## ABOUT THE COVER ART

When students graduate from our Terry Scholar Program, we give each of them an engraved gold pen. This pen is not only a symbol of their achievement in graduating from our program, but also reflects our hope that they will keep in touch with us after graduation.

We always say that the Terry Scholar Program is like a family; it is our hope that this gold pen will remind our graduates of the Terry Foundation Program and the people here who care about them, and will always wish them the best.

Greetings from the Foundation office in Houston!

The Terry Foundation has seen significant changes over the last 5 years since the passing of our founders, Howard and Nancy Terry. In that short time, we have more than doubled the number of Scholars in our program, added several affiliated universities and expanded the program to include scholarships for transfer students. It is undeniable that the Terrys never imagined the scope of the impact that their philanthropy would make on the landscape of higher education in Texas. We are all indebted to them for their foresight and generosity.

This past year marked our 29th anniversary of providing scholarships to deserving Texas college students, and **we reached our largest enrollment ever for an academic year, exceeding 1700 students enrolled at 13 public institutions. A significant milestone also occurred in December 2016, when the cumulative total of giving from the Foundation for scholarship funding exceeded \$200 million since the first payment in 1987.**

We are proud to collaborate with our university partners to provide unparalleled support for our mutual Scholars. And we are extremely proud of our many Scholars who work to make an impact on their campuses and extended communities. As Scholars who were selected for their exemplary leadership and character, these students engage in service and learning opportunities in Texas, and across the globe, which extends the reach and impact of their scholarship far beyond the financial gift to one individual.

An ever growing aspect of the Terry program is our engagement with our Terry Scholar Alumni. **2017 marked a significant increase in Alumni involvement, hallmarked by the establishment of formal Terry Scholar Alumni Association chapters across the state in Austin, Dallas, Houston and San Antonio. We are thrilled to see the energy and enthusiasm of our Scholar Alumni as they continue to fulfill their commitment to give back and we look forward to continued engagement with our Alumni.**

Howard and Nancy Terry continue to be recognized in unique ways for their contributions to higher education in Texas. **This year, they were selected to be Fish Camp Namesakes at Texas A&M's summer Fish Camp orientation program for incoming freshmen.** We look forward to sharing their story and promoting their legacy of helping others.

As we reflect on this past year through pictures and testimonials from our Scholars, we can't help but wonder what Mr. Terry would think. Undoubtedly he would be proud of the individuals who bear his name and carry forward his legacy. We feel sure that the state of Texas has benefited from the thousands of Terry Scholars who have received the gift of a debt-free education and then move into the world ready to serve and make a lasting impact.

## A YEAR OF FOUNDATION MILESTONES...

### IN OUR INVESTMENT

In 2016, cumulative total of giving from the Terry Foundation exceeded \$200 million – an initiative that began with a single check given by Mr. Terry to establish the Foundation in 1986.

This year, the Foundation invested in over 1,700 Texas students – our largest enrollment ever – across 13 Texas universities.

### IN OUR ENGAGEMENT

2017 saw an increase in Alumni engagement opportunities, including this career panel at a Texas A&M Terry Scholar Student Organization meeting.

### IN OUR IMPACT

This past year, Howard and Nancy Terry were nominated to be Fish Camp Namesakes by TAMU Scholar Cheyenne Allgood (2013). Neither Mr. or Mrs. Terry attended Texas A&M, so their designation as namesakes for A&M's signature freshman orientation program speaks to their impact on the university.

The student co-chairs of Camp Terry, inspired by their namesakes, built an energetic team that will help shape the college experience for 144 incoming freshmen. The Terrys' legacy continues to motivate others in ways they could have never imagined.

# OUR FOUNDERS

## Howard L. Terry and Nancy M. Terry

**Howard L. Terry**, a native Texan, was born in Milam County in 1916. He attended the University of Texas at Austin on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, where he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Mr. Terry went into business for himself in lumber, building, and development, constructing several residential subdivisions in Texas and other states.

Over the following years, Mr. Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings. Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1981, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development.

Howard Terry's long and successful life came to an end in 2012 at age 95. In keeping with his own prediction, he maintained regular office hours and was active in the management of the Foundation until the very end of his life. His life was celebrated at a memorial service in Houston attended by a crowd estimated at 1,000.

Despite his series of remarkable successes in business endeavors in many fields, Howard Terry often referred to the Terry Foundation as his finest achievement. The impact of his generosity and vision will be felt by young Texans and their families for generations to come.

**Nancy M. Terry** was born in 1927, in Ogdensburg, New York, on the St. Lawrence River. She attended Ogdensburg Free Academy High School where she was active in cheerleading, tennis, skiing, and athletics. Later, she graduated at the top of her class from the School of Nursing at the University of Rochester, completing her training at the Highland Hospital in Rochester. Nancy enjoyed an active lifestyle, including snow skiing, ice skating, swimming and antique collecting, but her favorite hobbies were gardening, painting, and photography, which she continued to pursue for most of her long life.

## Some reflections on Mrs. Terry and the Foundation's early years

*by Yvonne Moody (TAMU 1987)*

Some of my earliest memories of Mrs. Terry are at the annual Winedale picnic. As we would arrive on the buses, the Foundation staff and Directors would be waiting to greet us. Mrs. Terry was always

there waiting with her camera. In the early days it was a Polaroid, and she would have you pose with friends for a photo. A staff member or spouse of the Directors was always nearby to write down names. Mrs. Terry would hand them the first photo, and then she'd say, 'Hold on now, we need to take another one for you to keep.' Then she'd take a second photo to give to the student.

While Mr. Terry was an imposing figure, and sometimes intimidating, Mrs. Terry was easy to talk to and always offered a ready smile of encouragement. She always spoke her mind and never hesitated to ask you what you were doing to stay busy.

The affection between Mr. & Mrs. Terry was quite apparent, as was their genuine interest in the Scholars whom they supported. Mrs. Terry took an active interest in the lives of the Scholars and treasured the early gifts given by the graduating seniors. With her love of art, she particularly treasured anything that was made by the Scholars themselves, including drawings, paintings and picture collages.

In the later years when her failing health did not permit her to travel to events, she missed being able to personally visit with the students, and her presence was most certainly missed.

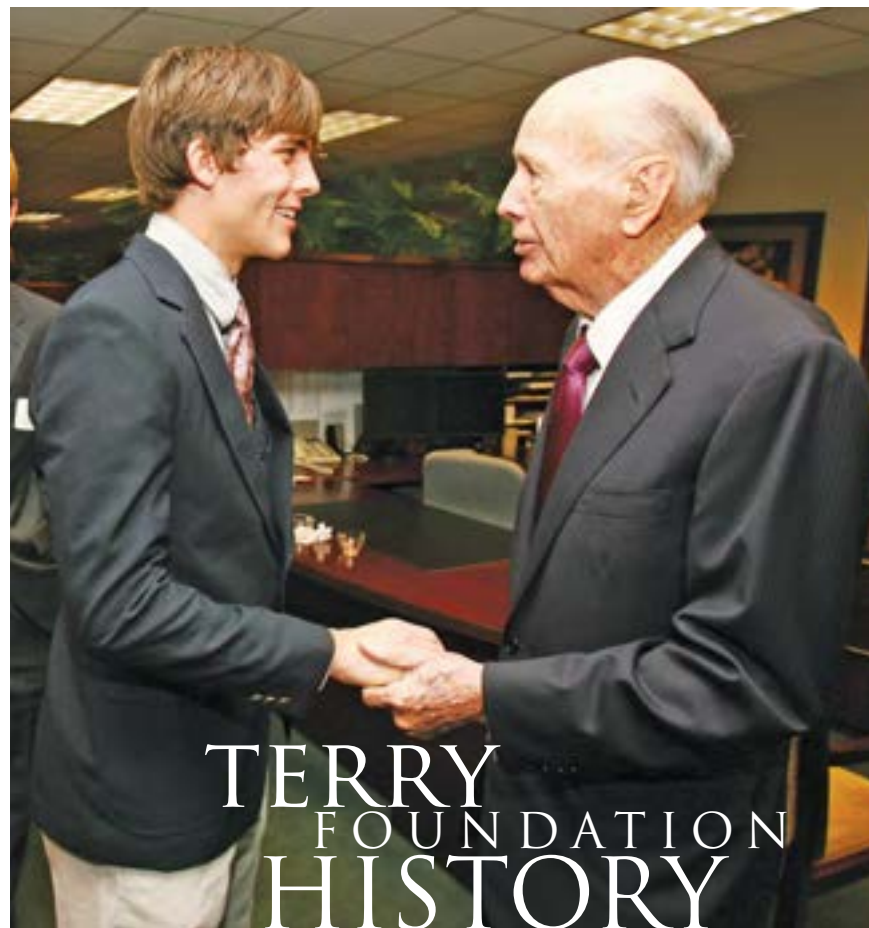

Nancy later relocated to Texas and for over forty-five years was married to Howard L. Terry.

After participating in Foundation activities for many years, Mrs. Terry passed away peacefully at home in October 2012 at age 85. She will always be remembered for involvement in the scholarship program that bears their name.

“Success is the attainment of the goals you’ve set for yourself in life.”

—Howard L. Terry

The Terry Foundation’s goal is to improve and develop the state of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now Texas’ largest private source of scholarships for 13 universities across the state. However, its origin was neither large nor legendary – it was as humble and low-profile as the Founders whose name it bears.

## Investing in Students

The Terry Scholarship Program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A longtime resident of Houston, Howard Terry had been active for many years in banking, construction, real estate and oil and gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give back to the community and, specifically, to help young people to reach their goals in higher education. In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education.

After evaluating ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by placing his name on campus structures: “Mortar and bricks will eventually be torn down,” he reasoned. The Terrys believed, in the long term, that a university – like the state it represents – is only as good as the educated citizens it produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

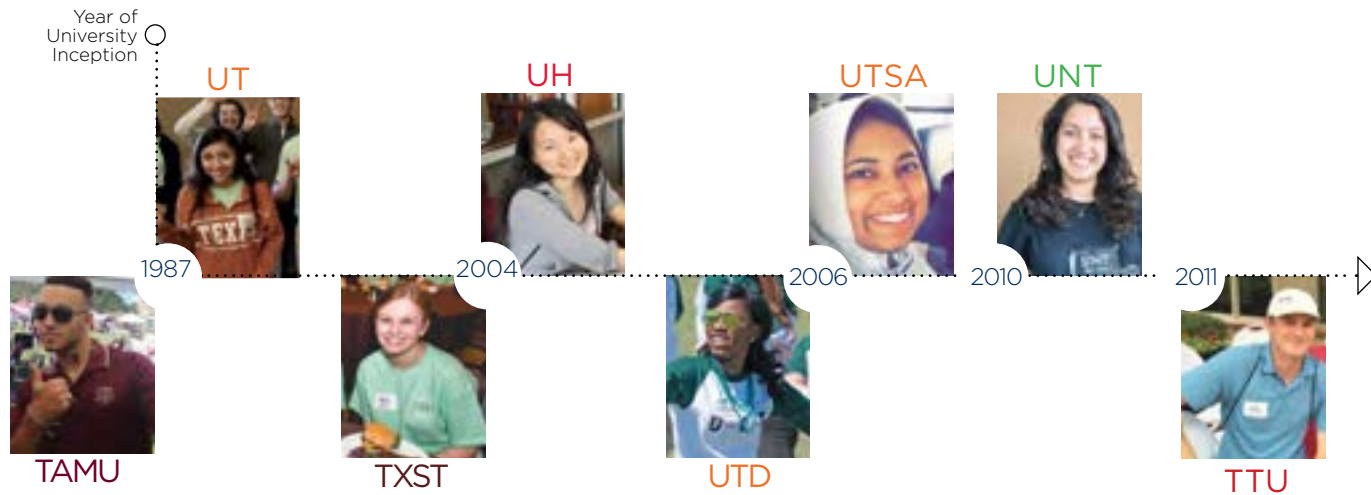

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience – he attended the University of Texas on an athletic scholarship, becoming captain of the football team and graduating in 1938. His family origins in Cameron, Texas were modest and it was only through the generosity of others that his college education had been made possible. Mr. Terry never forgot the helping hand that he received to attend college and was determined to extend that same help to a new generation of students.

After seeking counsel from sources that included former UT-Austin coach Darrell Royal (an original Foundation Board Member) and Houston attorney Rhett Campbell (Board Member since inception and now Board Chair), the Terrys determined that their most lasting contribution would be through

a perpetual endowment that would provide college scholarships for students who had demonstrated the capacity to become outstanding future leaders and who needed financial assistance to achieve their goals in higher education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program. The first scholarship recipients, known since then as “Terry Scholars,” were selected at interviews held in the summer of 1987. That original class of seventeen 1987 Scholars was joined in the 1988-1989 academic year by seventeen additional recipients.

## Growth and Expansion

During the first seventeen years of the Foundation's history, Scholars attended only the University of Texas at Austin or Texas A&M University. In the fall of 2004, the Foundation Scholarship Program expanded for the first time, when Terry Scholars were named at the University of Houston and at Texas State University. Continued growth provided scholarships over subsequent years to the current total of thirteen universities.

Growth in the Foundation endowment eventually made possible an additional program expansion when the Board approved a new component to the program: scholarships for students transferring completed college hours to any of the participating Terry universities. The Terry Transfer Program commenced in June 2013 with the selection of 158 Terry Transfer Scholars, launching the largest program in the state specifically designed to assist transfer students.

Chartered to exist into perpetuity, the Foundation is designed to continue in the future to add scholarships each year.

## The Impact

Since its inception, the Terry Scholarship Program has assisted over 4,744 Texas college students to achieve their goals in higher education. The Foundation Board oversees a large endowment and now includes six members who are Terry Scholar Alumni.

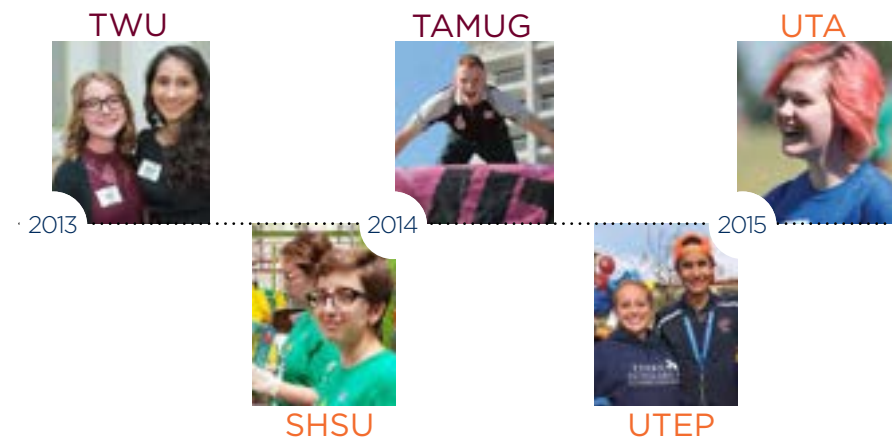

The program was honored in 2010, by the National Association of Scholarship Providers, as "National Scholarship Provider of the Year." In 2016, The Terry Foundation was awarded the Mirabeau B. Lamar Medal for outstanding service to higher education in Texas. The award recognizes the impact

that the Terry's legacy has made and is presented by the Council of Public University Presidents and Chancellors (CPUPC), the Independent Colleges and Universities of Texas (ICUT) and the Texas Association of Community Colleges (TACC).

## A Growing Legacy

Howard Terry was active in the management of the Foundation up until the very end of his long life. He died in 2012 at age 95. The Foundation lost its second Founder later that same year, when Nancy Terry passed away at the age of 85. The Terry Foundation has become larger than the Terrys ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state.

Today, the Terrys' legacy is carried forward by the thousands of Terry Scholars who bear their name and embody the Foundation's Four Pillars-Scholarship, Leadership, Service, and Community. All Terry Scholars pledge to give back to the Foundation and to the world with their time, talent, and resources. Terry Scholar Alumni ensure that the Terry Family continues to thrive through their mentorship and service on the Board of Directors and Alumni Advisory Board and through their participation in the Terry Scholar Alumni Association.

"The Terry Foundation is the most important thing I've done in my life, because it's enabled me to help more people than I would have ever been able to help otherwise."

-Howard L. Terry

# THE FOUNDATION PROGRAM

## Criteria

The Terry Foundation awards Traditional and Transfer scholarships to Texas residents who have been accepted for admission to one of thirteen Terry-affiliated universities and meet the specific requirements for each award.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation's selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement and a well-rounded personality marked by a desire to succeed.

To be selected to receive either a Traditional or Transfer scholarship, potential Terry Scholars must demonstrate all three of the following criteria:

- academic excellence
- leadership
- financial need

## The Stipend

The amount of the Traditional stipend is based on the cost of attendance at the universities, including tuition, fees, books, on-campus room and board and miscellaneous expenses. The specific amount of the stipend will vary for each Scholar, depending on their receipt of other scholarship awards and grants. The average amount of the stipends for the Traditional Program may increase each year due to increases in cost-of-living and expenses. The Traditional stipend is renewable for eight semesters.

The Transfer stipend covers up to 65% of the annual official cost of attendance at each university and is renewable for up to six semesters.

The Terry Scholarship Program also includes an additional Study Abroad option as an enrichment of the Scholars' college experience. Scholars are encouraged to study in other countries as an opportunity to enhance their education and gain valuable global perspective. For the 2016-2017 school year, Scholars could request an additional, optional semester of funding, with funding levels dependent on the length of their time abroad.

## 2016-2017 Average Funding Levels

### Traditional Scholarships

Avg. annual stipend: \$21K

Avg. 4-year total commitment per student: \$65K

### Transfer Scholarships

Avg. annual stipend: \$17K

Avg. 3-year total commitment per student: \$41K

## The Selection Process

Formal interviews are conducted by the Foundation, concurrently in several cities around the state, each year in April for the Traditional program and in June for the Transfer programs. Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Scholar Alumni, and current Terry Scholars. The interview panels make the final selections, and new Scholars are notified prior to the start of the following academic year.

In 2017, 25 interview panels met with a total of 750 finalists for the combined Traditional and Transfer scholarship interviews. Of those finalists, 373 were selected for Terry Scholarship Awards.

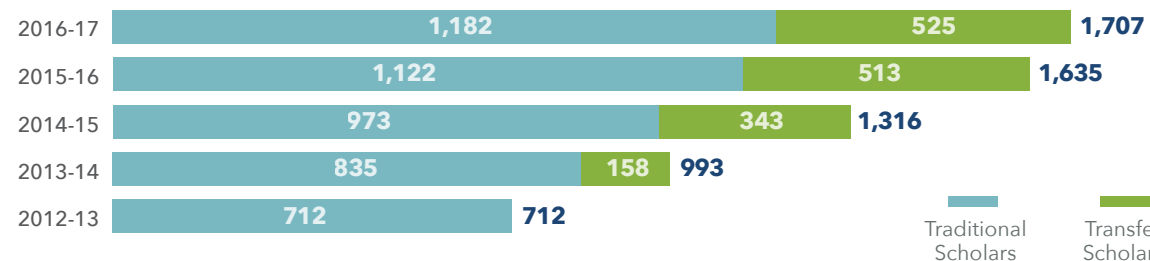

## Total Scholarships Awarded - 2017 Interview Cycle

Traditional Scholarships: 253

Transfer Scholarships: 120

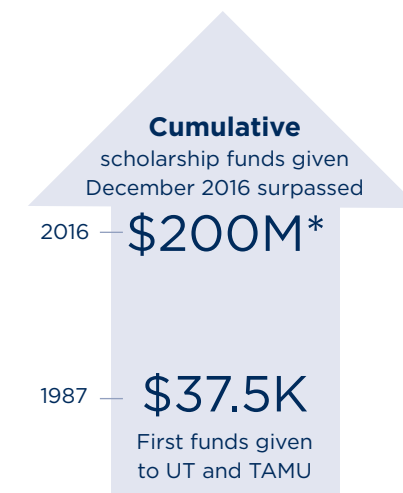

## CUMULATIVE SCHOLAR TOTALS

Traditional Scholars      Transfer Scholars

## Funding

The Terry Scholarship Program is funded by the earnings of a substantial endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The Foundation is chartered to exist into perpetuity.

\*Actual Total: \$207,014,792

## Community

Each year, the Foundation strives to be more than just a "check in the mail" for our Scholars. Activities throughout the year provide an opportunity for Scholars to network with each other, with the Board of Directors and Foundation staff, and the expanding Terry Scholar Alumni Association.

# 2016-17 TERRY EVENTS

Just as Mr. Terry's legacy extends far beyond brick and mortar, the Terry Foundation offers its Scholars more than just classes and study groups.

The Terry Foundation calendar includes activities, both staff-organized and Scholar-led, designed to enrich the lives of the Terry Scholars through fellowship and community. These events also encourage individual growth through leadership and service opportunities.

## 2016 Orientations

We welcomed 475 new Terry Scholars at the Fall 2016 Orientations.

These events were held at each of the thirteen universities just prior to the start of the fall semester. For new Scholars, the orientation is designed to focus special emphasis on the challenges faced by first-year and transferring college students. The day's events include presentations on the Foundation Scholarship Program by Foundation executive management and staff. At the conclusion of the orientation programs, the new Scholars enjoy networking with each other and with Scholars from the other cohorts.

### Dallas Alumni Luncheon

The 2016 Dallas Alumni Luncheon and Advisory Board Meeting took place on September 14th at Maggiano's Willow Bend. Alumni joined Foundation staff and Advisory Board Members for lunch and an update on the state of the Foundation. Outgoing Advisory Board Members were recognized before the fall Advisory Board Meeting commenced.

### Fall Banquets

During October of 2016, Scholars at each of the thirteen universities were hosted by the Foundation at the annual fall banquets. Members of the Foundation Board of Directors and staff joined the Scholars and university guests in elegant settings for the banquets, held on each campus. Scholars enjoyed dinner and networking with the Foundation Directors, Scholar Alumni, fellow Scholars, and representatives of the universities' administration. The dinner programs included remarks from student leaders of the Terry Student Organizations on each campus, and from a guest speaker who had been selected and invited by the Scholars.

## Statewide Officer Retreat...

The 2017 Terry Statewide Officer Retreat was hosted by the UT Terry Officers in January. Student officers from each of the Terry campus organizations gathered in Austin on the UT campus for bonding, leadership development, and collaboration. The officers voted for a common theme for this year's Terry Statewide Service Project - Hunger and Homelessness. The schools divided into regions, which held their own service projects to address the year's theme.

The officers also selected Hendrick Home for Children in Abilene, TX as the 2017 fundraiser recipient. Since 1939, Hendrick Home for Children has been a safe and loving "home" for thousands of children after living their early lives in poverty, abuse and neglect. Thanks to the fundraising efforts of Terry Scholars across the state, this year's project donated over \$2,600.

## ...and Service Projects

### Regional Service Project at San Antonio Food Bank.

On March 31st, UTSA Terry Scholars helped pack over 17,000 pounds of food to feed over 11,000 families.

### Regional Service Project at Riding Unlimited.

On April 8, 23 Terry scholars from TWU, UNT, and UTA came together at Riding Unlimited. Riding Unlimited is a non-profit organization that provides persons with disabilities physical, emotional, and educational aid through equestrian therapy.

The Scholars shoveled and leveled off sand and dirt into the 14 horse stalls and performed beautification work, such as pulling out weeds in two fields.

### Regional Service Project at Paul's Project in Lubbock

On April 1st, the TTU and UTEP Terrys hosted their regional service project in Lubbock at Paul's Project. The Scholars served Lubbock's homeless community by helping with their resumes, preparing them for interviews, serving them breakfast, building fences around their tents, sorting out a truck full of donated clothes, and packing blessing bags with hygiene supplies and words of encouragement.

### Annual UTD 5K.

Also on April 8, UTD conducted their annual 5K event, which has grown steadily over the years. This year's event raised a total \$5,320 for a number of causes, including Hendrick Home for Children and Camp Kesem.

### Regional Service Project at Houston Food Bank.

On April 22nd, Terrys from TAMU, TAMUG, UT, TXST, UH, and SHSU helped the Houston Food Bank pack 20,000 pounds of food (meals for 17,000 families)!

### TERRY DAY 2017

In 2011, Mayor Annise Parker and the City of Houston honored Mr. and Mrs. Terry by declaring March 22nd "Howard and Nancy Terry Day" in honor of their philanthropic efforts and impact on the city.

The Houston Chapter of the Terry Scholar Alumni Association hosts a service project each year to commemorate this special day. This year's project was gardening at Lost Lake, one of the destinations in Buffalo Bayou Park. About 50 current and former Scholars participated in the event.

## 2017 Traditional Interviews

Interviews for the Terry Traditional Scholarship took place March 27-April 7 in El Paso, Austin, Dallas, and Houston. 100 volunteers interviewed 510 candidates on 17 panels and extended 253 scholarship offers.

## 2017 Transfer Interviews

Interviews for the Terry Transfer Scholarship took place June 26-30 in Dallas and Houston. 46 volunteers interviewed 240 candidates on 8 panels and extended 120 scholarship offers.

## Thank you, 2017 interview panelists!

We want to thank the Terry Scholars who gave their time to select the Terry Class of 2017. This year, Terry interview panelists put in about 6,000 cumulative hours to review applications and give every candidate a 30 minute in-person interview.

## The Picnics

Due to growth in enrollment, the Foundation hosted five picnics in Spring 2017. Scholars at each location were joined by Foundation Directors and staff, Alumni Scholars and their families, and special guests from the universities. Updates from the student organizations were followed by presentation of the traditional gold pen gift to the graduating senior Scholars. Following tradition, each senior took the microphone to speak briefly of their future plans.

**March 26.**

At the **El Paso Picnic**, the first UTEP Terry graduate was honored, and lunch was followed by an Alumni panel and a service project to benefit El Paso's homeless population. Scholars, Foundation staff, and Alumni worked together to make 129 "blessing bags" filled with hygiene products, bottled water, and snacks.

**May 6.**

The **George Ranch Picnic** honored Terry graduates from Texas A&M, Texas A&M Galveston, University of Houston, and Sam Houston State.

**April 30.**

The **Central Texas Picnic** took place in San Antonio and honored Terry graduates from the University of Texas, UT-San Antonio, and Texas State.

**May 7.**

The **Southfork Picnic** honored Terry graduates from the University of North Texas, Texas Woman's University, UT-Dallas, and UT-Arlington.

**May 8.**

# TERRYS ABROAD

The following photos were shared by some of the Terry Scholars who studied abroad between Summer 2016 and Summer 2017.

Melissa Sanchez (UTEP 2015) • Spain

As my last day in Salamanca, Spain comes to an end, I want to take a moment to thank the Terry Foundation from the bottom of my heart for granting me the amazing opportunity to study abroad in Spain. This experience has allowed me to gain more knowledge, become a part of such a beautiful Spanish culture, and simply view the world from a total different perspective. I will never have enough words to say how grateful I am with the Terry Foundation for choosing to invest in my future! Y para ti mi bella Salamanca, esto no es un adiós... Es un hasta luego!

Toul DeGuia-Cranmer (UH 2015) Norway

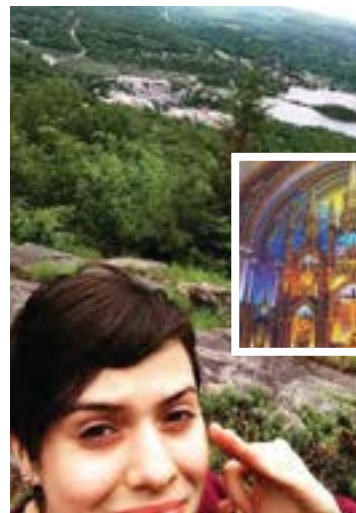

The experience has encouraged me to pursue a career as a Foreign Service Officer and has given me experience to be competitive. I found that I derived great satisfaction from representing the United States while abroad. I enjoyed shattering the many misconceptions of how Americans are by both Scandinavians and Europeans. I also have made connections in my field of Geophysics that can potentially aid in securing a career in Oil & Gas, should I desire to.

2014 TAMU Scholars Hannah Gerken, Taylor Dillard, Patrick Sheridan • Ireland

Weston Decker (TWU 2016) • Ireland

Stevie Cornett (UTD 2014) • Canada

Through the Foundation, I had the opportunity to study in Montreal, where some of my ancestors arrived in the Americas during the 1700s. Studying abroad also allowed me to take Religious Studies, which aren't available at my home university. Not only did this trip allow me to explore my ancestors' homeland and further develop my knowledge of Buddhism, it helped reaffirm my confidence in myself.

Phillip Slay (UTD 2015) United Kingdom

I chose to study abroad in London because I wanted to study Shakespeare in his birthplace. Not only did I study at Shakespeare's Globe Theatre, I studied with Globe actors and directors and even got to see three productions at the Globe. One of my greatest memories will be standing on the empty Globe stage and feeling the energy and spirit of all the actors who had stood there before me! It was an incredible and immersive experience I could only get there in London. And the Foundation made it all possible, so thank you Terry Foundation!

Rachel Veale (TTU 2013) New Zealand

Cameron Kent (TAMU 2015) Germany

Paige McDaniel (TAMU 2014) • Australia

Coral bleaching is a very real thing that I got to witness first hand. Even though one or two degrees in average temperatures don't seem like a big deal, it's more than enough to kill off an ecosystem or two. Thankfully there are some incredible biologists working to build resistance and resilience among the corals! Let's take care of our planet so that phenomenal sites like these coral reefs will be around for the years to come.

Laura Zhang (UT 2014) • Spain

As an Asian-American, I was not prepared for the microaggressions that I would endure in Europe, but it was also eye-opening to see the different types of demographics that constituted rather homogeneous populations and to empathize with the plight of immigrants who courageously enter a country without really knowing the culture or the language. My advice to other Terry Scholars studying abroad would be, "You will be challenged and your eyes will be opened, but you will make so many new friends, countless memories and learn to look at social/political policies in the states in a completely different way."

**Kirsten Cottle (SHSU 2014)**  
**United Kingdom**

Doing this study abroad has made me want to travel even more than I already did. Being in a different country is stunning in more ways than one. In both London and Paris, I was taken back at how old everything was. Everything seemed to go up rather than out. I couldn't help to make comparisons to Texas, and let me tell you. There are so many more differences than similarities.

**Shari Rohret (TAMUG 2014)** • Australia

**Russell Cole (TAMUG 2014)** • Ecuador

**Emily Nagel (TAMU 2015)** • Italy

My favorite memory is when a few of us climbed Mt. Vesuvius. The view of Pompeii below and the vast Mediterranean was amazing. To think how much destruction came from where we were at the volcano was mind boggling. Now when I look at pictures of Mt. Vesuvius, I have a sense of awe and accomplishment that I climbed to the very top of one of the most famous volcanoes in the world.

**Charlie Meriwether (UT 2014)** Denmark

There is no doubt that regardless of your personality or background, studying abroad will benefit each and every person who accepts this incredible, once in a lifetime experience.

The moment I stepped foot in Copenhagen everything for me had changed. It gives you a new perspective on life itself. I remember one of my first days standing in front of the Cathedral in Cologne which began construction in about 1250 and realizing how intricate and immense this world really is. This photo was taken in front of the Cathedral in Cologne, Germany.

**Kevin Campbell (TAMU 2014)** • Hong Kong

**Bea Castillo (TXST 2015)** • Spain

This experience has boosted my self-confidence so much. I have learned that trying new things, immersing yourself in a different culture, and being open-minded about a lot of things will shape your outlook in life. I'm ready to experience new things and do things on my own because of this trip.

**Kendra Emerson (TAMU 2013)**  
**United Kingdom**

I chose to go abroad because I have never been outside of the country. I love experiencing other cultures, and I knew studying abroad would allow me to do this. This world is so big... If you are even thinking of going abroad - do it. Don't doubt it, just do it. It will be the most incredible experience of your life.

**Tiffany Connors (TXST 2014)**  
**Norway**

Studying abroad and traveling alone to multiple foreign countries really boosted my confidence. I was surprised by how many new situations did not make me nervous or anxious, but rather felt

normal and I was very much at ease. Through this experience, I met other students from around the world, traveled to places I never imagined I would, and learned a new language.

THANK YOU for helping me get to this amazing place that has become my home away from home while in the U.K. Studying abroad at Harlaxton College has been one of the best experiences of my life and has allowed me to see myself and the world around me in a completely different way. While here, I have met the most incredible people and made some amazing friendships and that was made possible in part by you. I am forever grateful for the generosity of Mr. Terry and the Foundation and honored to call myself a Terry Scholar. Again, thank you for this experience.

**Lindsey Akridge (SHSU 2015) Italy**

I was able to see a completely different culture like never before. I was able to travel across the world with three other scholars which made the trip even better. We were able to grow closer, learn and understand a culture that we never could have were it not for the Terry Foundation. Studying abroad, regardless of how long you are able to, will be a life changing experience. You will be able to grow closer to your peers, develop relationships with faculty and meet people across the world who in fact have many things in common with you.

**Allison Clement (TAMU 2014) • Germany**

I have grown so much confidence in myself since studying abroad. While in Germany, I had to rely on myself and my ability to adapt to get from place to place. I also have a much better understanding of the health policies practiced in Germany and how they affect the citizens. It was also great to see just how much their past has shaped what they do now.

This picture was taken in London, UK while we were on a weekend trip. Lindsey, Shelby (a fellow Terry), and I had spent the riding sightseeing London on a red double-decker bus like true tourists.

## IN MEMORIAM

We were deeply saddened by the loss of two members of our Terry Family this year. Travis and Kaylee, like all Terry Scholars, enriched our community with laughter and kindness, while fearlessly pursuing their individual goals and dreams. We will celebrate and remember them by continuing to pave the way for others, and by ensuring that future Scholars fully realize and share their own unique gifts as members of our Terry Family.

Travis Green (TXST 2013)

## To our Campus Partners:

Without you, the Terry Foundation - and the realization of Mr. and Mrs. Terry's ambition to empower and educate the young people of Texas - would not be possible.

Although the Foundation would still chronicle our Scholars' progress annually within these pages, there is little doubt that these pictures and the stories within these pages would be less without your caring guidance and unqualified support. Your stewardship of our mutual Scholars is what truly makes the Terry Foundation scholarship "more than a check in the mail." It is your investment that makes the Terry Scholarship the affirming and empowering experience that the Terrys envisioned.

The Terry Foundation can never adequately express our appreciation to you. But we hope that in reviewing these pages, you are reminded of the difference you make every day in the lives of the Scholars - and that you'll recognize your role helping to realize many of the achievements chronicled here. The smiles found on these pages are meant for you.

Many, many thanks.
