of the board of Child Advocates, Inc. of Houston and is currently an officer and board member of National CASA Association, the national oversight organization for over 900 such entities across the United States.

John is a Certified Public Accountant and holds a B.B.A. from the University of Texas and an M.B.A. in taxation from the City University of New York.

John and his wife, Charlene, reside in Houston and are the parents of two grown daughters and five grandchildren.

*Robert Carter Overton, III*

Carter Overton has served on the Foundation Board of Directors since its inception in 1986. Carter is the President and C.E.O. of JMI Energy, Inc. of Houston. He worked previously for Terry Petroleum Company, where he served as Vice President of Operations. Carter also serves on the Board of the Texas Business Hall of Fame Foundation.

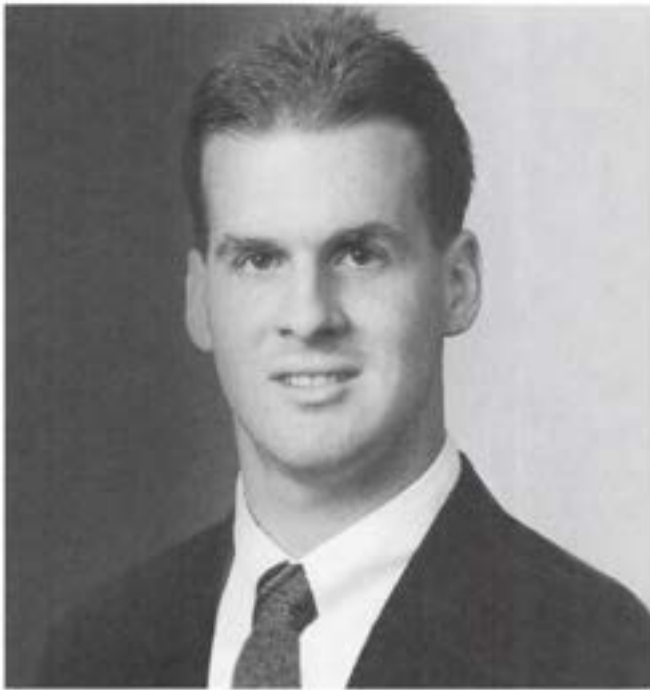

A native Houstonian, Carter received both his B.B.A. in Petroleum Land Management and his M.B.A. from the University of Texas.

Carter and his wife, Tine, reside in Houston with their two daughters.

# ABOUT THE DIRECTORS

---

*James D. Davis*

Jim Davis is a Principal and Consulting Actuary for Milliman, USA in Dallas, where he specializes as a pension actuary and retirement consultant and oversees each of the consulting units in the firm's Dallas office.

A native of Quitman, Texas, Jim was named a Terry Scholar in 1989 and graduated from the University of Texas in 1993, where he received a Bachelor of Arts Degree in Economics (with highest honors) and was elected to Phi Beta Kappa.

Jim was named to the Foundation Board of Directors in 2000, one of the first Alumni Scholars to be elected to the Board. He lives in Dallas with his wife, Stephanie, and their three daughters.

*Yvonne Rode Moody*

Yvonne Rode Moody was named one of the first Terry Scholars as part of the original class in 1987. She was named to the Foundation Board in 2000, one of the first Alumni Scholars to be named to the Board.

A native of Fredericksburg, Yvonne received a B.S. in Mechanical Engineering from Texas A&M in 1991. She worked for eight years with Chevron as Construction Project Manager for the Houston Retail Marketing Group.

Yvonne's most recent position is as full time Mom to two daughters, with whom she and her husband, Ted, live in San Antonio.

# ABOUT THE FOUNDATION STAFF

---

## **Administrator**

### ***Beth W. Freeman***

Beth Freeman is the Administrator for the Foundation and has served in that capacity since its inception. A native of Louisiana, Beth joined the Terry operating companies in 1983 and was named Foundation Administrator in 1986.

Beth coordinates the annual Foundation events and manages Scholar relations for the Foundation. She supervises the annual spring interview process and serves as the Foundation liaison with the Offices of Student Financial Aid at both universities.

## **Foundation Staff**

The Foundation Staff includes Robert L. Parker, Brandy N. Skillern, Jamie M. Skillern and Barbie Tyler.

# IN MEMORY

---

***Carmela Beatrice Izaguirre***

*1998 Terry Scholar Carmela Beatrice Izaguirre died January 23, 2002 from Ewing Sarcoma, a type of bone cancer. A senior psychology major from Grandview, Texas, Carmela attended Texas A&M University.*

*Carmela will be remembered by her fellow Scholars at Texas A&M and by the Foundation Directors and staff for her warm personality and for her love of community volunteer service work. Carmela's favorite activity was working with children and she had planned to pursue graduate studies in child psychology.*

*The Terry Foundation honors her memory, just as she honored the Foundation and Texas A&M in her courage, spirit and example. She will be missed by all who knew her.*
