

# THE TERRY FOUNDATION

MANY STARS COME FROM TEXAS

2008 - 2009 ANNUAL

# MESSAGE FROM THE FOUNDER

---

**A**s the Terry Foundation approaches its twenty-third anniversary, a modest beginning in 1986 has evolved into the state's largest private source of scholarship funding for six Texas public universities. After its first seventeen years at the University of Texas at Austin and Texas A&M University, the Foundation expanded in 2004 to include Scholars at the University of Houston and at Texas State University-San Marcos. Later in 2006, the program expanded again to the University of Texas at San Antonio and the University of Texas at Dallas.

This past April, the Foundation selected 139 new 2009 Scholars. This will bring the total number of active Terry Scholars at all six universities to more than 650.

In November of 2008, the Board of Directors approved the formation of the new Terry Foundation Advisory Board, a group of thirty-two outstanding Scholar Alumni who will assist the Board in an advisory role and at Foundation events throughout the year around the state.

The spring of 2009 also brought graduation to 115 Terry Scholars who join a growing body of Scholar Alumni that now numbers over 1,300. Our growing family of graduates are serving their communities in virtually every occupation and field of service imaginable. We greatly appreciate the many letters we get from our alumni around the world.

On behalf of the Board of Directors and the Foundation staff, we would like to thank all the participating university staffs for their invaluable assistance during our annual interview process as well as their continued support throughout the year.

Remember, the harder you work, the luckier you get!

*Howard I. Terry*

Howard I. Terry  
July 18, 2009

**MANY STARS COME FROM TEXAS**

*During the 2008-2009 academic year, six hundred sixty-six outstanding young Texans attended six of the state's finest universities as Terry Scholars. They are pictured on the cover of this publication.*

# HISTORY OF THE FOUNDATION

*“Success is the attainment of the goals you’ve set for yourself in life.”*

*–Howard L. Terry*

**T**he Terry Foundation’s goal is to improve and develop the State of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now the state’s largest private source of scholarships for the University of Texas at Austin, Texas A&M University, the University of Houston, Texas State University-San Marcos, the University of Texas at San Antonio, and the University of Texas at Dallas, with over 650 Terry Scholars enrolled. But its origin was neither large nor legendary – it was as humble and low-profile as the Founders whose name it bears.

The Terry Scholarship Program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A longtime resident of Houston, Howard Terry had been active for many years in banking, construction, real estate and oil and gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give back to the community and, specifically, to help young people to reach their goals in higher education.

In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education. After evaluating ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by placing his name on campus structures: “Mortar and bricks will eventually be torn down,” he reasoned. The Terrys believed, in the longterm, that a university – like the state it represents – is only as good as the educated citizens it

*Howard Terry and 1987 UT Scholar Jina Kim Yun at the 1991 Winedale Picnic. In the early years of the Foundation, all the Scholars at the annual picnic could sit together around just a few tables.*

produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience: he had attended the University of Texas on an athletic scholarship, becoming captain of the football team and graduating in 1938. His family origins in Cameron, Texas were modest and it was only through the generosity of others that his college education had been made possible. Mr. Terry never forgot the helping hand that he had received in attending college and was determined to extend that same help to a new generation of students.

*At one of the earliest picnics, Mr. Terry addressed all the Scholars – without a microphone.*

After seeking counsel from sources that included former UT coach Darrell Royal (an original Foundation Board Member) and Houston attorney Rhet Campbell (Board Member since inception and now Board Chair), the Terrys determined that their most lasting contribution would be through a perpetual endowment that would provide college scholarships for students who had demonstrated the capacity to become outstanding future leaders and who needed financial assistance to achieve their goals in higher education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program.

*The earliest Scholar classes at each university numbered as few as eight.*

The first scholarship recipients, known since then as “Terry Scholars,” were selected at interviews held in the spring of 1987. That original class of seventeen 1987 Scholars was joined in the 1988-1989 academic year by seventeen additional recipients. Over the years, the number of Scholars selected has increased, with the most recent spring 2009 interviews having resulted in the selection of 139 new freshmen Scholars. These recipients will join the upper-class Scholars to number over 650 Terry Scholars enrolled for the 2009-2010 academic year.

During the first seventeen years of the Foundation’s history, Scholars attended only the University of Texas at Austin or Texas

A&M University. In the fall of 2004, the Foundation Scholarship Program expanded for the first time, when Terry Scholars were named at the University of Houston and at Texas State University-San Marcos. Two years later, additional growth provided scholarships in the fall of 2006 at the University of Texas at Dallas and the University of Texas at San Antonio. Strategic future plans call for the program’s ultimate expansion to other public universities in Texas.

Since its inception, the Terry Scholarship Program has assisted over 2,000 Texas college students to achieve their goals in higher education. The Foundation Board oversees a large endowment and now includes four members who are Terry Scholar Alumni. Chartered to exist into perpetuity, the Foundation is designed to continue in the future to add scholarships each year.

Howard and Nancy Terry continue to be active participants in the Scholarship Program that bears their name. It has become larger than they ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state. Despite his extraordinary success in ventures that made the Terry Foundation possible, Howard Terry observes that “the Terry Foundation is the most important thing I’ve done in my life, because it’s enabled me to help more people than I would have ever been able to help otherwise.”

*Howard and Nancy Terry with the Terry Scholars, Directors, staff, Alumni and special guests. 2007 Winedale Picnic.*

# THE TERRY SCHOLARSHIP PROGRAM

## *Criteria*

**T**he Terry Foundation awards scholarships to Texas high school seniors who have been accepted for admission to the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, Texas State University-San Marcos, the University of Texas at San Antonio or the University of Texas at Dallas. To be selected to receive a scholarship, potential Terry Scholars must demonstrate academic excellence, leadership and financial need.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation's selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement and a well-rounded personality marked by a desire to succeed.

Nominations for Terry Scholarship awards are accepted only from the designated offices at the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, Texas State University-San Marcos, the University of Texas at San Antonio or the University of Texas at Dallas. Nominations are not accepted from any other source.

*Austin Hawkins, Karissa Ortmann, Kayla Windham, Julie Holloway, Reagan Hobson and Rachel Zimmerman. 2008 TAMU Orientation.*

*Harrison Pierce and KayLane Williams. 2008 UT-San Antonio Banquet.*

## *The Selection Process*

Each year in April, the Terry Foundation announces the new class of Terry Scholars after an intensive two-step selection process. Early each spring, the universities nominate candidates from the freshman class that will matriculate the next fall. In selecting nominations, the universities adhere to the selection criteria guidelines established by the Terry Foundation.

While the numbers of nominations and subsequent scholarships have grown substantially since the first scholarships were awarded in 1987, the process to win a scholarship has remained highly competitive. In selecting finalists, the selection committees at the affiliated universities are limited to a small fraction of the thousands of applications received.

The Foundation administration invites the finalists to formal interviews conducted each spring concurrently in Austin, Houston and Dallas. Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Alumni Scholars and current Terry Scholars. The interview panels make the final selections and new Scholars are notified prior to May 1st of the interview year.

In April 2009, the eleven interview panels met with 303 finalists for the final selection process. Of those finalists, 139 were selected for Terry Scholarship Awards.

## The Stipend

The Terry Scholarship Award holds the potential to be a four-year stipend. Initially, the scholarship is awarded for a Scholar's first year of college and is renewed annually at the discretion of the Board of Directors. In order to continue as a Terry Scholar, a student must maintain a cumulative GPA of 2.5, meet the requirements for mandatory attendance at specific Terry Foundation events and fulfill other reporting requirements.

The amount of the stipend is based on the cost of attendance at the universities, including tuition, fees, books, on-campus room and board and miscellaneous expenses. The actual specific amount of the stipend will vary for each Scholar, depending on other scholarship awards and the ability of the Scholar's family to contribute to the cost of college. Over the years, the average amount of the stipends has increased each year due to rises in cost of living and tuition.

The Terry Foundation seeks to provide adequate financial support for each Terry Scholar so that students may concentrate on academics and college-related activities, without having to incur debt to finance their education. In addition, the Scholarship Program is designed to eliminate the need for Scholars to work during the college years.

*Alex Rasche, David Forbes, Director of Financial Aid & Scholarships Mariko Gomez, Regents Professor of Geology Dr. Byron Augustin and Bobby Dupont. 2008 Texas State Banquet.*

## Funding

The Terry Scholarship Program is funded by the earnings of a substantial endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The Foundation is chartered to exist into perpetuity and anticipates additional growth based on incremental endowment by the Founders.

## CUMULATIVE TOTAL NUMBER OF TERRY SCHOLARS

# THE UNIVERSITY OF TEXAS AT SAN ANTONIO

---

*Main Building, 1604 Campus, University of Texas at San Antonio.*

**T**he University of Texas at San Antonio is one of the fastest-growing universities in the state and is the second-largest academic institution of the prestigious University of Texas System. Located in the seventh-largest city in the nation and second-largest city in Texas, the university has become the regional center for higher education, reflected in a 60 percent growth in enrollment over the last ten years.

Created by an act of the Texas Legislature in 1969, UTSA enrolled its first students in 1973. In its short history, the university has grown to an enrollment of more than 28,400 students and three campuses – the Main Campus in Northwest San Antonio with more than 30 buildings on two tracks totaling 725 acres; the Downtown Campus with four buildings on 18 acres and the HemisFair Park Campus, home of the Institute of Texan Cultures, a museum with 65,000 square feet of exhibit space.

UTSA serves more students than any other higher education institution in South Texas, offering 64 undergraduate, 47 master's and 21 doctoral programs in eight colleges: College of Architecture, College of Business, College of Education and

Human Development, College of Engineering, College of Liberal and Fine Arts, College of Public Policy, College of Sciences and Honors College. Master's and doctoral degree programs are coordinated through the Graduate School and 12 percent of the student body is enrolled in graduate programs.

As the region's largest generator of engineers, artists, business professionals, teachers, scientists and technology managers, UTSA has produced more than 76,000 alumni since awarding its first degrees in August 1974.

The university's campuses provide access and opportunity for large numbers of historically underserved students. More than 57 percent of UTSA's students come from groups underrepresented in higher education and many are the first in their families to attend a college or university.

Outside of the classroom, students may choose from more than 240 student organizations. UTSA's Recreation Center boasts the tallest college climbing wall in Texas, and expansions of on-campus housing, the University Center and the Recreation and Wellness Center have recently been completed.

In December 2008, The University of Texas Board of Regents granted the university permission to expand athletics with the addition of an NCAA Division I football program. In March 2009, the university hired Larry Coker, who led the University of Miami to a national championship in 2001, as the Roadrunners founding head football coach. Coker and three assistant coaches have begun scouting and recruiting for UTSA's first football team, expected to take the field in 2011.

Today, as an emerging research university, UTSA continues to remain committed to its original mission of providing affordable, accessible higher education to the people of Texas and beyond. Balancing excellence with access is an imperative that has been embraced by the university community as both a goal and a responsibility.

The university's growth in student population has been matched by outstanding additions to faculty and to the number of endowed chairs and professorships. In the 2008-2009 academic year the university had 590 tenured and tenure-track faculty positions and over 680 non-tenure track faculty. The university has 36 endowed positions, including 14 distinguished chairs that are endowed at \$1 million each.

UTSA is making great strides in the research arena. Research and sponsored program funds totaled more than \$51 million in 2008. The university will complete construction on an \$83.5 million engineering building in fall 2009 and has created several important research centers, such as the Institute for Cyber Security and the Center for Infrastructure Assurance and Security, entities that are gaining national prominence.

UTSA research is as diverse as its student body. Awards from federal, state and local agencies, as well as private foundations, support a wide range of basic and applied research projects, public service work and training programs.

Some of the funded projects include an exclusive license and sponsored research agreement with Merck & Co. Inc. to co-develop a vaccine for Chlamydia with The University of Texas Health Science Center at San Antonio; research into Alzheimer's disease, Parkinson's disease, Lyme disease and malaria; vehicle armor for military equipment; and nanoparticle research.

Funding from NASA, the National Institutes of Health and the National Science Foundation and collaboration with the University of Texas Health Science Center at San Antonio, Southwest Research Institute, the U.S. military and commercial partners support research projects in biology, chemistry, earth and environmental sciences, physics and astronomy, engineering, computer sciences, mathematics and statistics, and the behavioral sciences.

The University of Texas at San Antonio is committed to building The Next Great Texas University, providing access to educational excellence and preparing citizen leaders for the global environment.

# THE UNIVERSITY OF HOUSTON

---

*The University of Houston Cullen Performance Hall and the Houston skyline.*

**O**n a quest to achieve Tier One national status, the University of Houston – the nation’s most ethnically diverse research university – has been an integral part of the Houston community for more than 80 years.

More than 36,000 students attend UH’s 12 academic colleges and the multidisciplinary Honors College. The university offers 109 undergraduate majors and minors, and several pre-professional programs leading to careers in medicine, law, pharmacy and more. UH also offers comprehensive programs leading to teacher certification and a five-year, dual-degree program.

Students learn from faculty members who hold the Nobel Peace Prize, the Pulitzer Prize, Tony Awards, the National Medal of Science, and numerous national and international awards for their work in the arts, humanities, sciences, engineering, business, law and social work.

Faculty members conduct more than \$86 million in research in such vital areas as superconductivity, space commercialization, biomedical engineering, economics, biological sciences, education and petroleum exploration. Faculty members and students conduct world-class research through 40 research centers and in

every academic department. The recently completed \$81 million Science and Engineering Research Center and Classroom Complex provides facilities for the many interdisciplinary biomedical research programs. Two of the university’s most recent research initiatives include The Wind Alliance, for which UH serves as general manager and which has received funding from the state of Texas and the federal government to build a wind research and development facility in south Texas, and the College of Optometry’s Sports Vision Performance Center, which offers specialized eye examinations and therapies for athletes.

The Law Center has been cited as one of the “best values” in legal education today. The Law Center is the leading law school in nation’s fifth-largest legal market, and its curriculum is among the broadest offered in the Southwest.

Outstanding academic programs mark every area of study at UH: The Graduate Program in Creative Writing in the department of English is one of the leading cultural institutions in Texas and the Southwest. The program offers poets, fiction writers and non-fiction writers intensive training in both creative writing and literary studies. The Conrad N. Hilton College of Hotel and Restaurant Management is the only program of its kind in Texas.

---

The Hilton College is consistently rated in the top five hospitality programs in the world.

The College of Liberal Arts and Sciences educates tomorrow's creative artists and performers, economists, historians, journalists, linguists, literary critics, political scientists, psychologists and philosophers. CIASS provides all UH graduates with communication and research skills, cultural awareness and the capacity for sound ethical and aesthetic judgments.

Students in the Moores School of Music consistently place first in regional and national competitions and the American Educational Research Association ranked the College of Education among the top schools in the country in research productivity, with special recognition for the pioneering of innovative technologies for teaching and learning.

Students in the Gerald D. Hines College of Architecture routinely win national and international competitions and the Cullen College of Engineering's chemical engineering, mechanical engineering, and civil engineering programs are ranked among the top programs in the nation.

Nearly 2,000 companies recruit Bauer College of Business students each year. Bauer has the No. 1 Evening MBA Program in Houston, while the Wolff Center for Entrepreneurship ranks as the nation's best, according to *The Princeton Review* and *Entrepreneur* magazine.

The College of Pharmacy has partnered with the U.S. Food and Drug Administration in a cooperative effort unique in the nation, where students will help to develop and exchange scientific resources and educational opportunities. Pharmacy is among several UH colleges and programs listed among the top 10 awarding first professional degrees to Hispanics. Others include: Optometry, Architecture, Business and Marketing, Communications, Psychology and Multi-Interdisciplinary Studies.

The university's 560-acre campus abounds with parks, fountains, plazas, sculptures, trees and recreational fields. A newly adopted master plan will add more residence halls and other amenities to transform the campus from a commuter to a residential one. Cougar Lofts, the university's newest residential facility, offers loft-style living with an urban feel that provides the convenience of being on campus with the style of city living at its best. UH's Welcome Center, where students can find a multitude of services ranging from admissions to financial aid, was completed this past year. These projects are in addition to the Campus Wellness and Recreation Center, one of the nation's largest and most advanced facilities of its kind, which opened five years ago. The Athletics Department at UH is truly world-class, with more than 73 NCAA championships and 53 Olympians.

Complementing the campus offerings is the UH Distance Education program that provides educational opportunities to students in outlying areas. The University of Houston is the largest university distance education program in Texas.

UH has awarded more than 255,000 degrees and approximately 80 percent of alumni remain in the Houston metropolitan area. At the University of Houston, students are prepared to compete in the global marketplace and new knowledge is created to benefit future generations.

# THE UNIVERSITY OF TEXAS AT AUSTIN

---

*Main Building, University of Texas at Austin.*

**F**or more than 125 years, students from all over the world have come to the University of Texas at Austin to receive a first-class education. Students who once walked across campus have founded and led Fortune 1000 companies, received Nobel and Pulitzer Prizes, been presented with Academy Awards, hoisted Heisman Trophies and become Olympic gold medalists.

The University of Texas at Austin is recognized for its accomplishments in research, teaching, and public service. It is the flagship of the 15-campus University of Texas System and its main campus houses more than 140 buildings on more than 410 acres. The university

maintains research centers across the state that place its faculty and students at the forefront of study in such areas as nanotechnology, robotics, geophysics, astronomy, marine science, history, literature, and engineering.

The discoveries that happen at the University of Texas impact people all over the world and a groundbreaking initiative called EUREKA (Enhancing Undergraduate Research, Experience, Knowledge and Access) brings cutting-edge research opportunities directly to undergraduate students – including freshmen. Students experience centuries of history on campus by studying

prehistoric fossils at the Texas Memorial Museum, gazing at Renaissance and Baroque paintings in the Blanton Museum (the largest university art museum in the country), thumbing through original manuscripts by Ernest Hemingway and T.S. Eliot at the Ransom Center or reliving the turbulent 1960s with a visit through the Lyndon B. Johnson Library and Museum.

The faculty of UT Austin is composed of 3,023 professors and lecturers supported by approximately 3,296 assistant instructors and teaching assistants. They include winners of the 1967 and 2006 Pulitzer Prize in History; 2002 and 2008 Wolf Prize recipients; the 1991 and 2000 National Medal of Science recipients; two recipients of the 2007 National Medal of Technology and Innovation; a recipient of the 2007 A.M. Turing Award; the 2008 and 2009 Howard Hughes Medical Institute (HHMI) investigators; and the winner of the 1979 Nobel Prize in Physics. The university has 1,221 endowed academic positions – 303 chairs, 506 professorships, 20 visiting professorships, 126 lectureships, and 266 fellowships. From the efforts of individual faculty members to the work of 97 organized research units, scholarly inquiry covers a broad range of

disciplines – literally spanning the known universe from the inner workings of atomic nuclei to the far reaches of space.

In addition to teaching and research responsibilities, faculty members maintain regular office hours and many serve as academic advisers to students. Although UT Austin is a large university, most classes are small enough to allow for considerable faculty and student interaction.

The university seeks to maintain a diverse student body united in its pursuit of higher education. In the 2008 fall semester, the university enrolled nearly 50,000 students from richly varied ethnic and geographic backgrounds. Every day UT graduates make a difference in their communities as volunteers, teachers, journalists, artists, engineers, scientists, business leaders and lawyers. With world-renowned faculty, top-rated academic programs, successful alumni and such an enticing location, it's no surprise that the University of Texas at Austin ranks among the best universities in the world.

# THE YEAR IN REVIEW

## *Campus Orientations*

Terry Scholars at each of the six universities gathered on campus in Houston, Austin, College Station, San Marcos, San Antonio, and Dallas for the Foundation's annual orientation programs. These events were held in late summer, just prior to the start of the fall 2008 semester.

For new freshmen Scholars, the orientation is designed to focus special emphasis on the challenges faced by first-year college students. The day's events included presentations on the Foundation Scholarship Program by Board Chair Rhett Campbell and President Ed Cotham. The Scholars also met

with members of college administration and with invited guest speakers in the fields of time management and study skills.

In addition, the freshmen Scholars met with representatives of the on-campus Terry Scholar organizations to discuss upcoming campus events, including service and social activities with their fellow Scholars.

At the conclusion of the orientation programs, the new Scholars enjoyed an informal dinner and networking with the upper-class Scholars, who offered mentoring to the new freshmen and tips for a successful first year at college.

## *The Fall Banquets*

During October of 2008, Scholars at each of the six universities were hosted by the Foundation at the annual fall dinners. Foundation Board Members and staff joined the Scholars and university guests in elegant settings for the banquets, held on the campuses in Dallas, San Marcos, Austin, Houston, College Station, and San Antonio.

Scholars enjoyed dinner and networking with the Foundation Directors, Scholar Alumni, fellow Scholars, and representatives of the university administration on each campus.

The dinner programs included remarks from Board Chair Rhet Campbell, from the student leaders of the Terry Student Organizations on each campus, and from a guest speaker who had been selected and invited by the Scholars.

## 2009 Interviews

April of 2009 brought the highlight of the Foundation year, when eleven interview panels selected 139 new 2009 Scholars. The finalists came from every area of Texas to interviews held concurrently in Austin, Houston, and Dallas.

Members of the Board of Directors were assisted by 57 Scholar Alumni and current Scholars who served on the selection panels. Over the course of the five days of interviews, the eleven panels interviewed a total of 303 finalists nominated by the six universities.

The Foundation Board of Directors extends special thanks to those Scholars and Alumni Scholars who assisted on the selection panels, with particular appreciation to Scholar Alumni Chad Pinson (UT-Austin 1992), Brian Carroll (UT-Austin 1994), and Ray Kerlick (UT-Austin 1987), who, along with members of the Board of Directors, served as panel chairs.

*Foundation Board Member and Panel Chair Yvonne Rode Moody, Alumni Ryan Asunto (TAMU 1994) and Stephen Delgado (UT-Austin 1998), with (standing) Scholars Angel Szymura (Texas State 2005) and Camille Brady (Texas State 2005) and Alumna Kerry Keiser Ugarte (UT-Austin 1988). 2009 Austin Interviews.*

*Foundation VP-Administration Robert Parker with invitations ready to be mailed to 303 scholarship candidates. 2009 Interviews.*

*Alumna Sara Lloyd (TAMU 1994), Foundation Board Member and Panel Chair Carter Overton, with (standing) Scholar Franco Martinez (UH 2005), Alumnus Bob Gabriel (UT-Austin 1994), Alumna Meredith Blaschke Reyes (UT-Austin 1997) and Scholar Krystal Schulle (UH 2005). 2009 Houston Interviews.*

# THE YEAR IN REVIEW

## *The Winedale Picnic*

The Foundation annual picnic is held the last Sunday in April on the grounds of the Winedale Historical Center near Round Top, Texas. All of the Scholars from each of the participating universities meet together for the only time each year for an informal gathering that honors the graduating senior Scholars.

In April of 2009, over 600 current Scholars were joined by the Foundation Board Members and staff, Alumni Scholars and their families, and special guests from the universities. Catered lunch was followed by the presentation of gifts to the graduating senior Scholars. Following tradition, each Scholar took the microphone to speak briefly of their future plans and then, as a group, honored Howard and Nancy Terry with gifts from each school's class of senior Scholars.

*Christian De la Cruz, Camille Brady, Sarah Williams, Erin Pivek and Jessica Swenson. 2009 Winedale Picnic.*

*Yusra Siddiqui presents the gift for Howard and Nancy Terry from the UH Scholars. 2009 Winedale Picnic.*

*Alba Lala and Justin Kellough display the gift for Howard and Nancy Terry from the UT-Austin Scholars. 2009 Winedale Picnic.*

*Scholar representatives from all six universities present to Howard L. Terry and Board Member Jeff Stiehler the proceeds of funds raised during the year from service projects. In 2009, the funds were designated for contribution toward the medical bills of a Terry Scholar Alumni. 2009 Winedale Picnic.*

# THE UNIVERSITY OF TEXAS AT DALLAS

---

*Administration Building, University of Texas at Dallas.*

**A**s one of the most agile and rapidly growing universities in the world, The University of Texas at Dallas (UT Dallas) attracts an extraordinary combination of student and faculty resources to the vibrant, dynamic and globally connected Dallas–Fort Worth area. Ranked by Kiplinger’s as one of the top 100 best values in public universities, UT Dallas’ relatively brief history has been committed to the pursuit of excellence and the steadfast determination to maintain the highest standards of quality.

Students seeking the close-knit community of a small university and the reputation and resources of a big one find the perfect balance at UT Dallas. With an enrollment of nearly 15,000, UT Dallas offers all the benefits of a small campus: excellent student/faculty ratios and a diverse yet intimate community where every student has a voice. However, UT Dallas is also backed by

the powerful UT System and strategically aligned with other institutions to offer advanced research and other exciting opportunities traditionally found at larger universities.

UT Dallas’ research in a variety of fields, especially in engineering and the biomedical sciences, has gained national attention. Much of this research is conducted at UT Dallas’ specialized research centers. Scientists at the Center for BrainHealth conduct cutting-edge research on brain-related diseases and injuries. The Cybersecurity and Emergency Preparedness Institute works to address issues of homeland security, emergency and disaster response and cybercrime. The Callier Center for Communication Disorders provides state-of-the-art diagnostics and treatment for hearing, speech and language disorders and its graduate program in audiology is ranked fourth in the nation by *U.S. News & World*

---

*Report.* The Alan G. MacDiarmid NanoTech Institute is at the forefront of understanding and exploiting the nanoscale with such discoveries as hydrogen-powered artificial muscles that are one hundred times stronger than human muscles.

Excellence in research is only logical for UT Dallas, which originated as a science and engineering research facility before it became a university in 1969. These research roots have fostered a culture that values innovation and advancement, embraces change and encourages multidisciplinary study. A prime example of this legacy is the university's Natural Science and Engineering Research Laboratory, designed to be one of the most revolutionary research facilities in the nation. The four-story, 192,000-square-foot laboratory supports interdisciplinary collaborations among researchers in fields as diverse as chemistry, biology, physics, electrical engineering and materials science.

Beyond the laboratory, the executive MBA program at UT Dallas' School of Management is ranked #1 in Texas by the *Financial Times* and *U.S. News & World Report* ranks the full-time MBA program as one of the top 50 in the United States. The School of Arts and Humanities' Arts and Technology program merges fine arts and computer science. These excellent and wide-ranging academic programs have attracted outstanding faculty, including a

Nobel laureate and members of the National Academy of Sciences and the National Academy of Engineering, and are a magnet for the state's top students. UT Dallas' entering freshman class has one of the highest average SAT scores of any public university in Texas.

Celebrating its 40th anniversary this year, UT Dallas is not limited by tradition, and its students are not bound by pre-set academic paths or narrow silos of study. They are free to create a customizable degree plan or choose from many multidisciplinary programs as well as flexible scheduling options. Many students choose UT Dallas based on its academic excellence and grow to love the way they become an integral part of a growing intellectual and social community.

Spacious apartment-style dorms are located conveniently on campus and in fall 2009 a new 148,000-square-foot residence hall will be available for occupancy. The residence hall will house Living Learning Communities, garden courtyards, large communal spaces and a variety of leisure, sports and recreational areas.

A unique institution of extraordinary quality and excellence, The University of Texas at Dallas has set new standards for creative innovation in Texas universities and, with the same enthusiasm and energy that so distinctively marked its past, the University faces a brighter and even more exciting future.

# TEXAS STATE UNIVERSITY-SAN MARCOS

---

*Located at the heart of campus, “Old Main” has long been the symbol of Texas State University-San Marcos.*

**T**exas State University-San Marcos is a doctoral granting university located in the burgeoning Austin–San Antonio corridor, the largest campus in the Texas State University System, and one of the largest in the state.

Texas State’s 29,125 students choose from nearly 200 undergraduate, master’s and Ph.D. degree programs offered by seven colleges – Applied Arts, the McCoy College of Business Administration, Education, Fine Arts and Communication, Health Professions, Liberal Arts and Science.

Authorized by the Texas Legislature in 1899, Southwest Texas State Normal School opened its doors in 1903. Over the years the Legislature broadened the institution’s scope and changed its name, in succession, to Normal College, Teachers College,

College, University, and in 2003 to Texas State University-San Marcos. Each name reflects the university’s growth from a small teacher preparation institution to a major, multipurpose university. Texas State’s original mission was to prepare Texas public school teachers, especially those of south central Texas. It became renowned for carrying out this mission, but today it does far more.

As the university’s student population has grown – from 303 in 1903 to more than 29,000 in 2007 – the campus, too, has expanded. The original 11-acre main campus has grown to 429 acres, plus an additional 4,200 off-site acres in ranching, farming and a recreational camp. Major acquisitions include the 79-acre San Marcos Baptist Academy campus in 1978, 90-acre Aquarena Springs Resort in 1994, 125-acre University Camp on the Blanco River in 1951, and 3,485-acre Freeman Ranch in 1985.

Located on the edge of the Texas Hill Country where blackland prairies turn into beautiful hills, Texas State enjoys a setting that is unique among Texas universities. The beauty of the crystal-clear San Marcos River and the stately cypress and pecan trees on the campus add to the charm of its

picturesque setting. The campus is in San Marcos, a community about halfway between Austin and San Antonio. Its location on the banks of the San Marcos River provides recreational and leisure activities for students throughout the year.

Texas State is nationally recognized for excellence in many academic disciplines. The Geography Department has been ranked the largest and one of the best programs in the nation for many years by the American Association of Geographers. Faculty members in geography, communication studies, business, mathematics and mass communication have been recognized as the best in the nation in their fields. Seventeen faculty members have been honored as Piper Professors, an annual recognition of the top college faculty in the state.

Student teams in debate, advertising and free enterprise routinely place high in national competitions. The Students in Free Enterprise (SIFE) team won the international competition in 2000

against 700 teams from 15 countries and has placed among the top 20 for eight straight years. The American Advertising Federation student team claimed its second national title win in 2005.

Texas State students in jazz, marching and concert band, symphony, choirs, instrumental ensembles, mariachis and steel drum band maintain schedules of performances across the state and the world. The jazz program has been featured for years at the Mentreux (Switzerland) Jazz Festival. The sound recording technology program, housed at Texas State's unique Fire Station Studio, is the only degree program of its kind in the Southwest.

With a diverse campus community including more than 26 percent of the student body from ethnic minorities, Texas State is one of the top 20 producers of Hispanic baccalaureate graduates in the nation. Texas State is also the lead institution of a multi-institution teaching center offering several programs in the greater north Austin area. There are 1,586 students enrolled at the Round Rock Higher Education Center.

The university has granted well over 100,000 degrees over the years. Alumni include Lyndon B. Johnson, Class of 1930, making Texas State the only Texas institution – and one of only 29 colleges nationwide – to have graduated an American president. Texas State alumni have become leaders in business, education, entertainment, media, literature, the military, law enforcement, government, agriculture, technology, science, sports, law and health care.

# TEXAS A&M UNIVERSITY

---

*Texas A&M University Academic Building.*

**T**exas A&M University, the state's first public institution of higher learning, is located in College Station, in the center of the Houston–Dallas/Fort Worth–Austin/San Antonio triangle and within 200 miles of 19 million of the state's 23 million citizens.

Texas A&M's 5,200-acre campus, one of the nation's largest, is home to the George Bush Presidential Library and Museum. The university also operates a maritime branch campus in Galveston and an engineering branch campus in the Persian Gulf state of Qatar (fully funded by Qatar Foundation for Education, Science and Community Development), as well as centers in Castiglion Fiorentino, Italy, Costa Rica and Mexico City.

Through its 10 colleges, Texas A&M offers more than 120 undergraduate degrees, more than 240 master's and doctoral degrees, and one professional degree, the Doctor of Veterinary Medicine.

With an enrollment of more than 48,000, the student body is one of the nation's largest, although the student-to-faculty ratio is less than 20:1. Average SAT scores are considerably higher than the national average – 1210 for freshmen entering in fall 2009 – and the university consistently ranks among the nation's leaders in enrolling National Merit Scholars. Texas A&M enrolls more than 3,700 international students from 120 countries and sends more than 1,200 students on Study Abroad programs each year.

Texas A&M historically has led the state in student retention and graduation rates overall, as well as for African-American and Hispanic students. In recent years, more than one in four entering freshmen have been first-generation college students. To help reach these students, Texas A&M operates eight Prospective Student Centers across the state.

---

Leadership development outside the classroom is an important part of the Texas A&M experience. More than 75 percent of students belong to at least one of the university's more than 800 student-run clubs and organizations. Fish Camp is the largest student-run freshmen orientation camp in the nation, with more than 70 percent of incoming freshmen voluntarily attending every year.

Although military training has not been mandatory since 1963, some 1,800 young men and women still choose to participate in the university's Corps of Cadets. The Corps continues to commission more military officers than any institution in the nation except the service academies.

Texas A&M holds land-, sea- and space-grant status and has annual research expenditures of nearly \$582 million. A multi-million-dollar program to add nearly 450 new faculty over a five-year period – thought to be unprecedented in all of American higher education – has been completed.

The 2,800-plus faculty includes recipients of the Nobel Prize, National Medal of Science, Pulitzer Prize, World Food Prize, Welch Foundation Prize, MacArthur Foundation “genius grant” and Wolf Prize, with 26 holding membership in the prestigious National Academy of Sciences or National Academy of Engineering. Texas A&M is a member of the prestigious American Association of Universities and is home to one of the nation's largest chapters of Phi Beta Kappa, the oldest and most respected undergraduate honor society in the nation.

*Texas A&M University boasts a 5,200-acre campus.*

More than \$800 million in campus construction is underway or in the planning stage, including a \$95 million Interdisciplinary Life Sciences Building, two buildings for physics, the Texas Institute for Genomic Medicine, the Texas Institute for Preclinical Studies and an Engineering Technology & Economic Development building.

The Texas A&M Foundation manages one of the largest university endowments in the nation. In addition, Texas A&M ranks among the nation's leaders in alumni support, with the Association of Former Students and its network of about 330 chartered alumni clubs worldwide giving more than \$3 million annually to student scholarships and financial aid, faculty enrichment and other campus-based programs.

# ABOUT THE FOUNDERS

---

## *Howard L. Terry*

Native Texan Howard L. Terry was born in Milam County in 1916. He attended the University of Texas at Austin on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, from which he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Mr. Terry went into business for himself in lumber, building, and development, building several residential subdivisions in Texas and other states.

Over the following years, Mr. Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings. Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1981, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development.

Howard and Nancy Terry are both longtime residents of Houston, Texas. Mr. Terry enjoys golf and is actively involved in the operations of the Terry Companies and the Terry Foundation. Despite his series of remarkable successes in business endeavors in many fields, he often refers to the Terry Foundation as his finest achievement.

## *Nancy M. Terry*

Nancy Terry is a native of New York State, born in Ogdensburg on the St. Lawrence River. She attended the School of Nursing at the University of Rochester, New York, where her hobbies included snow skiing, ice skating, swimming and antique collecting.

She subsequently relocated to Texas and for over forty years has been married to Howard L. Terry, with whom she founded the Terry Foundation in 1986. Mrs. Terry is active in Foundation events and in the annual interviews in which the new Scholars are selected. Her principal interests now include golf, art, interior design, gardening, politics, her family, her dog, and the Terry Scholars.

# ABOUT THE DIRECTORS AND STAFF

---

*The Foundation Board of Directors includes (seated) Rhett G. Campbell, Howard and Nancy Terry, Edward T. Cotham Jr. and (standing) Gayle Stinson, James D. Davis, R. Carter Overton III, Jeffrey C. Stichler, John W. Storms and Yvonne Rode Moody.*

## **Rhett G. Campbell, Foundation Board Chair**

Rhett Campbell served on the original Board of Directors of the Terry Foundation and has worked closely with Howard and Nancy Terry in the management and direction of the Foundation since its inception in 1986. He was named Board Chair in 2000.

Rhett is chair of the bankruptcy section of the Thompson & Knight law firm, where his areas of specialization include civil trial and business bankruptcy. He was a founding member in 1977 of the Houston law firm of Morris & Campbell, where he practiced until 2001. He holds both a B.A. (with high honors) and J.D. (with honors) from Southern Methodist University, where he was honored as a Hatton Sumners Scholar and as a member of Phi Beta Kappa, Order of the Coif, and Order of Barristers.

Rhett is married to Houston native Susie Seybold. They have three children and reside in Houston.

## **Edward T. Cotham Jr., President**

Ed Cotham serves as President of the Terry Foundation, where he assists Howard Terry in the management of the Foundation endowment portfolio and serves as chief operating officer of the Foundation. In 1993, he was named President of Terry Petroleum Company. Prior to joining Terry Petroleum, Ed practiced law with the Morris & Campbell law firm in Houston.

Ed holds an undergraduate degree in Economics from the University of Houston and a Masters Degree in Economics from the University of Chicago. A native Texan, Ed returned to complete a law degree from the University of Texas at Austin.

Ed is a nationally recognized expert on Civil War history and has authored three books on military history. He and his wife, Candy, have one son and reside in Houston.

## **John W. Storms**

John Storms has served on the Foundation Board of Directors since its inception in 1986. John is the Managing General Partner of Storms & Critz, Certified Public Accountants, of Houston. John also serves on the boards of other business entities. He is also an active member of the board of Child Advocates, Inc. of Houston and is currently an advisory board member of National CASA Association, the national oversight organization for over 900 such entities across the United States.

John is a Certified Public Accountant and holds a B.B.A. from the University of Texas at Austin and an M.B.A. in taxation from the City University of New York.

John and his wife, Charlene, reside in Houston and have two daughters and five grandchildren.

### **R. Carter Overton III**

Carter Overton has served on the Foundation Board of Directors since its inception in 1986. Carter is the President of Red Arrow Energy LLC, a Houston-based management and investment company engaged in direct investment in U.S. oil and gas exploration and production. He worked previously for Terry Petroleum Company, where he served as Vice President of Operations. Carter is a past Chairman of the Texas Business Hall of Fame Foundation and is actively involved in his community and the River Oaks Baptist Church.

A native Houstonian, Carter received both his B.B.A and his M.B.A from the University of Texas at Austin.

Carter has two daughters, Josephine and Sophia, and resides in Houston, Texas.

### **Yvonne Rode Moody**

Yvonne Rode Moody was one of the first Terry Scholars, a member of the original class in 1987. She was named to the Foundation Board in 2000, one of the first Alumni Scholars to be named to the Board.

A native of Fredericksburg, Yvonne received a B.S. in Mechanical Engineering from Texas A&M in 1991. She worked for eight years with Chevron as Construction Project Manager for the Houston Retail Marketing Group. Yvonne and her husband, Ted, live in San Antonio, where she now works full-time as mom to their two daughters, in occasional substitute teaching, and in many volunteer activities.

### **James D. Davis**

Jim Davis is a Managing Principal for the Southern U.S. Employee Benefits Practice of Milliman, covering thirteen U.S. states. He is also an actuary and retirement consultant.

A native of Quitman, Texas, Jim became a Terry Scholar in 1989. He graduated from the University of Texas at Austin in 1993, where he received a B.A. in Economics (with highest honors). Jim also holds a Masters Degree from Southern Methodist University.

Jim was named to the Foundation Board of Directors in 2000, one of the first Alumni Scholars to be elected to the Board. Jim lives with his three daughters in Sunnyvale, Texas, a suburb of Dallas.

### **Jeffrey C. Stichler**

Jeff Stichler is an Assistant Principal in the Conroe ISD. He was named to the Foundation Board in 2006, one of two new Scholar Alumni members named to the Board that year.

A native of Fort Stockton, Texas, Jeff was named a Terry Scholar at Texas A&M in 1990, where he graduated in 1995 with a B.S. in Kinesiology and a minor in History. He holds a Masters of Education degree from Sam Houston State University. Prior to his position in administration, Jeff taught advanced mathematics and coached for 11 years, seven years of which were at Conroe's Caney Creek High School, where he was named Teacher of the Year and District Swim Coach of the Year.

Jeff lives in Conroe with his wife, Melanie, and their two children.

### **Gayle Stinson**

Gayle Stinson was named to the Foundation Board in 2006, one of two new Scholar Alumni members named to the Board that year.

Gayle is Superintendent of Schools for the Lake Dallas ISD in north Texas. She served for six years in administration for the Texarkana School District, where her outstanding tenure as principal of Texas High School resulted in her selection as Principal of the Year by the Texas Association of Secondary School Principals.

A native of Redwater, Gayle was one of the first Terry Scholars at the University of Texas at Austin, a member of the original class of 1987. She completed her B.S. in 1991 and subsequently earned an M.S. in Education from Texas A&M at Texarkana.

Gayle and her husband, Trent, reside in the north Texas area and are the parents of two daughters.

## **FOUNDATION STAFF**

The Foundation staff includes (seated) Robert L. Parker (Vice President-Administration), Beth Freeman (Director of Scholar Relations) and (standing) Laura L. Sanders, Brandy N. Skillern, Becky Adams, and Jamie S. Thyssen.

# ABOUT THE ADVISORY BOARD

---

## *Foundation Advisory Board*

In November of 2008, the Board of Directors approved the formation of the new Terry Foundation Advisory Board. Recognized by the Board for their professional achievements and commitment to the Foundation, a group of thirty-two outstanding Scholar Alumni were selected who will assist the Board in an advisory role and at Foundation events throughout the year around the state.
