THE TERRY  
FOUNDATION

20TH ANNIVERSARY  
2005 - 2006 ANNUAL

MANY STARS COME FROM TEXAS.

# MESSAGE FROM THE FOUNDER

---

**A**s the Terry Foundation approaches our twentieth anniversary, what began modestly in 1986 is now the largest private source of scholarships for a growing number of Texas public universities. After its first seventeen years at the University of Texas at Austin and Texas A&M University, the Foundation expanded for the first time in 2004 to include Scholars at the University of Houston and at Texas State University-San Marcos.

In 2005, the Board of Directors approved additional growth for the Terry Foundation Scholarship Program to the University of Texas at San Antonio and the University of Texas at Dallas. The first Scholars for UTD and UTSA were selected at interviews in April, 2006 and will begin college in the fall of 2006. The Foundation is pleased to welcome these outstanding institutions to the Terry program.

In April, the Foundation selected a total of 157 new 2006 Scholars. We are indebted to our Scholars and Scholar Alumni who joined the members of our Board of Directors in serving on the panels to select the new class. This new class, when combined with our existing Scholars, will bring the total number of active Terry Scholars at all six universities to more than six hundred students.

The spring of 2006 also brought graduation to 137 Terry Scholars, many of whom graduated with honors. They join a growing body of Scholar Alumni that now numbers over 900.

On behalf of the Board of Directors and the Foundation staff, we would also like to thank the staffs at the University of Texas at Dallas, the University of Texas at San Antonio, Texas State University-San Marcos, the University of Houston, Texas A&M University, and the University of Texas at Austin, for their invaluable assistance during our annual interview process in Austin, Houston, Dallas, and San Antonio.

Remember, the harder you work, the luckier you get!

*Howard L. Terry*

A handwritten signature in dark ink, appearing to read "Howard L. Terry". The signature is written in a cursive, flowing style.

# HISTORY OF THE FOUNDATION

---

*“Success is the attainment of the goals you’ve set for yourself in life.”*

*–Howard L. Terry*

The Terry Foundation’s goal is to improve and develop the State of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards full scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now the largest private source of scholarships for the University of Texas at Austin, Texas A&M University, the University of Houston, Texas State University-San Marcos, the University of Texas at San Antonio, and the University of Texas at Dallas, with over 600 Terry Scholars enrolled. But its origin was neither large nor legendary – it was as humble and low-profile as the Founders whose name it bears.

The Terry Scholarship Program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A long-time resident of Houston, Howard Terry had been active for many years in banking, construction, real estate and oil and gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give back to the community and, specifically, to help young people to reach their goals in higher education.

In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education. After evaluating ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by placing his name on campus structures: “Mortar and bricks will eventually be torn down,” he reasoned. The Terrys believed, in the long term, that a university – like the state it represents – is only as good as the educated citizens it

*Howard Terry and 1987 UT Scholar Jina Kim at the 1991 Winedale Picnic. In the early years of the Foundation, all the Scholars at the annual picnic could sit together around just a few tables.*

produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience: he had attended the University of Texas on an athletic scholarship, becoming captain of the football team and graduating in 1938. His family origins in Cameron, Texas were modest and it was only through the generosity of others that his college education had been made possible. Mr. Terry never forgot the helping hand that he had received in attending college and was determined to extend that same help to a new generation of students.

*At one of the earliest picnics, Mr. Terry addressed all the Scholars – without a microphone.*

After seeking counsel from sources that included former UT coach Darrell Royal (an original Foundation Board Member) and Houston attorney Rhett Campbell (Board Member since inception and now Board Chair), the Terrys determined that their most lasting contribution would be through a perpetual endowment that would provide college scholarships for students who had demonstrated the capacity to become outstanding future leaders and who needed financial assistance to achieve their goals in higher education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program.

*The earliest Scholar classes at each university numbered as few as eight.*

The first scholarship recipients, known since then as “Terry Scholars,” were selected at interviews held in the spring of 1987. That original class of seventeen 1987 Scholars was joined in the 1988-1989 academic year by seventeen additional recipients. Over the years, the number of Scholars selected has increased, with the most recent spring 2006 interviews having resulted in the selection of 157 new freshman Scholars. These recipients will join the upper-class Scholars to number over 600 Terry Scholars enrolled for the 2006-2007 academic year.

During the first seventeen years of the Foundation’s history, Scholars attended only the University of Texas at Austin or

Texas A&M University. In the fall of 2004, the Foundation Scholarship Program expanded for the first time, when Terry Scholars were named at the University of Houston and at Texas State University-San Marcos. Two years later, additional growth provided scholarships at the University of Texas at Dallas and the University of Texas at San Antonio. Strategic future plans call for the program’s ultimate expansion to other public universities in Texas.

Since its inception, the Terry Scholarship Program has assisted over 1,500 Texas college students to achieve their goals in higher education. The Foundation Board oversees an endowment that is now almost \$126 million and includes two members who are Terry Scholar Alumni. Chartered to exist into perpetuity, the Foundation is designed to continue in the future to provide a greater number of scholarships each year.

Howard and Nancy Terry continue to be active participants in the Scholarship Program that bears their name. It has become larger than they ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state.

Despite his extraordinary success in ventures that made the Terry Foundation possible, Howard Terry observes that “the Terry Foundation is the most important thing I’ve done in my life, because it’s enabled me to help more people than I would have ever been able to help otherwise.”

*Howard and Nancy Terry with the Terry Scholars. The Winedale Picnic, April, 2003.*

# THE TERRY SCHOLARSHIP PROGRAM

## Criteria

The Terry Foundation awards scholarships to Texas high school seniors who have been accepted for admission to the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, Texas State University-San Marcos, the University of Texas at San Antonio or the University of Texas at Dallas. To be selected to receive a scholarship, potential Terry Scholars must demonstrate academic excellence, leadership and financial need.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation's selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement and a well-rounded personality marked by a desire to succeed.

Nominations for Terry Scholarship awards are accepted only from the designated offices at the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, Texas State University-San Marcos, the University of Texas at San Antonio or the University of Texas at Dallas. Nominations are not accepted from any other source.

Foundation staff member Barbie Tyler prepares to mail interview invitations to Scholar candidates.

Alumni Doug Stanley (A&M 1990), Lucy Fuhrman Krabl (A&M 1988), Melody Ayeli (UT 2000) and Chris Dreiling (UT 1989), with A&M Scholar Megan Murphey and UT Scholar Steven Edwards. 2006 Dallas Interview Panel.

## The Selection Process

Each year in April, the Terry Foundation announces the new class of Terry Scholars after an intensive two-step selection process. Early each spring, the universities nominate candidates from the freshman class that will matriculate the next fall. In selecting nominations, the universities adhere to the selection criteria guidelines established by the Terry Foundation.

While the numbers of nominations and subsequent scholarships have grown substantially since the first scholarships were awarded in 1987, the process to win a scholarship has remained highly competitive. In selecting finalists, the selection committees at the affiliated universities are limited to a small fraction of the thousands of applications received.

The Foundation administration invites the finalists to formal interviews conducted each spring concurrently in Austin, Houston, Dallas and San Antonio. Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Alumni Scholars and current Terry Scholars. The interview panels make the final selections and new Scholars are notified prior to May 1st of the interview year.

In April 2006, the twelve interview panels met with 352 finalists for the final selection process. Of those finalists, 157 were selected for Terry Scholarship Awards.

## The Stipend

The Terry Scholarship Award holds the potential to be a full, four-year stipend. Initially, the scholarship is awarded for a Scholar's first year of college and is renewed annually at the discretion of the Board of Directors. In order to continue as a Terry Scholar, a student must maintain a cumulative 2.5 GPA, meet the requirements for mandatory attendance at specific Terry Foundation events and fulfill other reporting requirements.

The Terry Foundation seeks to provide adequate financial support for each Terry Scholar so that students may concentrate on academics and college-related activities, without having to incur any debt to finance their education. In addition, the Scholarship Program is designed to eliminate the need for Scholars to work during the college years.

The amount of the stipend is based on the full cost to attend the universities, including tuition, fees, books, on-campus room and board and miscellaneous expenses. Over the years, the amount of the stipend has increased each year due to rises in cost of living and tuition. The actual specific amount of the stipend will vary for each Scholar, depending on other scholarship awards and the ability of the Scholar's family to contribute to the cost of college.

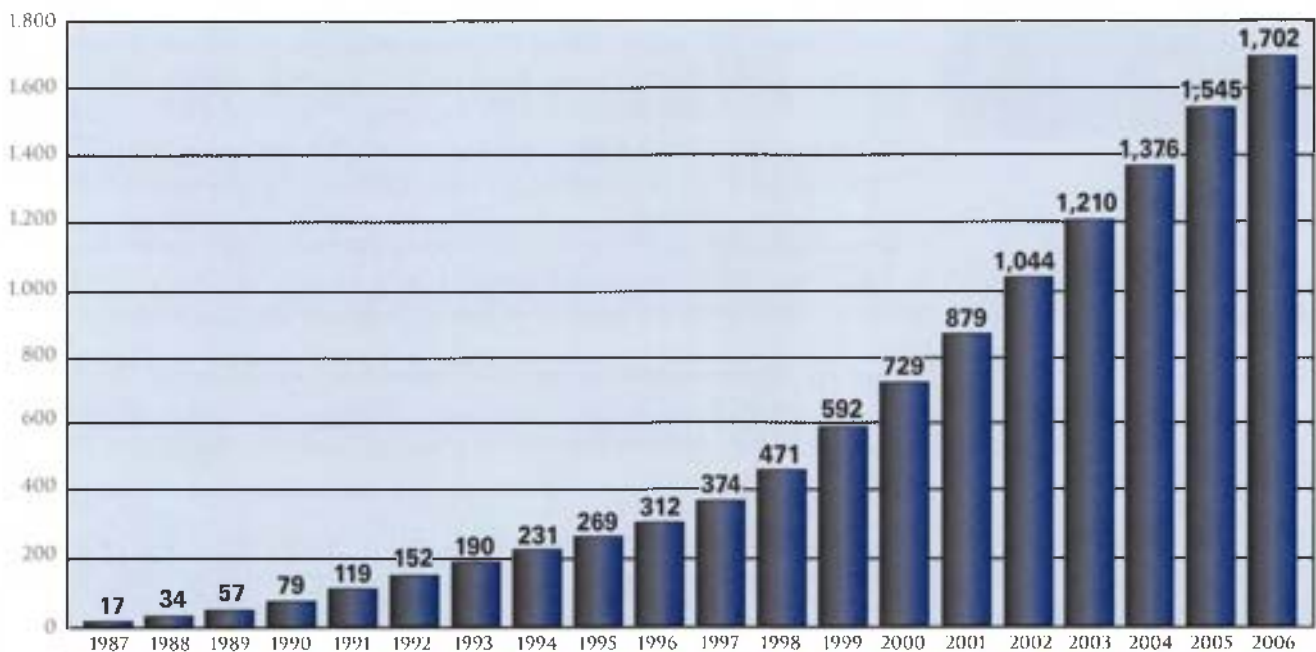

*Beau Taylor, Tommy Holstien, Simon Haidamous, Sveta Grinshpan, Kellie Reed and Laci Lofin. 2005 UT Banquet.*

## Funding

The Terry Scholarship Program is funded by the earnings of an endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The current endowment is nearly \$126 million. The Foundation is structured to exist into perpetuity and anticipates additional growth based on incremental endowment by the Founders.

## CUMULATIVE TOTAL NUMBER OF TERRY SCHOLARS

# IN THE BEGINNING...

## *The Birth of the Terry Foundation*

It was twenty years ago this year – December 30, 1986 – when Howard and Nancy Terry created the Terry Foundation with an initial endowment of \$1.2 million. The Foundation that was created in 1986 had its origin much earlier.

Over the nearly fifty years since his college graduation in 1938, Howard Terry had been a consistent contributor to the University of Texas. These contributions frequently related to the athletic department, since he had served as captain of the UT football team his senior year. Over the years since college, Terry had enjoyed remarkable success in a number of varied business fields. As his wealth increased, he began to reflect on the key events that had led to his success and one event in particular – the scholarship that had enabled him to attend college – always emerged as one of the pivotal moments that had transformed his life. Mrs. Terry's background was in nursing and she was also impressed with how important a helping hand at the right time can be in shaping a person's life.

*Howard Terry*

*Nancy Terry*

Early in 1986, Howard and Nancy Terry began to give considerable thought to their growing desire to benefit the community that had provided them the opportunity for success. With their family's future secure, they considered a variety of options that would enable them to benefit young Texans in higher education. Not satisfied with suggestions of conventional philanthropic gestures, they eventually pursued the idea of a perpetual scholarship program that would invest directly in future generations – in Howard Terry's own words: "helping young people to help themselves."

In the summer of 1986, Terry took his dream and sought counsel from knowledgeable professionals and trusted friends. His first visit was with colleague Darrell Royal, legendary former football coach at UT and longtime personal friend. Royal offered encouragement and agreed in advance to serve on the initial Foundation Board of Trustees – and to lend his seasoned recruiting expertise to the process for selecting recipients.

Next on Terry's agenda for advice was friend and noted attorney Marvin Collie, a recognized expert in nonprofit foundations at Houston's Vinson & Elkins law firm. Terry credits Collie with the idea to include both UT and Texas A&M in the original program. In addition, Collie offered valuable counsel in the formation and structure of the original Foundation trust.

Howard Terry also contacted Charles Lovelace, Executive Director of the Morehead Foundation. Founded in 1945, the Morehead program offers four-year scholarships at the University of North Carolina. Pleased to learn of Terry's idea, Lovelace offered seasoned guidance and a variety of time-proven policies and practices from the Morehead program, several of which significantly influenced the initial operations of the Terry Foundation.

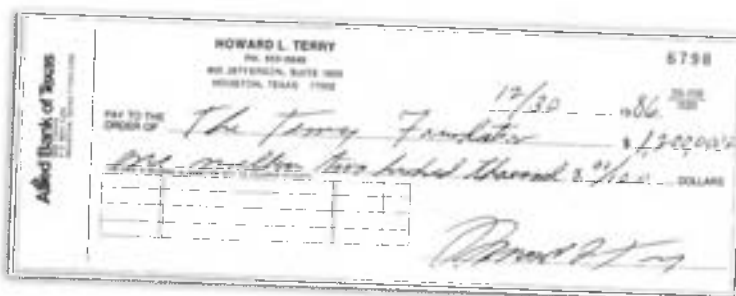

During 1986, Howard Terry also met frequently with Houston attorney Rhett G. Campbell, a longtime professional colleague and personal friend. Campbell recounted to Terry his experience in being selected as a Hatton Sumners Scholar at the SMU Law

School: a process that included a personal interview with a committee of six. As those familiar with the Terry selection process will recognize, that idea formed the model for the interview structure still employed today.

As 1986 progressed, the plan to grant a few scholarships evolved into the creation of a perpetual endowment that would be used to provide many scholarships for deserving Texas high school students who had demonstrated academic excellence, leadership, and need. In the fall of 1986, the original trust agreement was drafted and plans were set in place to fund the trust at the end of that year. The selection of the first scholarship recipients was targeted for the following spring, with the first awards to be funded for the fall 1987 university semesters.

On December 30, 1986, Howard Terry wrote a personal check for \$1.2 million and the Terry Foundation became a reality. The Terrys were joined on the initial Foundation Board by Campbell, Royal, John W. Storms (CPA and longtime tax advisor to Howard Terry) and R. Carter Overton III, at that time a recent UT graduate and family friend of the Terrys. Beth Freeman, Terry's assistant since 1983, was named Foundation Administrator.

Howard Terry's plan worked. The initial seventeen scholarship recipients were selected at interviews in the spring of 1987 and while the program has grown, the process for helping deserving Texans has remained essentially unchanged.

The twenty years since 1986 have brought remarkable success to the Foundation. The original \$1.2 million endowment now stands at almost \$126 million and the original two universities have been joined by four additional schools. Over the years, the original group of seventeen Terry Scholars has grown to over 1,500 and the Foundation has contributed over \$41 million for scholarships.

At age 89, Howard Terry is still personally involved in the business of the Foundation, active daily at the Foundation headquarters in Houston and still challenging future generations to give back to their community. In the video shown to new Terry Scholars each year at their Foundation orientation session, he advises, "Life is not a one-way street. We've sent you through college – now you think about what you're going to do for the next person."

Howard and Nancy Terry with the Terry Scholars. The Winedale Picnic, April 2006.

# TEXAS STATE UNIVERSITY

---

*Located at the heart of campus, "Old Main" has long been the symbol of Texas State University-San Marcos.*

**T**exas State University-San Marcos is a doctoral granting university located in the burgeoning Austin-San Antonio corridor, the largest campus in the Texas State University System, and one of the largest in the state.

Texas State's 27,129 students choose from 115 undergraduate, 84 master's and six Ph.D. graduate degree programs offered by seven colleges – Applied Arts, the McCoy College of Business Administration, Education, Fine Arts and Communication, Health Professions, Liberal Arts and Science.

Authorized by the Texas Legislature in 1899, Southwest Texas State Normal School opened its doors in 1903. Over the years the Legislature broadened the institution's scope and changed its name, in succession, to Normal College, Teachers College,

College, University, and in 2003 to Texas State University-San Marcos. Each name reflects the university's growth from a small teacher preparation institution to a major, multipurpose university. Texas State's original mission was to prepare Texas public school teachers, especially those of south central Texas. It became renowned for carrying out this mission, but today it does far more.

As the university's student population has grown – from 303 in 1903 to 27,129 in 2005 – the campus, too, has expanded. The original 11-acre main campus has grown to 429 acres, plus an additional 4,200 off-site acres in ranching, farming and a recreational camp. Major acquisitions include the 79-acre San Marcos Baptist Academy campus in 1978, 90-acre Aquarena Springs Resort in 1994, 125-acre University Camp on the Blanco River in 1951, and 3,485-acre Freeman Ranch in 1985.

Located on the edge of the Texas Hill Country where blackland prairies turn in to beautiful hills, Texas State enjoys a setting that is unique among Texas universities. The beauty of the crystal-clear San Marcos River and the stately cypress and pecan trees on the campus add to the charm of its

picturesque setting. The campus is in San Marcos, a community about halfway between Austin and San Antonio. Its location on the banks of the San Marcos River provides recreational and leisure activities for students throughout the year.

Texas State is nationally recognized for excellence in many academic disciplines. The Geography Department has been ranked the largest and one of the best programs in the nation for many years by the American Association of Geographers. Faculty members in geography, communication studies, business, mathematics and mass communication have been recognized as the best in the nation in their fields. Fifteen faculty members have been honored as Piper Professors, an annual recognition of the top college faculty in the state.

Student teams in debate, advertising and free enterprise routinely place high in national competitions. The Students in Free Enterprise (SIFE) team won the international competition in 2000 against 700 teams from 15 countries and has placed among

the top 20 for eight straight years. The American Advertising Federation student team claimed its second national title win in 2005.

Texas State students in jazz, marching and concert band, symphony, choirs, instrumental ensembles, mariachis and steel drum band maintain schedules of performances across the state and the world. The jazz program has been featured for years at the Montreux (Switzerland) Jazz Festival. The sound recording technology program, housed at Texas State's unique Fire Station Studio, is the only degree program of its kind in the Southwest.

With a diverse campus community including more than 26 percent of the student body from ethnic minorities, Texas State is one of the top 20 producers of Hispanic baccalaureate graduates in the nation.

Texas State is also the lead institution of a multi-institution teaching center offering several programs in the greater north Austin area. There are 1,586 students enrolled at the Round Rock Higher Education Center.

The university has granted well over 100,000 degrees over the years. Alumni include Lyndon B. Johnson, Class of 1930, making Texas State the only Texas institution – and one of only 29 colleges nationwide – to have graduated an American president. Our Texans have become leaders in business, education, entertainment, media, literature, the military, law enforcement, government, agriculture, technology, science, sports, law and health care.

# TEXAS A&M UNIVERSITY

---

*Texas A&M University Academic Building.*

**T**exas A&M University, the Lone Star State's first public institution of higher learning, is one of a select few universities in the nation to boast triple Land-Grant, Sea-Grant, and Space-Grant designation. That status and its strong academic programs and rich traditions combine to help make Texas A&M a unique American institution.

The 130-year-old university is located in College Station, a medium-sized community approximately equidistant from the state's major metropolitan areas. Its 5,200-acre campus is one of the largest in the nation and is the home of the George Bush Presidential Library and Museum. Texas A&M also operates a marine-oriented branch campus in Galveston.

Texas A&M has long been known nationally for its school spirit and traditions, including the fact that its students stand throughout football games as the 12th Man to symbolize their willingness to

suit up and play if needed. More recently, it has expanded its reputation to include national recognition for attracting top students, innovative research programs and exceptional academic programs in a host of areas. In recognition of its strong academic and related research programs, Texas A&M is a member of the prestigious American Association of Universities. It also is home to one of the nation's largest chapters of Phi Beta Kappa, the oldest and most respected undergraduate honor society in the nation.

The university's student body includes some of the country's brightest men and women. Texas A&M, for example, has consistently ranked among the nation's top schools in enrollment of new National Merit Scholars. More than 17,000 students hold some type of scholarship, including about 2,500 with major four-year academic scholarships.

Texas A&M continues to have the state's best graduation rates for any public university for the overall student body, and for African-American and Hispanic students. Its improving graduation rates represent the bucking of a national trend. With 44,578 students as of the fall 2005 semester, Texas A&M ranked as the nation's sixth-largest university. Among those students are approximately 8,000 graduate and professional-school students. Students hail from all 50 states and more than 120 foreign countries.

Although military training has not been mandatory for more than a quarter of a century, some 1,800 young men and women still choose to participate in the university's Corps of Cadets. The corps continues to commission more military officers than any institution in the nation except the service academies.

Texas A&M ranks among the top 10 universities nationally in endowment value, reflecting its ability to support world-class faculty and facilities and other aspects of the academic process. The faculty includes two Nobel Laureates, two winners of the National Medal of Science and more than 25 members of either the National Academy of Sciences or the National Academy of Engineering.

The university has embarked on an unprecedented "faculty reinvestment program" under which it plans to make a net new addition of 447 tenured or tenure-track faculty by 2008. Almost 350 of the new positions are expected to be established and funded by the 2006 fall semester. Additionally, the university has launched an ambitious construction program totaling approximately \$300 million and including a new state-of-the-art interdisciplinary life sciences building and two new physics buildings. The campus has numerous state-of-the-art laboratories and research facilities, including a research cyclotron that ranks as one of only three of its

*Texas A&M University boasts a 5,200 acre campus.*

caliber in the world. It also has a leading chemical characterization center and various installations that enable it to be in the forefront in biotechnology and numerous other disciplines in the life and physical sciences and in engineering.

The research work of an outstanding faculty in exceptional facilities places Texas A&M high in rankings of major universities by the National Science Foundation. The most recent NSF ranking placed Texas A&M among the top 20, and the value of the university's research has grown to more than \$500 million annually. The research projects supported by that funding encompass all of the university's academic colleges: agriculture and life sciences, architecture, business, education, engineering, geosciences, liberal arts, science, and veterinary medicine. Homeland security figures prominently in several new programs at Texas A&M with multi-million dollar federal funding support.

Not to be limited by state or national boundaries, Texas A&M is firmly committed to a global reach and perspective. Its international outreach efforts include memoranda of understanding with more than 85 foreign institutions and organizations throughout the world. It opened a branch campus in Qatar in 2003. All costs for building and operating the engineering-oriented campus in the Persian Gulf country are being paid by the Qatar Foundation for Education, Science and Community Development. In addition, Texas A&M operates the Santa Chiara Study Center in Castiglion Fiorentino, Italy, and a facility in Mexico City. Also, many College Station-based multi-disciplinary groups are devoted to enhancing research and scholarship opportunities both at home and abroad.

# THE YEAR IN REVIEW

## *Campus Orientation*

Terry Scholars at each of the four universities gathered on campus in Houston, Austin, College Station and San Marcos for the Foundation's annual orientation programs. These events were held in late summer, just prior to the start of the fall 2005 semester.

For new freshman Scholars, the orientation is designed to focus special emphasis on the challenges faced by first-year college students. The day's events included presentations on the Foundation Scholarship Program by Board Chair

Rhett Campbell and President Ed Cotham. The Scholars also met with members of college administration and with invited guest speakers in the fields of time management and study skills.

At the University of Houston and Texas State University-San Marcos, the freshmen Terry Scholars met for the first time with their new fellow Scholars and with members of the university and Foundation staffs. The programs also included information about the Terry Scholar organizations at each university. The Scholars later enjoyed an informal dinner and networking with the sophomore 2004 Terry Scholars, the inaugural classes at each university.

At the University of Texas at Austin and Texas A&M University, the orientation program also included career seminars for upper-class Scholars. The students attended seminars on preparation for graduate school and post-baccalaureate careers which featured counsel from professionals in the work force, many of whom came from the growing body of Terry Scholar Alumni.

At the end of the orientations in Austin and College Station, freshmen and upper-class Scholars met together with representatives of the on-campus Terry Scholar organizations and enjoyed an informal dinner and networking with fellow Scholars. The Terry Scholar Student Association (at the University of Texas at Austin) and the Terry Foundation Student Organization (at Texas A&M University) organized and hosted the activities.

## *The Fall Banquets*

In October of 2005, Scholars were hosted by the Foundation at the annual fall dinners. Foundation Board Members and staff joined the Scholars and university guests in elegant settings on each of the four campuses for the annual banquets.

The University of Houston welcomed the Foundation to the Hilton College of Hotel and Restaurant Management for the UH banquet. Scholars greeted Howard and Nancy Terry and enjoyed dinner and networking with the Directors, fellow Scholars, and representatives of the university including UH Chancellor Dr. Jay Gouge.

Later in the month, the elegant Alumni Center at the University of Texas was the site of the banquet in Austin. Scholars were hosted by the Foundation for a pre-dinner reception with the members of the Foundation Board of Directors and the UT administration, followed by dinner that included remarks by the student leaders of Terry Scholar Student Association.

The banquet at Texas State University-San Marcos was highlighted by the remarks of guest speaker Dr. Laurie Fluker, Associate Dean, College of Fine Arts & Communication. Scholars enjoyed dinner with Foundation Board members and fellow Scholars and the Foundation was pleased to also welcome university President Dr. Denise Trauth and members of the university executive administration.

Later in October, the banquet at College Station was held in the beautiful Jon L. Hagler Center on the campus of Texas A&M University. Aggie Scholars enjoyed an evening of fine dining and fellowship hosted by the Terrys. Scholars joined the members of the Foundation Board of Directors and staff and invited guests from the university administration for the annual event.

## 2006 Interviews

April of 2006 brought the highlight of each Foundation year, when interview panels selected 157 new 2006 Scholars. The finalists came from every area of Texas to interviews held concurrently in Austin, Houston, Dallas and San Antonio.

The interviews in 2006 included candidates nominated by the two new universities recently added to the Terry Scholarship Program: the University of Texas at Dallas and the University of Texas at San Antonio. At the end of the interviews, the Foundation named nine new Scholars at each university.

Members of the Board of Directors were assisted by 58 Scholar Alumni and current Scholars who served on twelve interview panels. Over the course of the interviews, the twelve panels interviewed a total of 352 finalists nominated by the six universities. The Foundation Board of Directors extends special thanks to those Scholars and Alumni Scholars who assisted on the selection panels, with particular appreciation to Scholar Alumni

*Foundation Board Chair Rhett Campbell with Nancy Terry and Alumni Joseph Triepke (UT 2000), Nelson Burns (A&M 1993), Teresa Murphy (UT 2002) and Alexis Dixon Johnson (UT 1994). 2006 Houston Interview Panel.*

Jeff Stichler (A&M 1990), Doug Stanley (A&M 1990) and Gayle Cerrato Hanz (UT 1988), who served as panel chairs in Dallas and Houston.

## Fall 2005 Scholar Alumni Luncheon

Austin-area Scholar Alumni gathered in October for the second annual Terry Scholar Alumni Luncheon, following the inaugural Alumni Luncheon held last year in Houston. Sixty-five Alumni Scholars from the central Texas area were hosted by the Foundation for a lunch meeting, where they enjoyed reunions with

Howard and Nancy Terry and renewed friendships with former college classmates and new fellow Scholars in the Austin area.

Foundation Board Chair Rhett Campbell and President Ed Cotham presented a short program featuring updates on the Foundation's current operations and highlights of future plans, which include additional gatherings for Scholar Alumni in other geographical areas of the state.

*Foundation President Ed Cotham and Board Chair Rhett Campbell with Alumnus Adam Williams (A&M 2000). 2005 Austin Alumni Luncheon.*

# THE YEAR IN REVIEW

## *The Winedale Picnic*

The Foundation annual picnic is held the last Sunday in April on the grounds of the Winedale Historical Center near Round Top, Texas. All of the Scholars from each of the participating universities meet together for the only time each year for an informal gathering that honors the graduating senior Scholars.

In April of 2006, over 600 current Scholars were joined by the Foundation Board Members and staff, Alumni Scholars and their families, and special guests from the universities. Catered lunch was followed by the presentation of gifts to the graduating senior Scholars. Following tradition, each Scholar took the microphone to speak briefly of their future plans and then, as a group, honored Howard and Nancy Terry with gifts from each school's class of senior Scholars.

The 2006 picnic was marked by a warm welcome from the A&M and UT Scholars for their growing body of fellow Scholars at the University of Houston and Texas State University-San Marcos. The Cougar Scholars from UH showed particularly noteworthy pride in bright red tee-shirts new for the occasion and a spirited vocal presence during the day.

*Texas State Scholars participate in the Terry Olympics.*

Bright sunshine and balmy breezes contributed to a successful event and Scholars from all four universities enjoyed delicious buffet fare from the grills of Becks Prime Catering of Houston.

The picnic in 2006 was concluded by an additional year in the win streak for the Scholars from Texas A&M University in the "Terry Olympics," the annual fun-filled competition sponsored by the Scholar student organizations.

# THE UNIVERSITY OF TEXAS AT SAN ANTONIO

---

*Main Building, 1604 Campus, University of Texas at San Antonio.*

**T**he University of Texas at San Antonio is one of the fastest-growing universities in the state and is the second-largest academic institution of the prestigious University of Texas System. Located in the eighth largest city in the nation and second largest city in Texas, the university has become the regional center for higher education, reflected in a 50 percent growth in enrollment over the last ten years.

Created by an act of the Texas Legislature in 1969, UTSA enrolled its first students in 1973. In its short history, the university has grown to an enrollment of more than 27,000 students and three campuses – the 1604 Campus in Northwest San Antonio with 29 buildings on 600 acres; the Downtown Campus with four buildings on 11 acres and UTSA's Institute of Texan Cultures, a museum

with 50,000 square feet of exhibit space that attracts more than 300,000 visitors annually.

UTSA serves more students than any other higher education institution in South Texas, offering 62 undergraduate, 43 master's and 18 doctoral programs in eight colleges: College of Architecture, College of Business, College of Education and Human Development, College of Engineering, College of Liberal and Fine Arts, College of Public Policy, College of Sciences and Honors College. Master's and doctoral degree programs are coordinated through the Graduate School and 14 percent of the student body is enrolled in graduate programs.

As the region's largest generator of engineers, artists, business professionals, teachers, scientists and technology managers, UTSA

---

has produced more than 64,000 graduates since awarding its first degrees in August 1974.

The university's campuses provide access and opportunity for large numbers of historically underserved students. More than 57 percent of UTSA's students come from groups underrepresented in higher education and nearly 70 percent are the first in their families to attend a college or university.

Outside of the classroom, students may choose from more than 150 student organizations. UTSA's Recreation Center boasts the tallest college climbing wall in Texas, and plans are under way for the expansion of on-campus housing, the University Center and the Recreation and Wellness Center.

Today, UTSA is rapidly moving toward premier research university status while remaining committed to its original mission of providing affordable, accessible higher education to the people of Texas and beyond. Balancing excellence with access is a challenge that has been embraced by the university community as both a goal and a responsibility.

UTSA is making great strides in the research arena. In the last five years, the university has been awarded \$159 million for sponsored programs, including \$26 million for research in fiscal year 2005. The university has completed construction of an \$84 million biotechnology, sciences and engineering facility and has created several important research centers that are gaining national prominence. In addition, the university recently received \$74 million in tuition revenue bonds from the Texas Legislature designated for construction of a new engineering building.

The university's rapid growth in student population has been matched by outstanding additions to faculty and to the number of endowed chairs and professorships: in 2005 alone, seventy new faculty members were hired at UTSA for a total of 557 tenure/tenure-track faculty positions. The university's endowed positions have increased to 28, including 12 distinguished chairs that are endowed at \$1 million each.

UTSA research is as diverse as its student body. Awards from federal, state and local agencies, as well as private foundations, support a wide range of basic and applied research projects, public service work and training programs.

Some of the funded projects include using mathematical models and computer simulations to study Parkinson's-related diseases, studying the biogeochemistry of contaminated soils and assisting high school teachers to include engineering principles in their math and science curricula.

Funding from NASA, the National Institutes of Health and the National Science Foundation supports research projects in biology, chemistry, earth and environmental sciences, physics and astronomy, engineering, computer sciences, mathematics and statistics, and the behavioral sciences.

As the rising star of young Texas universities, the University of Texas at San Antonio is committed to becoming one of the top 100 public research universities in the United States, while continuing to draw on the strength of a diverse cultural heritage and to expand access to education at a record-setting pace.

# THE UNIVERSITY OF TEXAS AT DALLAS

---

*Administration Building, University of Texas at Dallas.*

**A**s one of the most agile and rapidly growing universities in the world, the University of Texas at Dallas (UTD) attracts an extraordinary combination of student and faculty resources to the vibrant, dynamic and globally connected Dallas-Fort Worth area. UTD's relatively brief history has been committed to the pursuit of excellence and the steadfast determination to maintain the highest standards of quality.

Students seeking the close-knit community of a small university and the reputation and resources of a big one find the perfect balance at UTD. With an enrollment of approximately 14,500, UTD offers all the benefits of a small campus: excellent student/faculty ratios and a diverse yet intimate community where every student has a voice. However, UTD is also backed by the powerful UT System and strategically aligned with other

institutions to offer advanced research and other exciting opportunities traditionally found at larger universities.

UTD's research in a variety of fields, especially in engineering and the biomedical sciences, has gained national attention. Much of this research is conducted at UTD's specialized research centers. Scientists at the Center for BrainHealth conduct cutting-edge research on brain-related diseases and injuries. The Cybersecurity and Emergency Preparedness Institute works to address issues of homeland security, emergency and disaster response and cybercrime. UTD's Sickle Cell Disease Research Center is the only facility of its kind in the Southwest and the first NIH-funded sickle cell center in the state. The Callier Center for Communication Disorders provides state-of-the-art diagnostics and treatment for hearing, speech and language disorders. And the

Nanotech Institute is at the forefront of understanding and exploiting the nanoscale with such discoveries as hydrogen-powered artificial muscles that are one hundred times stronger than human muscles.

Excellence in research is only logical for UTD, which originated as a science and engineering research facility before it became a university in 1969. These research roots have fostered a culture that values innovation and advancement, embraces change and encourages multidisciplinary study. A prime example of this legacy is the university's highly innovative Institute of Biomedical Sciences and Technology, which brings together researchers from a wide variety of fields – molecular and cell biologists, mathematicians, neuroscientists, social scientists and others – to transcend the traditional boundaries of academic disciplines and work together in synergy.

Beyond the laboratory, UTD's School of Management has a nationally ranked Cohort MBA program, and its executive MBA program is ranked #1 in the region by *Financial Times*. The School of Arts and Humanities provides programs that merge fine arts and computer science.

These excellent and wide-ranging academic programs have attracted outstanding faculty, including Nobel laureates and members of the National Academies, and are a magnet for the state's top students. UTD's entering freshman class has the highest average SAT score (1240) of any public university in Texas, and more than 40 percent of incoming freshmen are in the top 10 percent of their high school class.

As a young university, UTD is not limited by tradition, and its students are not bound by pre-set academic paths or

narrow silos of study. They are free to create a customizable degree plan or choose from many multidisciplinary programs as well as flexible scheduling options.

Many students choose UTD based on its academic excellence (and for its spacious, apartment-style dorms), but they grow to love it because they feel they are an integral part of a growing intellectual and social community.

A unique institution of extraordinary quality and excellence, the University of Texas at Dallas has set new standards for creative innovation in Texas universities and – with the same enthusiasm and energy that has so distinctively marked their past – they are looking forward to a brighter and even more exciting future.

# THE UNIVERSITY OF HOUSTON

---

*The University of Houston Cullen Performance Hall and the Houston skyline.*

**H**ouston and the University of Houston have grown together over the past 78 years into international leaders. Today the University of Houston is the country's most diverse research university with nationally-recognized faculty and programs.

More than 35,000 students attend UH in twelve colleges and the Honors College offering 109 bachelor's, 131 master's, 51 doctoral and three professional degree programs. Students learn from faculty members who hold the Nobel Peace Prize, the Pulitzer Prize, Tony Awards, the National Medal of Science, and numerous national and international awards for their work in the arts, humanities, sciences, engineering, business, law and social work.

Faculty members conduct nearly \$80 million in research in such vital areas as superconductivity, space commercialization, biomedical engineering, economics, biological sciences, education, and petroleum exploration. The university recently broke ground on an \$81 million Science and Engineering Research and Classroom Complex, to provide facilities for the many interdisciplinary

research programs dealing with BioNanoTechnology. The UH Law Center offers Health Law, ranked second in the nation, and Intellectual Property Law, ranked fourth in the nation according to *U.S. News & World Report*.

UH has more than 300 partnerships with government and private industry and is the home of KUHT, the country's first PBS station, and KUHF, Houston's NPR station.

Outstanding academic programs mark every area of study at UH: the UH Creative Writing Program is ranked second in the nation by *U.S. News & World Report* and is one of the most competitive programs in the country and one of only two offering a Ph.D. The Conrad N. Hilton College of Hotel and Restaurant Management is the only school of its kind in Texas and is ranked third nationally.

The College of Liberal Arts and Social Sciences' doctoral psychology program is ranked second in Texas, with the

psychology and the clinical neuropsychology programs among the top 20 in the nation, according to the National Research Council.

Students in the Moores School of Music consistently place first in regional and national competitions and the American Educational Research Association ranked the College of Education among the top schools in the country in research productivity, with special recognition for the pioneering of innovative technologies for teaching and learning.

Six UH students from the UH Gerald D. Hines College of Architecture recently earned multiple awards in the International Competition of Ideas held in Milan and the Cullen College of Engineering's chemical engineering, mechanical engineering, and civil engineering programs are ranked among the top programs in the nation. A new undergraduate program in biomedical engineering, combined with recent strides in nanoengineering, has poised UH to become one of the premier players in bionano research. The college also offers the nation's only graduate degree in Space Architecture.

The University of Houston's Bauer College of Business boasts the top entrepreneurship program in Texas and its accounting department consistently ranks first or second for Texas CPA exam

pass rate. Additionally, the Bauer College is one of five U.S. schools with multiple members in the Academy of Management Hall of Fame and the marketing faculty is ranked in the top five percent worldwide. The MBA program ranks fifth among public universities for producing CEOs of S&P 500 companies according to Bloomberg Markets. According to *U.S. News and World Report*, the undergraduate business program ranks in the top five percent in the nation.

The UH College of Pharmacy has partnered with the U.S. Food and Drug Administration in a cooperative effort unique in the nation, where students will help to develop and exchange scientific resources and educational opportunities.

The 560-acre UH campus abounds with parks, fountains, plazas, sculptures, trees and recreational fields. In 2003 the University opened one of the nation's largest and most advanced Campus Recreation and Wellness Centers. The Athletics Department at UH is truly world-class, with over 73 NCAA championships and 53 Olympians.

In addition to campus programs, the UH Distance Education program provides educational opportunities to students in outlying areas – the University of Houston is the largest university distance education program in Texas.

UH has awarded more than 200,000 degrees, and roughly 80 percent of alumni remain in the Houston metropolitan area. At the University of Houston, students thrive and new knowledge is created to benefit future generations.

# THE UNIVERSITY OF TEXAS AT AUSTIN

---

*Main Building, University of Texas at Austin.*

**F**or more than 120 years, students from all over the world have come to the University of Texas at Austin to receive a first-class education. Students who once walked across campus have founded and led Fortune 1000 companies, received Nobel and Pulitzer Prizes, been presented with Academy Awards, hoisted Heisman Trophies and become Olympic gold medalists.

The University of Texas at Austin is recognized for its accomplishments in research, teaching, and public service. It is the flagship of the 15-campus University of Texas System. The university includes a main campus of more than 410 acres with more than

140 buildings. In addition, the university maintains research centers across the state that place the university's faculty and students at the forefront of study in such areas as nanotechnology, robotics, geophysics, astronomy, marine science, history, literature, and engineering.

The discoveries that happen at the University of Texas impact people all over the world and a groundbreaking initiative called EUREKA (Enhancing Undergraduate Research, Experience, Knowledge and Access) brings cutting edge research opportunities directly to undergraduate students – including freshmen. Students

also experience centuries of history on campus by studying prehistoric fossils at the Texas Memorial Museum, gazing at Renaissance and Baroque paintings in the Blanton Museum (the largest university art museum in the country), thumbing through original manuscripts by Ernest Hemingway and T.S. Eliot at the Ransom Center or reliving the turbulent 1960s with a visit through the Lyndon B. Johnson Library and Museum.

The faculty of UT Austin is composed of 2,734 professors and lecturers supported by approximately 3,125 assistant instructors and teaching assistants. They include the winners of the 2006 and 1967 Pulitzer Prize in History; a recipient of the 1968 Enrico Fermi Award; the 1970, 1991, 1993, and 2000 National Medal of Science recipients; and the winner of the 1979 Nobel Prize in Physics. The university has 1,202 endowed academic positions – 284 chairs, 503 professorships, 21 visiting professorships, 127 lectureships, and 267 fellowships. From the efforts of individual faculty members to the work of 86 organized research units, scholarly inquiry covers a broad range of disciplines – literally

spanning the known universe from the inner workings of atomic nuclei to the far reaches of space.

In addition to teaching and research responsibilities, faculty members maintain regular office hours and many serve as academic advisers to students. Although UT Austin is a large university, most classes are small enough to allow for considerable faculty and student interaction.

The university seeks to maintain a diverse student body united in its pursuit of higher education. In the 2005 fall semester, the university enrolled about 50,000 students from richly varied ethnic and geographic backgrounds. Every day UT graduates make a difference in their communities as volunteers, teachers, journalists, artists, engineers, business leaders and lawyers. With world-renowned faculty, top-rated academic programs, successful alumni and such an enticing location, it's no surprise that the University of Texas at Austin ranks among the best universities in the world.

Luling, TX  
Luling High School  
*Major: Art History*

**Tessa J. Alaniz**  
Los Fresnos, TX  
Los Fresnos High School  
*Major: Biology*

**R. Ian Alexander**  
Lufkin, TX  
Lufkin High School  
*Major 1: American Studies*  
*Major 2: Government*

**Brian J. Allen**  
Pasadena, TX  
Sam Rayburn High School  
*Major: Mgmt. Info Systems*

**Alexis L. Angell**  
Killeen, TX  
R.M. Shoemaker H.S.  
*Major: Marketing*

*Foundation Director Yvonne Rode Moody and Board Chair Rhett Campbell greet Scholars. 2005 UT Orientation.*

**Sarah N. Anthony**  
Lubbock, TX  
Lubbock High School  
*Major: Mechanical Engineering*

**Rakesh Apte**  
Arlington, TX  
Martin High School  
*Major 1: Business Honors*  
*Major 2: Finance*

**Jennifer L. Boyd**  
Austin, TX  
Austin High School  
*Major: Psychology*

**David P. Brewerton**  
Giddings, TX  
Giddings High School  
*Major: Architecture*

**Vermique J. Burton**  
Diboll, TX  
Diboll High School  
*Major: Biochemistry*

**Leslie A. Caballero**  
Liberty, TX  
Liberty High School  
*Major: Public Relations*  
*Minor: Spanish*

**Maresha A. Clark**  
Houston, TX  
Lamar High School  
*Major: Nursing*

**Andrew R. Clinton**  
Rowlett, TX  
Rowlett High School  
*Major 1: Anthropology*  
*Major 2: Government*

**Simmie J. Colson IV**  
Houston, TX  
Booker T. Washington H.S.  
for Engineering Professions  
*Major: Business Administration*

# 2003 UNIVERSITY OF TEXAS AT AUSTIN

**Cassandra V. Cuellar**  
Falfurrias, TX  
Falfurrias High School  
*Major: Government*

**Ashley N. Davenport**  
Giddings, TX  
Giddings High School  
*Major: English*

**Ramiro D. Diaz**  
El Paso, TX  
Parkland High School  
*Major: Computer Engineering*

**J. Kate Douglas**  
Pflugerville, TX  
Pflugerville High School  
*Major: Elementary Education*

**Maurice A. Enderle**  
Cypress, TX  
Cypress Creek H.S.  
*Major: Finance*

**Jessica M. Fertitta**  
Beaumont, TX  
Monsignor Kelly Catholic H.S.  
*Major: Political Communications*

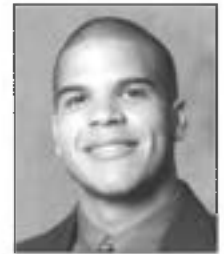

**Hope K. Fluegel**  
Dallas, TX  
Lutheran High School  
*Major: Chemistry*

**Chase B. Frock**  
Taylor, TX  
Taylor High School  
*Major: Finance*

**Heidi M. Gensler**  
Austin, TX  
James Bowie High School  
*Major: Biomedical Engineering*

**Joseph E. Green**  
San Antonio, TX  
East Central High School  
*Major: Communication Studies*

**Stephanie L. Guidry**  
Kopperl, TX  
Kopperl High School  
*Major: Communication Studies*

**Stephen J. Halcomb**  
Austin, TX  
Akins High School  
*Major: Aerospace Engineering*

**Joseph T. Halverson**  
Austin, TX  
Lake Travis High School  
*Major: Mechanical Engineering*

**Laura E. Hamilton**  
Jasper, TX  
Jasper High School  
*Major: Pharmacy*

**Stefanie L. Hartman**  
Crowley, TX  
Crowley High School  
*Major: Business*

**Kristin R. Hooge**  
Pleasanton, TX  
Pleasanton High School  
*Major: Radio/TV/Film*

**Luke D. Icenhower**  
Tomball, TX  
Tomball High School  
*Major: Advertising*

**Lauren C. Jarvis**  
Grand Saline, TX  
Grand Saline High School  
*Major: Electrical Engineering*

**Pegah Javidpour**  
Houston, TX  
Booker T. Washington H.S.  
for Engineering Professions  
*Major 1: Business Honors*  
*Major 2: Mgmt. Info Systems*

**Stephanie N. Johnson**  
Arlington, TX  
Lamar High School  
*Major: Chemical Engineering*

# 2003 UNIVERSITY OF TEXAS AT AUSTIN

**E. Russell Kocian**  
Axtell, TX  
Axtell High School  
*Major: Marketing*

**Olesya V. Korsakoff**  
San Antonio, TX  
Winston Churchill H.S.  
*Major: Spanish Literature*

**Jessica L. Kranyec**  
League City, TX  
Clear Creek High School  
*Major: Biochemistry*

**Anna M. Lara**  
Freeport, TX  
Brazosport High School  
*Major: Marketing*

**Montoya C. Lewis**  
Houston, TX  
Middle College for  
Technology Careers  
*Major: Mgmt. Info Systems*

*Major 2: Finance*

*Irene Kwan, Mary Shattleh, Mariana Guerrero, Niki Major and Monica Ayala.  
2005 UH Orientation.*

# 2003 UNIVERSITY OF TEXAS AT AUSTIN

**Christine O. Nguyen**  
Houston, TX  
Cypress Falls High School  
Major 1: Plan II Honors  
Major 2: Business Honors

**Christopher A. Oliver**  
Junction, TX  
Junction High School  
Major 1: Architecture  
Major 2: Architectural Eng.

Over the holiday break at the end of 2005, the officers from each of the four universities' Terry Scholar student organization gathered at the first annual Terry Officer Retreat. Sharing ideas and visions for the Terry Scholars, the meeting proved to be a changing point for the organizations. Heather Ramer, 2003 Scholar and president of A&M's Terry Foundation Student Organization, observed, "It was awesome to finally get together with Terrys from the other colleges. We have something so special in common, so it was great to brainstorm and work with them to make the Foundation as great as it can be."

**B. Victor Onadiji**  
Sugar Land, TX  
Dulles High School  
Major: Economics

**Erin N. Pawelek**  
Luling, TX  
Luling High School  
Major: Sociology

**Micah H. Perry**  
Brownwood, TX  
Brownwood High School  
Major: Aerospace Engineering

**Alam Quintero**  
Hidalgo, TX  
Hidalgo High School  
Major: Architectural Engineering

**Sadia Rashid**  
Pflugerville, TX  
Pflugerville High School  
Major: Journalism

Dallas, TX  
Highland Park High School  
*Major: Interior Design*

*During spring break of 2006, a group of about 50 Terry Scholars volunteered to aid in Hurricane Katrina relief and traveled to Pass Christian, Mississippi to work with the disaster relief effort. Fulfilling an idea conceived and planned at the December, 2005 Terry Officer Retreat, the Scholars traveled by van to the small community located one hour east of New Orleans. Devastated by the storm, nearly three quarters of the 2,000 homes in Pass Christian had been destroyed.*

*Joining a group of approximately 600 volunteers from all over the country in Pass Christian, the Terry Scholars worked on drywall, roofing, wiring, insulation, gutting, framing and clean-up. Not only were they able to repair the physical needs of the community, but they also brought meaningful moral encouragement offered by the presence of volunteers.*

*Kevin McPherson, 2003 Scholar and athletic director for the Terry Scholar Student Association at the University of Texas at Austin, said, "This trip has impacted my life so much. I saw the destruction on the news like everyone else, but it was very sobering seeing it for myself. I'm glad I was able to come and do something to help."*

# ABOUT THE FOUNDERS

---

## *Howard L. Terry*

Native Texan Howard L. Terry was born in Milam County in 1916. He attended the University of Texas at Austin on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, from which he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Terry went into business for himself in lumber, building, and development, building several residential subdivisions in Texas and other states.

Over the following years, Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings.

Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1981, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development.

Howard and Nancy Terry are both long time residents of Houston, Texas. Mr. Terry enjoys golf and is actively involved in the operations of the Terry Companies and the Terry Foundation. Despite his series of remarkable success in business endeavors in many fields, he often refers to the Terry Foundation as his finest achievement.

## *Nancy M. Terry*

Nancy Terry is a native of New York State, born in Ogdensburg on the St. Lawrence River. She attended the School of Nursing at the University of Rochester, New York, where her hobbies included snow skiing, ice skating, swimming and antique collecting.

She subsequently relocated to Texas and for over thirty years has been married to Howard L. Terry, with whom she founded the Terry Foundation in 1986. Mrs. Terry is active in Foundation events and in the annual interviews in which the new Scholars are selected. Her principal interests now include golf, art, interior design, gardening, politics, her family, her dog, and the Terry Scholars.

# ABOUT THE DIRECTORS

---

***Rhett G. Campbell***  
Foundation Board Chair

Rhett Campbell served on the original Board of Directors of the Terry Foundation and has worked closely with Howard and Nancy Terry in the management and direction of the Foundation since its inception in 1986. He was named Board Chair in 2000.

Rhett is the managing partner of the Houston offices of the Thompson & Knight law firm, where his areas of specialization include civil trial and business bankruptcy. He was a founding member in 1977 of the Houston law firm of Morris & Campbell, where he practiced until 2001. He holds both a B.A. (with high honors) and J.D. (with honors) from Southern Methodist University, where he was honored as a Hatton Sumners Scholar and as a member of Phi Beta Kappa, Order of the Coif, and Order of Barristers.

Rhett is married to Houston native Susie Seybold. They have three children and reside in Houston.

***Edward T. Cotham Jr.***  
President

Ed Cotham serves as President of the Terry Foundation, where he assists Howard Terry in the management of the Foundation endowment portfolio and serves as chief operating officer for the Foundation. In 1993, he was named President of Terry Petroleum Company. Prior to joining Terry Petroleum, Ed practiced law with the Morris & Campbell law firm in Houston.

Ed holds an undergraduate degree in Economics from the University of Houston and a Masters Degree in Economics from the University of Chicago. A native Texan, Ed returned to complete a law degree from the University of Texas at Austin.

Ed is a nationally recognized expert on Civil War history and has authored three books on military history. He and his wife, Candy, have one son and reside in Houston.

# ABOUT THE DIRECTORS

---

*John W. Storms*

John Storms has served on the Foundation Board of Directors since its inception in 1986. John is the Managing General Partner of Storms & Critz, Certified Public Accountants, of Houston. John also serves on the boards of other business entities with operations as varied as banking, oil & gas, and restaurant operations. He is also an active member of the board of Child Advocates, Inc. of Houston and is currently a committee member of National CASA Association, the national oversight organization for over 900 such entities across the United States.

John is a Certified Public Accountant and holds a B.B.A. from the University of Texas and an M.B.A. in taxation from the City University of New York.

John and his wife, Charlene, reside in Houston and are the parents of two grown daughters and five grandchildren.

*R. Carter Overton III*

Carter Overton has served on the Foundation Board of Directors since its inception in 1986. Carter is the President and CEO of Llewellyn Operating Company, LLC, a Houston-based management and investment company engaged in direct investment in US oil and gas exploration and production. He worked previously for Terry Petroleum Company, where he served as Vice President of Operations. Carter also serves as Chairman of the Texas Business Hall of Fame Foundation.

A native Houstonian, Carter received both his BBA and his MBA from the University of Texas.

Carter has two daughters, Josephine and Sophia, and resides in Houston, Texas.

# ABOUT THE DIRECTORS

---

*James D. Davis*

Jim Davis is a Principal and Consulting Actuary for Milliman in Dallas, where he is a retirement actuary and oversees financial management of the southern U.S. regional employee benefits practice.

A native of Quitman, Texas, Jim became a Terry Scholar in 1989. He graduated from the University of Texas in 1993, where he received a Bachelor of Arts Degree in Economics (with highest honors) and was elected to Phi Beta Kappa.

Jim was named to the Foundation Board of Directors in 2000, one of the first Alumni Scholars to be elected to the Board. Jim has three daughters and lives in Dallas, Texas.

*Yvonne Rode Moody*

Yvonne Rode Moody was one of the first Terry Scholars, a member of the original class in 1987. She was named to the Foundation Board in 2000, one of the first Alumni Scholars to be named to the Board.

A native of Fredericksburg, Yvonne received a B.S. in Mechanical Engineering from Texas A&M in 1991. She worked for eight years with Chevron as Construction Project Manager for the Houston Retail Marketing Group.

Yvonne's most recent position is as full-time mom to two daughters, with whom she and her husband, Ted, live in San Antonio.

# ABOUT THE FOUNDATION STAFF

---

***Beth W. Freeman***  
**Director of Scholar Relations**

Beth Freeman has played a key role in the Terry Foundation since the Terrys established the organization in 1986. Beth joined the Terry Operating Companies in 1983 and was named Foundation Administrator in 1986. For many years, Beth has been the primary liaison among the Foundation Board of Trustees, the Terry Scholars, and the participating universities. She was named Director of Scholar Relations in 2002.

Beth coordinates the annual Foundation events and manages communications with the growing body of Scholars and Scholar Alumni. She supervises the annual spring interview process and serves as the Foundation liaison with all universities.

## **Foundation Staff**

The Foundation staff includes Becky Adams, Robert L. Parker, Barbie Tyler, Jamie Thyssen, and Brandy N. Skillern.
