Howard & Nancy Terry with Terry Scholars at the 2006 Winedale Picnic.

“Success is the attainment of the goals you’ve set for yourself in life.” –Howard L. Terry

The Terry Foundation’s goal is to improve and develop the State of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now the state’s largest private source of scholarships for the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, Texas State University, the University of Texas at San Antonio, the University of Texas at Dallas, the University of North Texas, Texas Tech University, Texas Woman’s University, Texas A&M University at Galveston, Sam Houston State University, the University of Texas at El Paso, and the University of Texas at Arlington with over 1,600 Terry Scholars enrolled. But its origin was neither large nor legendary – it was as humble and low-profile as the Founders whose name it bears.

The Terry Scholarship Program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A longtime resident of Houston, Howard Terry had been active for many years in banking, construction, real estate and oil and gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give

back to the community and, specifically, to help young people to reach their goals in higher education. In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education.

After evaluating ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by placing his name on campus structures: “Mortar and bricks will eventually be torn down,” he reasoned. The Terrys believed, in the long term, that a university – like the state it represents – is only as good as the educated citizens it produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience – he had attended the University of Texas on an athletic scholarship, becoming captain of the football team and graduating in 1938. His family origins in Cameron, Texas were modest and it was only through the generosity of others that his college education had been made possible. Mr. Terry never forgot the helping hand that he had received in attending college and was determined to extend that same help to a new generation of students.

After seeking counsel from sources that included former UT-Austin coach Darrell Royal (an original Foundation Board Member) and Houston attorney Rhett Campbell (Board Member since inception and now Board Chair), the Terrys determined that their most lasting contribution would be through a perpetual

endowment that would provide college scholarships for students who had demonstrated the capacity to become outstanding future leaders and who needed financial assistance to achieve their goals in higher education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program. The first scholarship recipients, known since then as “Terry Scholars,” were selected at interviews held in the summer of 1987. That original class of seventeen 1987 Scholars was joined in the 1988-1989 academic year by seventeen additional recipients. Over the years, the number of Scholars selected has increased, with the most recent spring 2016 interviews having resulted in the selection of 308 new freshmen Scholars.

During the first seventeen years of the Foundation’s history, Scholars attended only the University of Texas at Austin or Texas A&M University. In the fall of 2004, the Foundation Scholarship Program expanded for the first time, when Terry Scholars were named at the University of Houston and at Texas State University. Continued growth provided scholarships over subsequent years to nine additional universities, most recently in 2015 when Terry Scholars were named at the University of Texas at El Paso and the University of Texas at Arlington.

Growth in the Foundation endowment made possible an additional program expansion in 2013 when the Board approved a new component to the program: scholarships for students transferring completed college hours to any of the participating Terry universities. The Terry Transfer Program commenced in June 2013 with the selection of 158 Terry Transfer Scholars, launching the largest program in the state specifically designed to assist transfer students. In 2016, Foundation interviews resulted in the selection of 168 additional Transfer Scholars. These transfer recipients will

join the 2016 Terry freshmen and upper-class Scholars to number 1,690 Terry Scholars enrolled for the 2016-2017 academic year.

Since its inception, the Terry Scholarship Program has assisted over 4,745 Texas college students to achieve their goals in higher education. The Foundation Board oversees a large endowment and now includes six members who are Terry Scholar Alumni. The program was honored in 2010 by the National Association of Scholarship Providers in being named National Scholarship Provider of the Year. Chartered to exist into perpetuity, the Foundation is designed to continue in the future to add scholarships each year.

Howard Terry was active in the management of the Foundation up until the very end of his long life when he died in 2012 at age 95. The Foundation lost its second Founder later that same year, when Nancy Terry passed away at the age of 85.

The Terry Foundation has become larger than the Terrys ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state. In January 2016, The Terry Foundation was awarded the Mirabeau B. Lamar Medal for outstanding service to higher education in Texas. The award recognizes the impact that the Terry’s legacy has made; it is presented by the Council of Public University Presidents and Chancellors (CPUPC), the Independent Colleges and Universities of Texas (ICUT) and the Texas Association of Community Colleges (TACC).

President and Executive Director Yvonne Moody with the Lamar Medal, January 2016.

Despite his extraordinary success in ventures that made the Terry Foundation possible, Howard Terry observed that “the Terry Foundation is the most important thing I’ve done in my life, because it’s enabled me to help more people than I would have ever been able to help otherwise.”

Criteria

The Terry Foundation awards Traditional scholarships to Texas high school seniors who have been accepted for admission to one of thirteen Terry-affiliated universities.

The Transfer Scholarship is available at most participating Terry universities for Texas residents transferring completed college hours and meeting other requirements. To be selected to receive a Traditional or Transfer scholarship, potential Terry Scholars must demonstrate academic excellence, leadership and financial need.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation's selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement and a well-rounded personality marked by a desire to succeed.

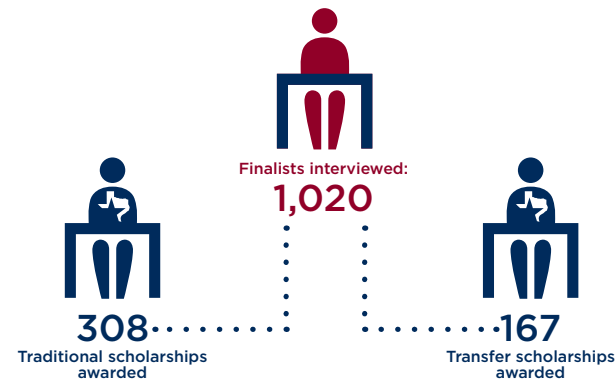

Potential Terry Scholars must demonstrate **academic excellence, leadership and financial need.**

The Selection Process

Formal interviews are conducted by the Foundation, concurrently in several cities around the state, each year in April and July for the Traditional and Transfer programs, respectively. Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Alumni Scholars and current Terry Scholars. The interview panels make the final selections and new Scholars are notified prior to the start of the following academic year.

In 2016, 34 interview panels met with a total of 1,020 finalists for the combined Traditional and Transfer scholarship interviews. Of those finalists, 475 were selected for Terry Scholarship Awards.

2016 Interview Cycles

The Stipend

The amount of the Traditional stipend is based on the cost of attendance at the universities, including tuition, fees, books, on-campus room and board and miscellaneous expenses. The specific amount of the stipend will vary for each Scholar, depending on their receipt of other scholarship awards and grants. The average amount of the stipends for the Traditional Program increases each year due to increases in cost-of-living and expenses. The Traditional stipend is renewable for eight semesters, or, for some programs of study, up to ten semesters.

The Transfer stipend covers up to 65% of the annual official cost of attendance at each university – and is renewable for up to six semesters.

2015-2016 Stipends

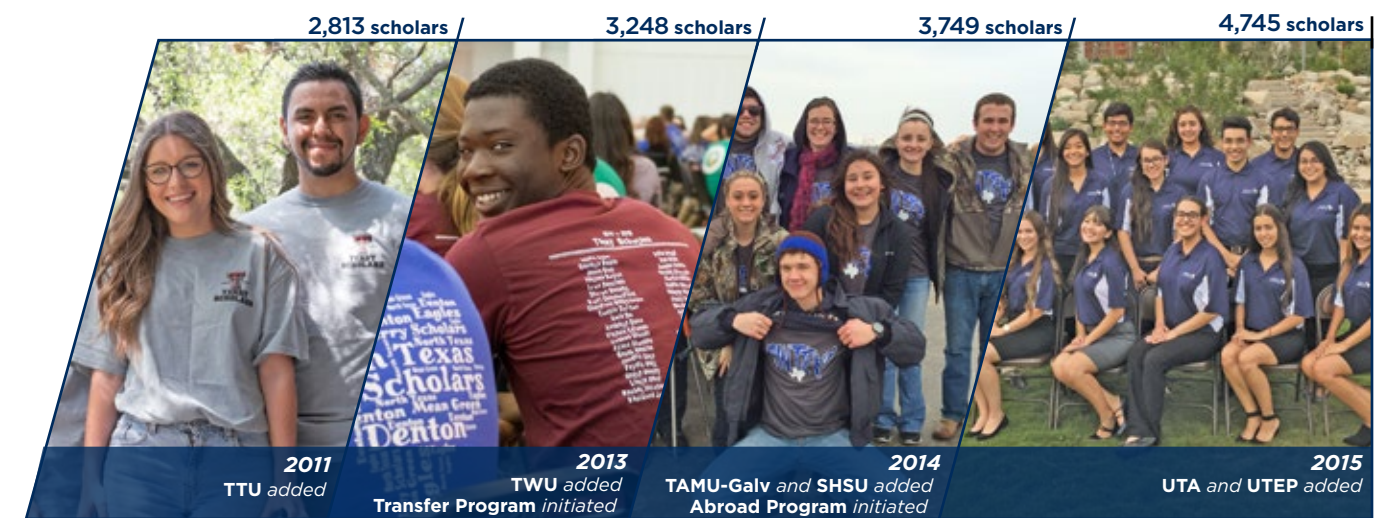

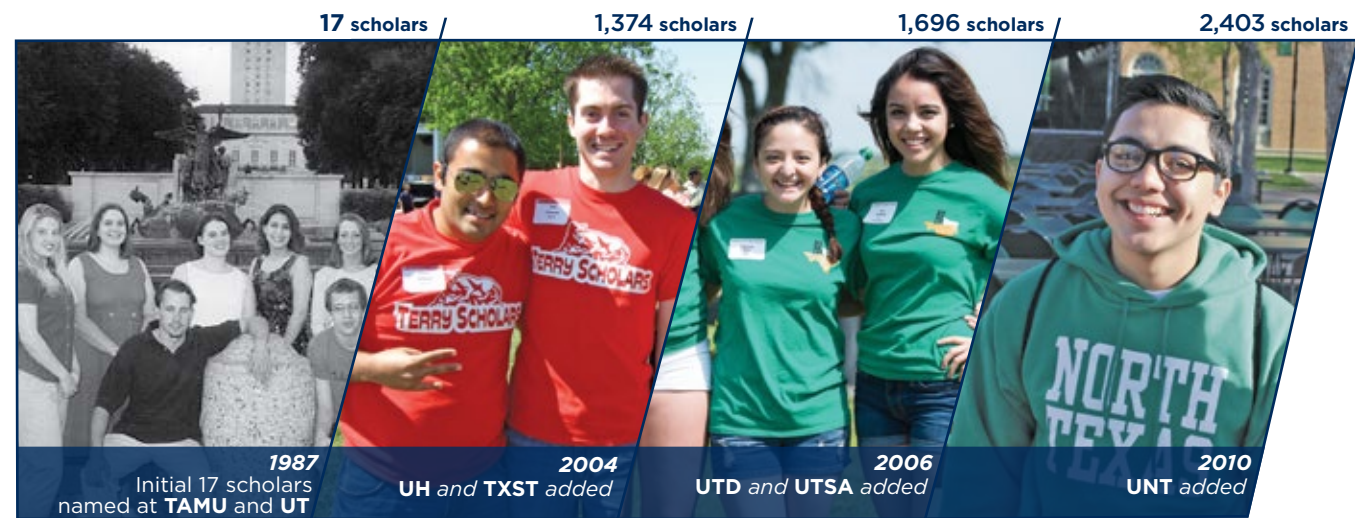

In November 2014, the Terry Scholar Program was expanded by the addition of a Study Abroad option as an enrichment of the Terry Scholar college experience. Scholars are encouraged to study in other countries as an opportunity to enhance their education and gain valuable global perspective. They may request an additional, optional semester of funding for study abroad, with funding levels determined by length of study and number of credit hours earned. Many Scholars who have included study abroad in their undergraduate experience reflect on this as being a life-changing experience.

Funding

The Terry Scholarship Program is funded by the earnings of a substantial endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The Foundation is chartered to exist into perpetuity.

Campus Orientations

Terry Scholars at each of the thirteen universities gathered at their respective campuses for the Foundation's annual orientation programs. These events were held in late summer, just prior to the start of the fall 2015 semester. For new Scholars, the orientation is designed to focus special emphasis on the challenges faced by first-year and transferring college students. The day's events included presentations on the Foundation Scholarship Program by Foundation executive management and staff. Foundation staff also focused on this year's theme, "Well-being." The Scholars also met with members of college administration and invited guest speakers in the fields of time management and study skills. In addition, both the freshmen and transfer Scholars met with

representatives of the on-campus Terry Scholar organizations to discuss upcoming campus events, including service and social activities with their fellow Scholars. At the conclusion of the orientation programs, the new Scholars enjoyed lunch and networking with each other and with continuing Scholars.

Fall Banquets

During October of 2015, Scholars at each of the thirteen universities were hosted by the Foundation at the annual fall banquets. Members of the Foundation Board of Directors and staff joined the Scholars and university guests in elegant settings for the banquets, held on each campus. Scholars enjoyed dinner and networking with the Foundation Directors, Scholar Alumni, fellow Scholars, and representatives of the university administration. The dinner programs included remarks from student leaders of the Terry Student Organizations on each campus, and from a guest speaker who had been selected and invited by the Scholars.

2015-2016 Alumni Luncheons

In September 2015, the Austin Luncheon was hosted at Westwood Country Club, and in May 2016, the Houston Luncheon was hosted at Maggiano's Little Italy. At both luncheons, Foundation President and Executive Director Yvonne Rode Moody (TAMU 1987) presented an update on the Foundation's current operations, shared opportunities for Alumni to stay involved with the Foundation, and recognized Alumni Advisory Board Members.

2016 Interviews

In 2016, 34 interview panels met with a total of 1,020 finalists for the combined Traditional and Transfer scholarship interviews. Of those finalists, 475 were selected for Terry Scholarship Awards. The finalists came from every area of Texas to interviews held concurrently in Austin, Houston, Dallas, and El Paso. Members of the Board of Directors were assisted by almost 200 Scholar Alumni and current Scholars who served on the selection panels. Panelists

volunteered over 12,000 cumulative hours to select the next class of Terry Scholars. The Foundation Board of Directors extends special thanks to those Scholars and Alumni Scholars who assisted on the selection panels, with particular appreciation to those who served as panel chairs.

The Spring Picnics

The Foundation hosted three picnics in Spring 2016. Scholars at each location were joined by Foundation Directors and staff, Alumni Scholars and their families, and special guests from the universities. Catered lunch was followed by presentation of the traditional gold pen gift to the graduating senior Scholars. Following tradition, each senior took the microphone to speak

briefly of their future plans and then, as a group, honored the Foundation Directors with gifts from each school's class of upcoming graduates.

Texas A&M, UT- El Paso, Texas A&M Galveston, University of Houston, and Sam Houston State gathered at George Ranch on April 23rd. Inclement weather made 2016 the first year in Foundation history that a picnic would not take place at Winedale. Instead, University of Texas, UT- San Antonio,

and Texas State were hosted at an indoor venue in San Marcos on April 24th. The following week, Texas Tech, University of North Texas, Texas Woman's University, UT-Dallas, and UT-Arlington gathered at Southfork Ranch for the final picnic..

Terry Transfer Scholar Andrew Valdez (2014) brings down the house at UT-Austin Fall Banquet

But(t)s

by Andrew A. Valdez

Delivered at the Terry Foundation Fall Banquet, 2015

Hi. I'm Andrew Valdez and I'm a part of the first class of Terry Transfer Scholars.

The year I decided to transfer, I had one of the most awkward conversations with my girlfriend. We were celebrating Thanksgiving with my family when she told me, "Andrew. I like your big butt." What? Big...

Without a moment's hesitation she began pointing out that my family all had big butts. And it was in that moment, when I looked across the field where my family was actively bending over to pick up eggs for the annual egg toss, that I noticed "them" for the first time. That picture has lingered with me ever since.

It took me a while to grasp the fact that big butts do run in my family. I'm not talking about Beyonce, J-Lo, baseball player style; those are the good type of butts.

The butts that run in my family are the not-so-good type. For example, my sister's butts are... *I'm not smart enough... But I'm not capable, so why try?*

I can see now that you've realized that I'm not actually going to talk about those types of butts for three minutes.

My mother's was more of a complacent type... *but I'm ok where I'm at. But your father will be here soon.* My brother's butts are the worst of all. His fall under the category of... *but I've disappointed them before, what's once more?*, and my favorite, *but Andrew can drive. He can take me (...).* I would share my father's butts, but as I said earlier, I only have three minutes.

As a child these butts circulated around me daily. I accredit my mother for instilling within me a confidence she didn't have. Though despite her best

efforts, I still have my fair share of butts... *But I'm too fat. But I have asthma. But I'm colored.*

Some butts are imposed on us. As I've grown older I've realized that the worst ones are those we place on ourselves. The year I decided to transfer was the year I decided to put my butt behind me.

When I was accepted into UT my joy was quickly soured by a new set of butts. Some I'm sure we are all familiar with... *But how am I going to pay for college? But where will I live? Will I succeed?*

I fell victim to those questions.

I was working as an assistant science teacher when I received my letter from the Terry Foundation. They introduced me to a new type of but, one sexier than J-Lo, and my personal favorite... *but I am a Terry Scholar and I can do anything.*

So I implore you, friends, that in times of tribulation, do not fall victim to the butts of your life. Be thankful and find peace in those given to us by The Foundation: *But The Foundation believes in me. But Mr. Terry believes in me. But I believe in me and I believe in us.*

UNT Scholars organize efforts to restock school library after disaster

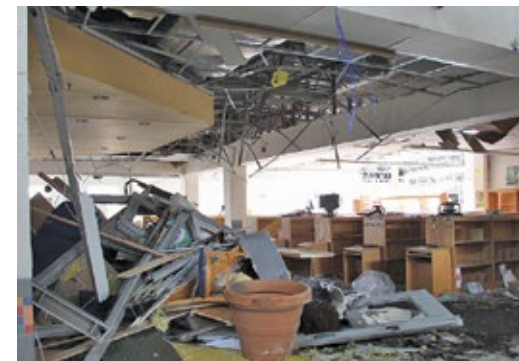

On December 26, 2015, Shields Elementary in Glenn Heights was badly damaged by a tornado, which completely destroyed the school's library. Operations were quickly moved to a nearby vacant school building, but the students of Shields Elementary were still in need of many things, including books for their new library.

UNT Terry Scholar, Gary Livingston (2012), attended Shields Elementary as a child; his younger brother is a student there, and his mother is a teacher.

Gary Livingston (UNT 2012) and Corbin Forest (UNT 2013) celebrate their successful book drive efforts with Shields Elementary students.

The UNT Terrys enlisted the help of UNT student groups and Greek Organizations, TWU Terry Scholars, UTD Terry Scholars, and UTA Terry Scholars to collect over 2,400 books for the children of Shields Elementary.

Shields Elementary library sustained massive damage from a tornado the day after Christmas, 2015.

The new books were presented to the Principal, Librarian and students during an informal ceremony in the school's new library.

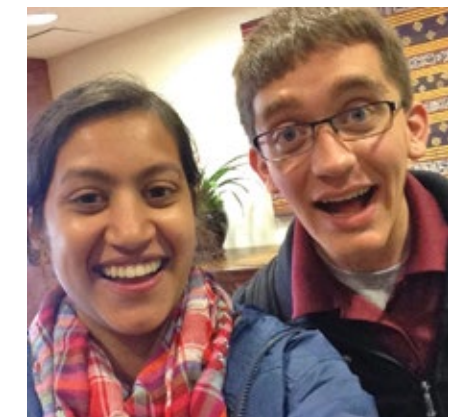

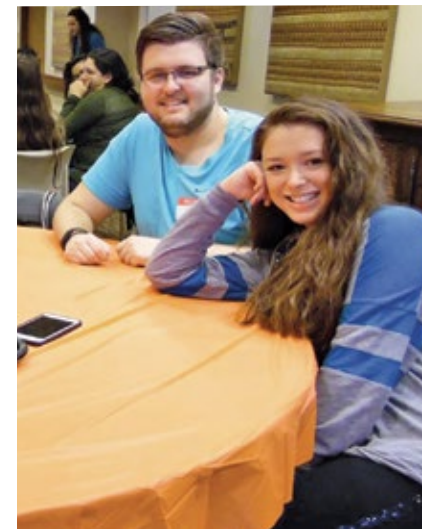

Terry book drive volunteers rented a van to deliver the results of their efforts to the students.

The 2016 Terry Statewide Officer Retreat was hosted by the UT Dallas Terry Officers in January. Student officers from each of the Terry campus organizations gathered on the UT-Dallas campus for bonding, leadership development, and collaboration. The officers voted for a clean up project at Cedar Hill State Park as the 2016 Terry Statewide Service Project.

The officers also selected Top Mark High School in Kenya as the 2016 fundraiser. The school's greatest challenge is maintaining enough funding to pay teachers and administrators, so many of them leave in pursuit of better financial opportunities after only a few months. Thanks to the fundraising efforts of Terry Scholars across the state, this year's project donated \$5,830! Top Mark High School will be able to pay their full staff (8 teachers and 2 administrators) for an entire 5 months!

About 140 Terry Scholars traveled from all across the state for the annual Terry Statewide Service Project in April. This year, the Scholars made a huge impact cleaning up Cedar Hill State Park by performing tasks such as trail clearing, historical building upkeep, vine trimming, and invasive species removal. With much gratitude, the park rangers estimated that the Terrys were able to complete about six months of work in three hours.

The following photos were shared by some of the Terry Scholars who studied abroad between Summer 2015 and Summer 2016.

Abigail Seow (UT 2011) • Barcelona, Spain

I chose to attend Universitat de Barcelona for six weeks in beautiful Barcelona, Spain. I spent time in labs with pharmacy students, performed preventative care procedures at a family-owned pharmacy, and worked in two different hospitals throughout Barcelona. In addition, I was able to hone my Spanish skills and learn a little Catalan, the preferred language in Barcelona. When not studying pharmacy in Barcelona, I had the flexibility to explore different cities using high-speed trains, my now-favorite mode of transportation! I absolutely adored my time in Spain, and I have to thank the Terry Foundation for providing me the means to study abroad without worry of finances.

Lorenzo Washington (TAMU 2014)

Allison Boehme (UT 2011) • Siena, Italy
The culture of Italy is laid back and taught to me to slow down and enjoy life and the people around me. Their way of life is very different than mine, and I was able to learn so much from the people of Siena.
My mother and grandmother met me in Italy at the end of my study abroad experience. Afterward, we traveled to Alsace, France together. My family is of Alsatian heritage, so being able to visit Alsace with my mother and grandmother was very special to us. My study abroad experience made this possible. I will forever cherish my experience.

Anabelle Dunn (UNT 2011)
Costa Rica
I wanted to experience another culture and still work on my course work. I thought this Primate Behavior and Conservation course would greatly benefit my future in conservation awareness education.

Omar Olivarez (UT 2014)
Buenos Aires, Argentina

Alejandro E. Vargas (UTSA 2011)
Siena, Italy
Having Italian heritage, I wanted to visit where my ancestors came from. Also, as a former Civil Engineering major, I wanted to see the architecture and understand the mentalities behind the design. I also love Roman art, so visiting the Villa Borghese was amazing. And, of course, the food. SO. MUCH. CHEESE.

Mandy Albrecht (UT 2013) • Singapore

This experience has allowed me to grow personally and professionally. It has provided me with the confidence needed to go into a field that requires you to interact on a global stage.

My favorite memory on this trip was going to Phuket, Thailand and spending some time at the elephant conservation and rescue site with the Karan tribe.

Do not be afraid of the unknown. Embrace it. It is when you are willing to immerse yourself in another culture that you have the opportunity to grow in ways that will surprise you.

Taylor Buchanan (UTSA 2013) • Semester at Sea

THANK YOU The Terry Foundation for giving me this adventure!

My voyage around the world has been phenomenal and nothing short of life-changing, and there's no way this trip would have been a possibility without your immense help.

Semester at Sea gave me firsthand experience with new and different global cultures, allowed me to walk on major historic lands and see world landmarks up close, and meet a terrific group of students, faculty, and staff from all over the world.

I wouldn't have seen so much of this beautiful globe without Semester at Sea, but I never would have even been able to embark on such an incredible journey without the help of The Terry Foundation. I can't thank you all enough for choosing to believe in me and putting your faith in my educational growth, both locally and, now, internationally.

Not everyone gets the chance to see much of the world, but thanks to your help, all Terry Scholars have that phenomenal opportunity available. I am so proud to be part of such an amazing and trusting organization, and I can't wait to find new ways give back for the rest of my life.

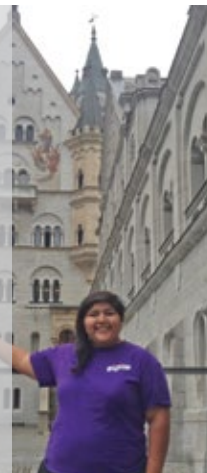

Mason Miller (TAMU 2014)
South Africa

Angie Langdon (TXST 2014) Lüneburg, Germany

I chose Germany for its diverse history and complex culture.

While there, I experienced the effects of the Syrian refugee crisis and watched a culture transform in the face of adversity. One of the first weeks I was here, German citizens took to the streets to welcome the Syrian refugees. It was amazing to be able to witness this shift in cultural attitude.

When I traveled in search of history, I had no idea I would experience it in the making. Spending a whole semester in Germany allowed me to identify with the European culture and broaden my perspective beyond the American borders. Thank you for allowing such an opportunity for me to grow that I never could have achieved on my own!

Lynda Le (UNT 2014) • New Zealand

Cullen Eckert & Melissa Menard (TAMU 2013)
Rio de Janeiro, Brazil

Jonathan Griffin (UNT 2014) Amsterdam, Netherlands

I attended a 16-day faculty-led study abroad with a professor in my field of study.

As a transfer, I have obligations that would restrict me from being away for too long, so this course was a perfect match for me. I'm very thankful that the Terry Foundation funded my study abroad.

I was able to experience quite a lot of European culture and learn about the various industries of the region in my short journey. Part of my program included tours of the Port of Amsterdam, the German Stock Exchange, an Audi factory and a Mercedes truck plant, as well as French winery and Belgian brewery. I also toured Rembrandt's studio, where he once trained several hundred students.

On our last day in Amsterdam, a couple of friends and I walked the Albert Cuyp street market. I HAD to try the Hollandse Nieuwe haring (yep, that's how they spell it). The Dutch pickle the raw herring in a salt brine for a few days and serve it topped with a pickle and onions. I took several gambles (read: escargot, steak tartare, raw cheeses, foie gras) with my stomach and taste buds during the trip, and was rewarded handsomely!

Ciara Knight (TXST 2012) • Rome, Italy

I chose to study abroad because I wanted to get out of my comfort zone, immerse myself in a different culture, and take on an adventure! This experience broadened my view of the world, while honing in on the concepts of respect and patience. As a design major, you are taught a lot about the significance of communication. Effective communication requires both of these traits. Living a different lifestyle for a month required me to exercise both respect and patience to successfully adapt to my new surrounding.

I'd have to say my favorite memory from my trip was visiting Pompeii and climbing Mount Vesuvius. My calves were aching, my lungs were burning and a smile was spreading across my face. I remember taking a moment to catch my breath and just peering over the side of the volcano to take in the breathtaking sight of the city below. In this moment, I had the surreal realization that I, a small town, art-loving girl from Manvel, Texas, was hiking up the ashy slope of an ancient (yet, still active) volcano in Italy. The Terry Foundation made this amazing dream a reality.

Michael Ruiz (TTU, 2014)

Kim Grossett (UTSA 2014) • London, England

I chose this study abroad program because it was about literature and being only three weeks long, it fit in with my family's schedule. It's difficult for older Terry Transfers to take advantage of study abroad opportunities because many of us have children, but I was able to work it out because it was only three weeks and it was during the summer. And it was wonderful!

I want to encourage other older Terry Transfers to study abroad. There are programs out there that you can work into your schedule. I learned so much. I'm an English major and visiting the homes of British Literature writers was a dream come true and helped me understand the texts so much better. Don't even get me started about seeing a Shakespeare play at the Globe Theatre!

Gabriel De Leon (UTSA 2014)
Granada, Spain

Kaitlin Karnes (UNT 2013)
Stetm, Austria

I choose to go abroad to expand my horizons and explore how the rest of the world lives and thinks. I was impacted most by the people I met - everyone I met was from different cultures and countries (Austria, Norway, Slovenia, the Ukraine, Japan, Korea, Chile, Sierra Leon, France, etc); I learned different ways to look at the world from them.

My favorite memory: My friends gathered together, clearing their schedules, to have dinner with me for American Thanksgiving. We ate, laughed, and told stories. I will always treasure the way that my friends, who had only known me for a few months, had come together for my sake to enjoy a foreign holiday.

Rocio Zuniga (2013 UT) • Cuba

As an observer of international affairs, I take great interest in Cuba's relationship with the United States. This began in eighth grade, when I was assigned to write a report on the Cuban Missile Crisis. As I researched, I realized that there is more than one version of the "truth" because everyone has a different perspective. I made it my personal goal to comprehend Cuba's interpretation of the story. In other words, I was eager to develop a well-rounded understanding of Cuban society. I hoped to become a more open-minded person in challenging my own ideas and what I have heard about Cuba from the outside; I wished to develop a new sense of objectivity by reexamining my perspectives on a nation much misunderstood by our society.

My goal required me to go beyond the tourist experience by living in Cuba and gaining a personal understanding of the sociological, historical, and cultural circumstances under the guidance of scholars. Now I wish to incorporate the personal lessons to my academic and professional goals. Immersing oneself in the education system of the host country is a great way to really experience and understand the people, its traditions, and its culture.

Pranati Ahuja (2013 UTD) • Thailand

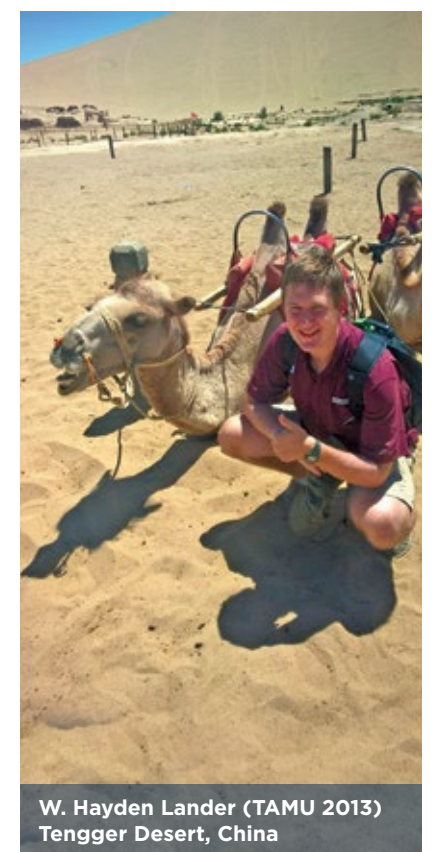

I chose to do this study abroad experience because I wanted to be able to observe more angles of healthcare and be able to walk a mile in different doctors' shoes, while experiencing Thai culture. It was the experience of a lifetime! My eyes were opened and I got to do and experience things like surgeries which I wouldn't have been able to see here in the United States. Thank you Terry Foundation!

Sarah Nguyen (UT 2015)
Kunming, China

I found that no amount of classroom and textbook learning could replace the immersive experience of studying in a foreign country. You certainly get much more out of the country participating in a study abroad program than you would simply vacationing there. For this program in particular, I thought that since my goal was to pursue pharmacy school, learning about the opposite spectrum of medicine (Eastern medicine as opposed to Western medicine) would give me valuable insight as to how people across the world deal with healthcare issues.

I love learning about different cultures and being reminded that even though people live vastly different lifestyles across the world, in the end, we are all human. There will always be someone willing to help you, as long as you are willing to open your mind to them. Additionally, China is the country that pushed me most outside of my comfort zone (language barrier, squat toilets, general lack of hygiene), making me more grateful for the luxuries that we take for granted in America.

W. Hayden Lander (TAMU 2013)
Tengger Desert, China

**Son Quyen Dinh (UT 2014)
London, UK**

My graduating honors thesis is about how initiatives taken by different healthcare systems affect the relationship between efficiency and quality of care in emergency department. I interned at Moorfields Eye Hospital, and I was able to conduct research on the National Health Service. This was a great opportunity for me to study the universal healthcare system of the UK. Furthermore, this was the first time I have gone abroad, and it was a dream!

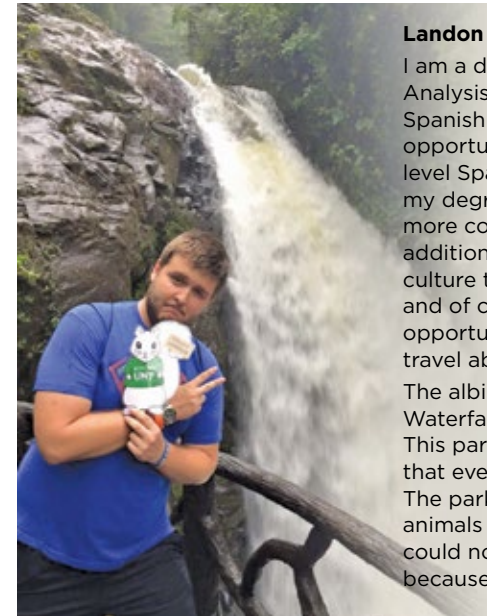

I was running the hospital's charity show, and I was supposed to be back-up in case a performer didn't show up. However, the CEO heard me playing and requested that I play in the show. I ended up getting 4th place! This taught me to embrace unexpected opportunities. I was able to perform in a concert in London on a Steinway piano.

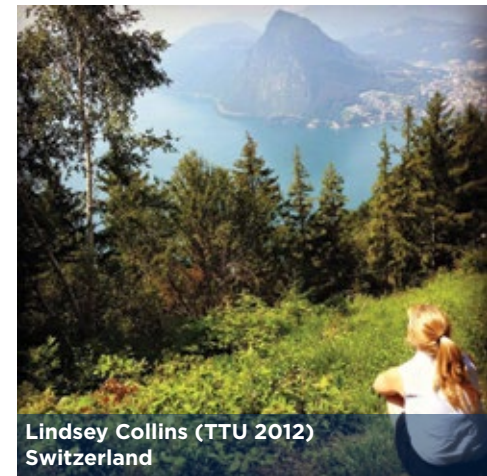

Landon Cowan (2013 UNT) • Costa Rica

I am a double major in Applied Behavior Analysis and Spanish, so getting to practice Spanish in an authentic setting was a fantastic opportunity. I received credit for two upper level Spanish courses that were needed for my degree plan. The program gave me much more confidence in my speaking skills. In addition, I got to experience a very different culture through travel, talking with locals, and of course, food! I am so thankful that this opportunity was given me, and I cannot wait to travel abroad again in the future.

The albino squirrel and I went to see La Paz Waterfalls, located just outside of San Jose. This park is home to a series of large waterfalls that eventually pour out into the central valley. The park is also home to a wildlife refuge for animals that were illegally owned by poachers. I could not take any pictures with them, however, because the albino squirrel was too scared.

My family does not travel much - much less travel out of the country. When the Foundation announced an opportunity to study abroad, I knew this could literally be a once-in-a-lifetime experience for me to travel, see some of the most historic architecture and art in the world, and immerse myself in a new culture. The fact that I got to experience all of it with my sister made the experience even sweeter."

Terry Grads

Ciara Knight (TXST 2012)
"The Terry Foundation gave me two of the greatest gifts - my education and the smile on my mom's face when I walked across that stage."

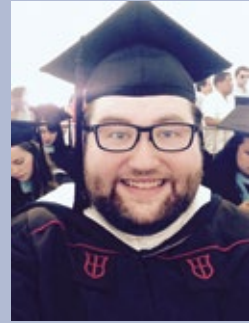

Scott Fisher (UNT 2015)

Jonathan Umelo (UTD, 2014)
Looking back in October 2010 when I came to the United States, I wouldn't have thought that on May 14, 2016, I will be graduating with my BS in biology. Today, I did it. I graduated with double honors (cum Laude and major honor) in Biology. I have God, my family and friends for helping me through the process. I spent countless hours in the library and at home just to make this day a reality. Please friends, join me in celebrating a milestone in my journey to become a physician.

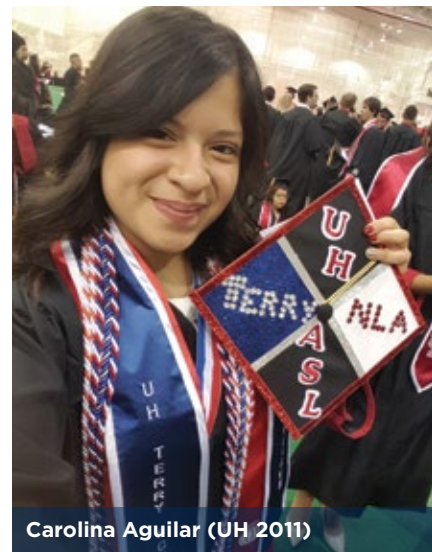

Casey Dennis (TTU 2013)

Christopher Redden (UH 2008) earns his Masters degree from Brown University

Please know - this would absolutely not have been possible without the investment, support, encouragement, and belief that the Terry Foundation provided and continues to provide for me. From that fateful day in the Foundation offices on Edloe - when I was a nervous, petrified senior in high school - up until this very moment, y'all have been with me each step of the way. I share this accomplishment with you all, and with Mr. and Mrs. Terry, too. Their legacy perpetually looms large in my mind, each day. Thank you for believing in me, even when I found it terribly difficult to believe in myself.

Carolina Aguilar (UH 2011)

Caitlyn Wenner (UTD 2012)

THE TERRY FOUNDATION FAMILY

UT Tower lit in commemoration of Howard Terry. Fall 2012.

Founders Howard L. Terry and Nancy M. Terry

Howard L. Terry, a native Texan, was born in Milam County in 1916. He attended the University of Texas at Austin on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, from which he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Mr. Terry went into business for himself in lumber, building, and development, building several residential subdivisions in Texas and other states.

Over the following years, Mr. Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings. Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1981, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development. Howard Terry's long and successful life came to an end in 2012 at age 95. In keeping with his own prediction, he maintained

regular office hours and was active in the management of the Foundation until the very end of his life. His life was celebrated at a memorial service in Houston attended by a crowd estimated at 1,000.

Despite his series of remarkable successes in business endeavors in many fields, Howard Terry often referred to the Terry Foundation as his finest achievement. The impact of his generosity and vision will be felt by young Texans and their families for generations to come.

Nancy Terry was a native of New York State, born in Ogdensburg on the St. Lawrence River. She attended the School of Nursing at the University of Rochester, New York, where her hobbies included snow skiing, ice skating, swimming and antique collecting.

She subsequently relocated to Texas and for over forty-five years was married to Howard L. Terry, with whom she founded the Terry Foundation in 1986.

Mrs. Terry died not long after her husband, later in 2012. She will be fondly remembered for her engaging personality and quick wit, and sincere and heart-felt interest in all of the Scholars over the years.

“As I was attending my first Terry banquet on A&M’s campus in fall of 2011, Mr. Terry was attending his last. I had the honor of asking him for advice before the banquet ended and the words he said to me still stick with me to this day. ‘Don’t waste the gift that I have given you.’ I have taken those words to heart and have molded my life around them as a result.”

Rhett G. Campbell

Board Chairman & Chief Executive Officer

Rhett Campbell has served on the original Board of Directors of the Terry Foundation and worked closely with Howard and Nancy Terry in the management and direction of the Foundation since its inception in 1986. He was named Board Chair in 2000.

Rhett is of counsel with the Thompson & Knight law firm, where his areas of specialization include civil trial and business bankruptcy. He was a founding member in 1977 of the Houston law firm of Morris & Campbell, where he practiced until 2001. He holds both a B.A. (with high honors) and J.D. (with honors) from Southern Methodist University, where he was honored as a Hatton Sumners Scholar and as a member of Phi Beta Kappa, Order of the Coif, and Order of Barristers.

Rhett is married to Houston native Susie Seybold. They have three children, three grandchildren, and reside in Houston.

Yvonne Rode Moody

Foundation President & Executive Director

Yvonne Rode Moody was named as the Foundation's first Executive Director in August of 2012. She was named Foundation President in 2015. Originally, she was selected as one of the first 17 Terry Scholars as part of the inaugural class in 1987. She joined the Foundation Board of Directors in 2000, one of the first Alumni Scholars to be named to the Board.

A native of Fredericksburg, Yvonne received a B.S. in Mechanical Engineering from Texas A&M in 1991. Her professional experience includes working for Chevron as a Retail Construction Project Manager. Her volunteer interests include a variety of church, school and civic organizations, but her passion has always remained with the Terry Foundation and its growing number of Terry Scholars and Alumni.

Yvonne was married for 23 years to her late husband Ted Moody and lives in Houston with their two daughters.

John W. Storms

Board Member

John Storms has served on the Foundation Board of Directors since its inception in 1986. John is the Managing General Partner of Storms & Critz, Certified Public Accountants, of Houston. John also serves on the boards of other business entities and is an active advisory board member of Child Advocates, Inc. of Houston.

John is a Certified Public Accountant and holds a B.B.A. from the University of Texas at Austin and an M.B.A. in taxation from the City University of New York.

John and his wife, Charlene, reside in Houston and have two daughters and five grandchildren.

Carter Overton Board Member

Carter Overton has served on the Foundation Board of Directors since its inception in 1986. Carter is the President of Overton Energy, LLC, a Houston-based management and investment company engaged in direct investment in US oil and gas exploration and production. He worked previously for Terry Petroleum Company, where he served as Vice President of Operations.

Carter is a past Chairman of the Texas Business Hall of Fame Foundation and is actively involved in his community and the River Oaks Baptist Church. A native Houstonian, Carter received both his B.B.A. and his M.B.A. from the University of Texas at Austin.

Carter and his wife, Elaine, reside in Houston, and have six children.

J.D. Davis Alumni Board Member

J.D. Davis, FSA was named to the Foundation Board of Directors in 2000. He is the managing principal and an actuary for Milliman's southern United States employee benefits practice.

A native of Quitman, Texas, J.D. became a Terry Scholar in 1989. He graduated from the University of Texas at Austin in 1993, where he received a B.A. in Economics (with highest honors). He also holds a master's degree from SMU.

In addition to his professional and executive roles, J.D. is also a best-selling author and entrepreneur, involved in a wide variety of pursuits. He has three daughters and lives in Sunnyvale, Texas, near Dallas.

Gayle Stinson Alumni Board Member

Gayle Stinson was named to the Foundation Board in 2006. She serves as Superintendent of Schools for the Lake Dallas ISD in north Texas. In 2003, she was selected as the Texas Principal of the Year by the Texas Association of Secondary School Principals. The University of Texas named her as Outstanding Young Texas Ex in 2007.

Gayle was one of the first Terry Scholars at the University of Texas at Austin, a member of the original class of 1987. She completed her B.S. in Advertising in 1991 and subsequently earned an M.S. in Educational Leadership from the Texas A&M system and a Doctorate of Education in 2013 from Lamar University.

Gayle and her husband, Trent, reside in Hickory Creek, Texas and are parents of three children.

Gayle Stinson with Mallory Miner (UNT 2010) and Amanda Ghagar (UT-Austin 2001).

Jeff Stichler Alumni Board Member

Jeff Stichler is a principal in the Conroe ISD. He was named to the Foundation Board in 2006, one of two new Scholar Alumni members named to the Board that year.

A native of Fort Stockton, Texas, Jeff was named a Terry Scholar at Texas A&M in 1990, where he graduated in 1995 with a B.S. in Kinesiology and a minor in History. He holds a Masters of Education degree from Sam Houston State University and a Doctorate of Educational Leadership from the University of Houston.

Prior to becoming a school administrator, Jeff taught advanced mathematics and coached for 11 years, seven years of which were at Conroe's Caney Creek High School, where he was named Teacher of the Year and District Swim Coach of the Year.

Jeff lives in Conroe with his wife, Melanie, and their two children.

Brian Yarbrough Alumni Board Member

Brian Garrett Yarbrough is a member of the 1988 class of Terry Scholars and joined the Terry Foundation Board in 2012. Brian is a principal with the law firm Erben & Yarbrough in Austin where he is engaged in legislative and regulatory advocacy before Texas government and state administrative agencies.

Brian is a 1997 graduate of the University of Texas School of Law, a 1992 graduate of The University of Texas at Austin (Plan II Honors Program) and a 1988 graduate of Canyon High School in New Braunfels.

He is married to Wendy Wagner Yarbrough, from San Antonio. They have three children, Garrett, Wyatt and Lily. They are active members of Covenant Presbyterian Church, Rodeo Austin, and other local civic and charitable activities.

Elizabeth Riley Keeler Alumni Board Member

Elizabeth Riley Keeler is a 1992 Terry Scholar. She was named to the Foundation Board in 2012.

Elizabeth is a native Houstonian. She attended Texas A&M University where she graduated with a B.S. in Nutritional Science in 1996. She went on to attend medical school at the University of Texas in Houston. She completed her residency in Obstetrics and Gynecology in 2005 and joined the faculty at MD Anderson Cancer Center. Elizabeth's practice specializes in caring for women with malignancies.

Elizabeth married a fellow Aggie, John Keeler, in 1998 and, together with their six children, they reside in Houston. She is an active volunteer at the children's schools and at the Houston Pregnancy Help Centers. She credits the Terry Scholarship for opening the door of opportunity to a happy life.

Foundation Advisory Board

In 2008, the Board of Directors approved the formation of the Terry Foundation Advisory Board. Recognized by the Board for their professional achievements and commitment to the Foundation, a group of thirty-two outstanding Scholar Alumni were selected to assist the Board in an advisory role and at Foundation events throughout the year. In 2013, the Foundation augmented the original Advisory Board with an additional twenty members, to include recent graduates and representation from a majority of universities in the Terry program.
