The Terry Foundation holds close the timeless values established in 1986 by Howard and Nancy Terry, our Founders. Terry Scholars are challenged to achieve their highest potential in scholarship, leadership, and service – to their university, the State of Texas, and the world. United by their common excellence and motivated by their pledge to give back to the Foundation, Scholars build their own community of fellowship and mutual respect on campus and as part of the ever-expanding network of Terry Scholar Alumni.

These values serve as the platform for the Terry Scholarship Program and as the background for the cover of the 2014-2015 yearbook.

“Success is the attainment of the goals you’ve set for yourself in life.” – Howard L. Terry

The Terry Foundation’s goal is to improve and develop the State of Texas by assisting Texas students to attend the state’s finest public universities. The Foundation hopes that these students will have a significant impact on the future leadership of the state and nation. To achieve this goal, the Foundation awards scholarships to students who meet the high standards set by the Founders.

What began in 1986 as a small scholarship program is now the state’s largest private source of scholarships for the University of Texas at Austin, Texas A&M University at College Station, the University of Houston, Texas State University, the University of Texas at San Antonio, the University of Texas at Dallas, the University of North Texas, Texas Tech University, Texas Woman’s University, Texas A&M University at Galveston, Sam Houston State University, the University of Texas at El Paso, and the University of Texas at Arlington with over 1,300 Terry Scholars enrolled. But its origin was neither large nor legendary – it was as humble and low-profile as the Founders whose name it bears.

The Terry Scholarship Program was born of a desire of Howard and Nancy Terry to help young people to help themselves. A longtime resident of Houston, Howard Terry had been active for many years in banking, construction, real estate and oil and gas. With profound business success over the decades and their family’s needs met, the Terrys developed a growing desire to give back to the community and, specifically, to help young people to reach their goals in higher education. In 1986, the Terrys began considering a variety of options in their desire to make a lasting contribution to the future of Texas higher education.

After evaluating ideas as varied as university campus construction projects and endowed-chair faculty positions, the Terrys were still not satisfied. Knowing that universities are more than buildings and classrooms, Howard Terry had repeatedly declined to allow the universities to honor his previous contributions by placing his name on campus structures: “Mortar and bricks will eventually be torn down,” he reasoned. The Terrys believed, in the long term, that a university – like the state it represents – is only as good as the educated citizens it produces. Thus was born a desire to invest in the students who would attend the public colleges and universities in Texas.

The Terrys’ desire to help young people was influenced greatly by Howard Terry’s own college experience – he had attended the University of Texas on an athletic scholarship, becoming captain of the football team and graduating in 1938. His financial assistance to achieve their goals in higher education. From this simple concept, the Terry Foundation was created in 1986 to be the source of a perpetual scholarship program. The first scholarship recipients, known since then as “Terry Scholars,” were selected at interviews held in the summer of 1987. That original class of seventeen 1987 Scholars was joined in the 1988-1989 academic year by seventeen additional recipients. Over the years, the number of Scholars selected has increased, with the most recent spring 2015 interviews having resulted in the selection of 353 new freshmen Scholars.

During the first seventeen years of the Foundation’s history, Scholars attended only the University of Texas at Austin or Texas A&M University. In the fall of 2004, the Foundation Scholarship Program expanded for the first time, when Terry Scholars were named at the University of Houston and at Texas State University. Continued growth provided scholarships over subsequent years to nine additional universities, most recently in 2015 when Terry Scholars were named at the University of Texas at El Paso and the University of Texas at Arlington. Strategic future plans call for the program’s ultimate expansion to other public universities in Texas.

Growth in the Foundation endowment made possible an additional program expansion in 2013 when the Board approved a new component to the program: scholarships for students transferring completed college hours to any of the participating Terry universities. The Terry Transfer Program commenced in June, 2013 with the selection of 158 Terry Transfer Scholars, launching the largest program in the state specifically designed to assist transfer students. In 2015, Foundation interviews resulted in the selection of 208 additional Transfer Scholars. These transfer recipients will join the 2015 Terry freshmen and upper-class Scholars to number 1,630 Terry Scholars enrolled for the 2015-2016 academic year.

Since its inception, the Terry Scholarship Program has assisted over 3,745 Texas college students to achieve their goals in higher education. The Foundation Board oversees a large endowment and now includes six members who are Terry Scholar Alumni. The program was honored in 2010 by the National Association of Scholarship Providers in being named National Scholarship Provider of the Year. Chartered to exist into perpetuity, the Foundation is designed to continue in the future to add scholarships each year.

The Terry Foundation has become larger than the Terrys ever imagined, fulfilling in the process their dreams of making a difference in the lives of students across the state. Despite his extraordinary success in ventures that made the Terry Foundation possible, Howard Terry observed that “the Terry Foundation is the most important thing I’ve done in my life, because it’s enabled me to help more people than I would have ever been able to help otherwise.”
The Terry Scholarship Program

Criteria

The Terry Foundation awards Traditional scholarships for entering freshmen to Texas high school seniors who have been accepted for admission to one of thirteen Terry-affiliated universities:

- The University of Texas at Austin
- Texas A&M University
- The University of Houston
- Texas State University
- The University of Texas at San Antonio
- The University of Texas at Dallas
- The University of North Texas
- Texas Tech University
- Texas Woman’s University
- Texas A&M University at Galveston
- Sam Houston State University
- The University of Texas at El Paso
- The University of Texas at Arlington
- The Transfer Scholarship is available at most participating Terry universities for Texas residents transferring completed college hours and meeting other requirements. To be selected to receive a Traditional or Transfer scholarship, potential Terry Scholars must demonstrate academic excellence, leadership and financial need.

Terry Scholars are distinguished by a deep-rooted desire to enrich the general welfare of the community and an established record of leadership. In order to select Scholars with the greatest potential for success, the Foundation’s selection committees focus on candidates with a demonstrated history of involvement in activities, outstanding scholastic achievement and a well-rounded personality marked by a desire to succeed.

Nominations for Terry Scholarship awards are accepted only from the designated offices at the thirteen universities affiliated with the Foundation. Nominations are not accepted from any other source.

The Selection Process

Each spring, the universities nominate candidates that will matriculate the next fall. In selecting nominations, the universities adhere to the criteria established by the Foundation. Interviews are conducted by the Foundation each year in April and July for the Traditional and Transfer programs, respectively. The new class of Terry Scholars is announced after this intensive two-step selection process.

While the numbers of nominations and subsequent scholarships have grown substantially since the first scholarships were awarded in 1987, the process to win a scholarship has remained highly competitive. In selecting finalists, the selection committees at the affiliated universities are limited to a small fraction of the thousands of applications received.

The Foundation administration invites the finalists to formal interviews conducted each year concurrently in several cities around the state. Finalists meet with a six-member panel consisting of members of the Foundation Board of Directors, Alumni Scholars and current Terry Scholars. The interview panels make the final selections and new Scholars are notified prior to the start of the following academic year.

In 2015, thirty-five interview panels met with a total of 1,117 finalists for the combined Traditional and Transfer scholarship interviews. Of those finalists, 561 were selected for Terry Scholarship Awards.

The Stipend

The amount of the Traditional stipend is based on the cost of attendance at the universities, including tuition, fees, books, on-campus room and board and miscellaneous expenses. The specific amount of the stipend will vary for each Scholar, depending on their receipt of other scholarship awards and grants. The average amount of the stipends for the Traditional Program increases each year due to increases in cost-of-living and expenses. The Traditional stipend is renewable for eight semesters, or for some programs of study, up to ten semesters.

The Transfer stipend covers up to 65% of the annual official cost of attendance at each university – and is renewable for up to six semesters.

Initially, a Terry scholarship is awarded for two semesters of college and is renewed annually at the discretion of the Board of Directors. In order to continue as a Terry Scholar, a student must maintain a cumulative GPA of 2.5, meet the requirements for mandatory attendance at specific Terry Foundation events and fulfill other reporting requirements.

The Foundation seeks to provide adequate financial support for each Terry Scholar so that students may concentrate on academics and college-related activities, without having to incur debt to finance their education. In addition, the Scholarship Program is designed to limit or eliminate the need for Scholars to work during the college years.

Funding

The Terry Scholarship Program is funded by the earnings of a substantial endowment that has been provided solely by the Founders and is managed by the Terry Foundation. The Foundation is chartered to exist into perpetuity and anticipates additional growth based on incremental endowment by the Founders and their estates.

The earliest Scholar classes numbered as few as eight.
Campus Orientations

Terry Scholars at each of the eleven universities gathered at their respective campuses for the Foundation’s annual orientation programs. These events were held in late summer, just prior to the start of the fall 2014 semester. For new Scholars, the orientation is designed to focus special emphasis on the challenges faced by first-year and transferring college students. The day’s events included presentations on the Foundation Scholarship Program by Foundation executive management and staff. The Scholars also met with members of college administration and invited guest speakers in the fields of time management and study skills. In addition, both the freshmen and transfer Scholars met with representatives of the on-campus Terry Scholar organizations to discuss upcoming campus events, including service and social activities with their fellow Scholars. At the conclusion of the orientation programs, the new Scholars enjoyed an informal dinner and networking with the continuing upper-class Scholars, who offered mentoring to the new Scholars and tips for a successful first year at the university.

Fall Banquets

During October of 2014, Scholars at each of the eleven universities were hosted by the Foundation at the annual fall banquets. Members of the Foundation Board of Directors and staff joined the Scholars and university guests in elegant settings for the banquets, held on each campus. Scholars enjoyed dinner and networking with the Foundation Director, Scholar Alumni, fellow Scholars, and representatives of the university administration. The dinner programs included remarks from student leaders of the Terry Student Organizations on each campus, and from a guest speaker who had been selected and invited by the Scholars.
2014 Alumni Luncheon

Houston-area alumni gathered in October for the tenth annual Terry Scholar Alumni Luncheon. Following a tradition of rotating the event to various parts of the state, the 2014 luncheon returned to Houston following gatherings in Austin in 2012 and Dallas in 2013. Alumni Scholars from the Houston area were hosted by the Foundation at Maggiano’s Little Italy, where 60 graduates of the scholarship program enjoyed a reunion with members of the Terry Foundation Board and staff, and former college classmates and recent Scholar Alumni in the Houston area. Presidents from each of the five area Alumni organizations spoke to recent efforts to increase alumni involvement in the Houston, Dallas, Austin, San Antonio, and College Station areas. Foundation Executive Director Yvonne Rode Moody (TAMU 1987) presented a short update on the Foundation’s current operations and spoke of future plans for increased mentoring opportunities for Terry Alumni.

2015 Interviews

The Foundation set a new record with the Spring 2015 interview season. In April, twenty-two interview panels selected a record 353 new 2015 Traditional Freshman Scholars. Just three months later, in July, 13 interview panels convened to select 208 Transfer Scholars, bringing the combined total to 561 entering Terry Scholars for fall 2015. The finalists came from every area of Texas to interviews held concurrently in Austin, Houston, Dallas, and San Antonio. Members of the Board of Directors were assisted by 191 Scholar Alumni and current Scholars who served on the selection panels. Over the course of the fourteen days of interviews, the thirty-five panels interviewed a total of 1,117 finalists nominated by the thirteen universities. The Foundation Board of Directors extends special thanks to those Scholars and Alumni Scholars who assisted on the selection panels, with particular appreciation to Advisory Board members and Scholar Alumni, who, along with members of the Board of Directors, served as panel chairs.
The Spring Picnics

The Foundation celebrated the end of the 2014-2015 academic year with spring picnics for Terry Scholars from all participating universities. Scholars from UT-Austin, Texas A&M, University of Houston, UT-San Antonio, Texas State, Texas A&M-Galveston and Sam Houston State universities gathered at Winedale Historical Center on the last Sunday in April. One week later, Scholars from UT-Dallas, University of North Texas, Texas Tech University and Texas Woman’s University gathered for the fourth annual Picnic North at Southfork Ranch, in the Dallas Metro area. Scholars at each location were joined by Foundation Directors and staff, Alumni Scholars and their families, and special guests from the universities. Catered lunch was followed by presentation of the traditional gold pen gift to the graduating senior Scholars. Following tradition, each senior took the microphone to speak briefly of their future plans and then, as a group, honored the Foundation Directors with gifts from each school’s class of upcoming graduates.
Statewide Service Project

Over 100 Terry Scholars traveled from all across the state for the annual Terry Statewide Service Project in April. This year, the Scholars cleaned up Colorado Bend State Park by removing the invasive cedar growing all around the trails and removing logs and obstacles from the water, allowing it to flow freely. Thanks to the Terrys’ hard work, a portion of a waterfall was opened once the large amount of brush was cleared.
Statewide Officer Retreat

The 2015 Terry Statewide Officer Retreat was hosted by the Texas State Terry Officers in January. Student officers from each of the Terry campus organizations gathered in San Marcos for bonding, leadership development, and collaboration. The officers voted on the 2015 Terry Statewide Service Project as well as the 2015 fundraiser. This year’s fundraiser benefited the HOPE Collaborative, and Terrys raised enough to give scholarships to four students.
A Year of Service

Commitment to community and a strong desire to “give back” was demonstrated by Scholars across all the Terry campuses this year.

Regardless of your background, race, ethnicity, creed, religion, etc., giving back is one of the most rewarding and meaningful things you can do with your life. Your proudest achievement will be the positive difference you make in helping others, as was Mr. Terry’s. Selfless giving is what keeps this world going.

And don’t think you have to be special to make an impact. I’m not. I came into college struggling with a lot of personal problems. I was completely self-absorbed, yet even I came to make a difference. It’s counterintuitive, but somehow helping others with what they’re going through makes your own problems melt away.

And when you do get involved and start working to make an impact, trust your Terry Scholar instincts. Every Terry Scholar is strong, self-motivating, persevering, and trailblazing. Take these qualities with you in your philanthropic endeavors, let them lead the way, and chase the new ideas they lead you to! You are going to change the world, whether or not you realize it yet. - Kyle Cop (UT, 2011)
Congratulations to all of the Terrys at UTSA and UT-Austin who helped make For The Kids Dance Marathon a huge success!

Dance Marathons occur at over 300 universities nationwide and are year-long efforts to raise funds and awareness for each university’s local Children’s Miracle Network Hospital.

Terry Scholars at UT-Austin and UTSA showed their true leadership skills by serving in a number of officer positions. UTSA Terrys helped raise $54,316.12 and Terry Scholars at UT-Austin helped set a record total of $104,273.89!

Getting involved on campus – Ben Taggart (TAMU, 2014)

Q: How did you get involved?
A: I applied and was accepted to the Student Affairs Fee Advisory Board, which allows me to represent my fellow Aggies as we work toward the goal of preventing tuition rate increases.

Q: What drove your determination to join the board?
A: This is an excellent way for me to gain real world experience, which is great for my resume. Also, I am committed to doing everything I can to support the Terry Foundation’s goal of helping undergrads afford a college education. This is my way of making a real contribution toward that goal.

Q. How would you encourage other Terrys to make a similar contribution?
A: Awareness of the impact we have as representatives of the student body is key. Our influences reach a bit further than that of Student Government, yet few know we even exist. To my fellow Terry’s, I say... fulfill your obligation to the Foundation by finding a way to get involved! Earn your extremely generous scholarship!

My humble background meant that affording a business suit was a great source of anxiety for me as I prepared to meet the Terry Foundation’s Scholarship Interview Board last year. Luckily, as I sat before the board, I was not judged by the clothes on my back but for my desire to achieve success as an Aggie and for my life-long potential as a future Terry Scholar. Owning a business suit does not change the man I am but it most certainly signifies what I consider to be a great milestone as I continue to evolve as a professional. I can say with complete honesty; even though I still have much to learn and accomplish, I would not be where I am today without the Terry Foundation. Thank you all for investing in my future.
Jose Whitten (UNT, 2013) embodies the Terry principle of helping others as you have been helped.

I volunteer every year with the “Around the Block” event for Kids Matter International. We provide $100 vouchers to children of low socio-economic backgrounds so they can buy clothes for the winter months and for school. I was a trilingual volunteer shopping helper with the families and children.

I was very poor while growing up and I know the feeling these kids have when they are at school with old torn clothes and are hungry. It not only affects their psyche, but their ability to learn and be successful in all facets of school. I try to pass along the message of perseverance... that though they did not choose the place they have come from, they can make a way to where they want to go because people do want to help them get there.

The feeling of satisfaction and warmth one receives from seeing these children’s smiles and hearing their hopes and dreams are second to none!

I am also the Vice President for the last two years and a very active member of PUSH, a student organization at UNT. We advocate for children in the foster care system. I am a product of the system.

On a daily, weekly, and monthly basis, we hold youth tours for kids currently in the system. We travel to train prospective and future foster parents as well as adoptive parents, we speak at national conferences for a variety of companies and organization to educate them about what it is to be on the other side of the table, we help support each other through the college process, and we volunteer and fundraise for many of the local CASA and CPS organizations in and around Denton.

We make change instead of waiting for it to happen. We love to see these kids realize that just because we do not know them does not mean we do not care for them. It is such an amazing feeling!

UT Dallas Terry Scholars run for the money to help foster kids!

Congratulations to the UT Dallas Terry Scholars for raising $4,450 with 174 participants in their 5K! Proceeds were donated to the Foster Kids Charity.
Terry Teams

“All work and no play?” No way! Terry Scholars know how to make the most of their downtime by teaming up for some much-deserved fun, when breaking from studies and service. Most campus student organizations have a sports or recreation officer who organizes intramural teams all year long. Just a few of the many teams are seen here.

What’s so great about being a Terry? A Terry Scholar will (literally) give her fellow Terry the clothes off her back. The Terry team showed up to play flag football and were told they couldn’t wear shorts with pockets. Unfortunately, many of the guys had pockets on their shorts. The girls who came to watch stepped up and traded shorts with the guys, allowing them to participate without breaking the rules.
Members of the inaugural TWU Terry Class of 2013.

Terry Scholars are exploring the globe! In December 2014, the Terry Foundation announced a new optional stipend for all Terry Scholars, one that provides additional funding for a semester abroad. The following photos were shared by some of the Terry Scholars who studied abroad between Summer 2014 and Summer 2015.

Salma Mendez (UTSA, 2012)
Paris, France
I chose to study in France to continue my journey of becoming trilingual by practicing the French I’ve previously spoken only in a classroom setting. Specifically, I chose Paris to learn what it meant to be “Parisian,” to learn how to create a home away from home and to familiarize myself with business practices in the Eastern hemisphere.

Sohyun Cho (UTD, 2013) Seoul, South Korea
The Terry Study Abroad Stipend and UTD’s exchange program gave me the opportunity to revisit and experience my home country, South Korea, which I left as a young child. The greatest part of this semester-long trip is being able to see my extended family after 11 years. My plan is to explore the city, try new food, visit more museums and landmarks, and most importantly, make unforgettable memories.

Calvin Clites (UH, 2013) Lyon, France
As a French major, studying in Lyon let me learn French in a real environment where it wasn’t just a set of grammar rules and exceptions. I lived with a host family that was made up of French speakers of all different ages and backgrounds. As an exchange student, I wasn’t in a pack of Americans and was thrown directly into French classes designed for French students, so the training wheels were off and I gained actual practical experience in my second language. I’m now proud to say that I’m fluent in French and my only regret is not staying for an entire year!

Amanda Beasley (UH, 2013) Cadiz, Spain
Studying abroad has always been a lifelong desire of mine. As soon as I discovered the possibility of achieving that dream through my Terry Scholarship, I began searching and found the perfect opportunity to live and study abroad in Spain! Thrust into an exciting new culture, I learned the Spanish language and lifestyle in many more aspects than I ever would have been able to in a standard classroom. Now, with new ambitions for my future, my goal is to return to Spain teaching abroad. Because of the Terry Foundation, I was able to achieve my lifelong desire and realize a new one.

Corbin Dotson (TWU, 2013)
Harlaxton College / Grantham, England
I traveled to England with other 2013 TWU Terrys. I chose to take this trip because Harlaxton College was named the number one study abroad program in the United Kingdom. This was an incredible opportunity to experience the diverse cultures of Europe.

Andrea Hess (TTU, 2012) Seville, Spain
After finding out about Terry Study Abroad Policy, I was elated to have the opportunity to go to Spain! I chose to study at the TTU Center in Seville because it allowed me to travel with other Texas Tech students and complete my Spanish minor. It was a life-changing semester filled with excellent cuisines and travels to the Big Ben, Eiffel Tower, Colosseum, and more! None of it would have been possible without the Terry Foundation, and I am forever grateful for the experience!

Kristine Khuong (UH, 2013) Rome, Italy
I love to travel, and I have always wanted to travel. I wanted to experience something different and new. I wanted to look back in the future and see that I took a leap of faith, and made my college experience an extremely unforgettable and memorable one. Especially being blessed with the Terry Foundation scholarship, I saw the numerous opportunities given to me and studying abroad was one of them - where I can learn, grow, try new things, and share what I have in return to gain from others around the world.

David Olivera (UTSA, 2014)
Antibes, France
I wanted to study abroad in Europe, and to get to know more about different cultures, as I want to work one day in some kind of involvement with the United Nations or in the field of political science. Learning a new language, being able to have new experiences, and meeting new people from all kinds of cultures have been very rewarding.
Heather Turner (UTSA, 2012)  
Gold Coast, Australia  
I chose to go to Australia’s Gold Coast because it has gorgeous beaches and a small town feel with everything you need. The beach is within biking distance from the university. Bond University had great reviews and had the hospitality courses that I needed.

Jasmine Cook (UH 2012)  
Granada, Spain  
I chose to study abroad in Spain because I am a Spanish for Business Professions minor. I took my two required advanced Spanish classes that will count towards my minor.

Johnny Garnett (TAMU, 2013)  
Germany  
I chose Germany because WHU School of Management is one of the top business schools in western Europe, so that was very intriguing. Also, a very important aspect of studying abroad is the ability to travel around the surrounding countries and to experience new cultures and lifestyles. Germany is a great location to travel from because it is essentially in the middle of Europe. All things considered, I am very happy with my choice and have already benefited far more than I ever imagined.

Mykala Madsen (TAMU, 2013)  
Nottingham, England  
I chose to take this course abroad primarily for the opportunity to challenge myself both academically and personally. Taking away the familiar format and expectations for course work, as well as the familiar support group of family and friends, has provided me with constant opportunities to adapt and learn in a country and continental region that I have dreamed of going to since I was a child.

Terry Scholars abroad  

Lauren-Nicole Martin (UT, 2012)  
Bristol, England  
As a theatre major, I believe that in acting and in life it is important to understand where one is coming from and what it is that made that person who they are. From this program, I feel I have had a chance to experience first-hand a culture that I am not immediately familiar with and am able to bring that knowledge and experience into future work.

Founders Howard L. Terry and Nancy M. Terry

Howard L. Terry, a native Texan, was born in Milam County in 1916. He attended the University of Texas at Austin on an athletic scholarship and earned his B.B.A. in 1938. He was employed by Procter & Gamble until 1942, when he entered the U.S. Navy and served as a P.T. Boat commander in the Pacific during World War II. He later returned to Procter & Gamble, from which he was recruited to set up a chain of appliance stores, serving as General Manager until 1951. At that time, Mr. Terry went into business for himself in lumber, building, and development, building several residential subdivisions in Texas and other states.

Over the following years, Mr. Terry founded several businesses in various fields, including Business Funds, Marathon Manufacturing, Crutcher Resources, Allied Bancshares, and Farm & Home Savings. Beginning in 1979, he became a director and chairman of the executive committee of Penn Central Corp., a position he held until 1986. In 1981, he founded the Terry Companies, a multi-state corporation involved in oil & gas exploration and development.

Howard Terry's long and successful life came to an end in 2012 at age 95. In keeping with his own prediction, he maintained regular office hours and was active in the management of the Foundation until the very end of his life. His life was celebrated at a memorial service in Houston attended by a crowd estimated at 1,000.

Despite his series of remarkable successes in business endeavors in many fields, Howard Terry often referred to the Terry Foundation as his finest achievement. The impact of his generosity and vision will be felt by young Texans and their families for generations to come.

Nancy Terry was a native of New York State, born in Ogdensburg on the St. Lawrence River. She attended the School of Nursing at the University of Rochester, New York, where her hobbies included snow skiing, ice skating, swimming and antique collecting.

She subsequently relocated to Texas and for over forty-five years was married to Howard L. Terry, with whom she founded the Terry Foundation in 1986.

Mrs. Terry died not long after her husband, later in 2012. She will be fondly remembered for her engaging personality and quick wit, and sincere and heart-felt interest in all of the Scholars over the years.

“As I was attending my first Terry banquet on A&M’s campus in fall of 2011, Mr. Terry was attending his last. I had the honor of asking him for advice before the banquet ended and the words he said to me still stick with me to this day. ‘Don’t waste the gift that I have given you.’ I have taken those words to heart and have molded my life around them as a result.”

~Jonathan Brewer (TAMU, 2011)

The Terry Foundation Family

Rhett G. Campbell, Foundation Board Chair
Rhett Campbell served as one of the original trustees of the Terry Foundation and worked closely with Howard and Nancy Terry in the creation, management and direction of the Foundation since its inception in 1986. He has served as Chair of Board of Directors since 2000.

Rhett is currently Counsel with the law firm of Thompson & Knight, LLP in Houston, where his areas of specialization include civil trial and business bankruptcy. He was a founding member in 1977 of the Houston law firm of Morris & Campbell, P.C., where he practiced until 2001. He holds both a B.A. in economics, magna cum laude, and Juris Doctor degree cum laude, from Southern Methodist University. At SMU Law School, he was a Hatton Sumners Scholar, a member of the Order of the Coif, and the Order of Barristers.

Rhett is married to Houston native Susie Seybold. They have three children, two grandchildren, and reside in Houston.

Edward T. Cotham Jr., President
Ed Cotham serves as President of the Terry Foundation, where he manages the Foundation endowment portfolio and serves as chief operating officer of the Foundation. In 1983, he was named President of Terry Petroleum Company. Prior to joining Terry Petroleum, Ed practiced law with the Morris & Campbell law firm in Houston.

Ed holds an undergraduate degree in Economics from the University of Houston and a master’s degree in Economics from the University of Chicago. A native Texan, Ed returned to complete a law degree from the University of Texas at Austin.

Ed is a nationally recognized expert on Civil War history and has authored three books on military history. He and his wife, Candy, have one son and reside in Houston.

John W. Storms
John Storms has served on the Foundation Board of Directors since its inception in 1986. John is the Managing General Partner of Storms & Criz, Certified Public Accountants, of Houston. John also serves on the boards of other business entities and is an active advisory board member of Child Advocates, Inc. of Houston.

John is a Certified Public Accountant and holds a B.B.A. from the University of Texas at Austin and an M.B.A. in taxation from the City University of New York.

John and his wife, Charlene, reside in Houston and have two daughters and five grandchildren.

Carter Overton
Carter Overton has served on the Foundation Board of Directors since its inception in 1986. Carter is the President of Overton Energy, LLC, a Houston-based management and investment company engaged in direct investment in US oil and gas exploration and production. He worked previously for Terry Petroleum Company, where he served as Vice President of Operations. Carter is a past Chairman of the Texas Business Hall of Fame Foundation and is actively involved in his community and the River Oaks Baptist Church.

A native Houstonian, Carter received both his B.B.A. and his M.B.A. from the University of Texas at Austin.

Carter and his wife, Elaine, reside in Houston, and have six children.
Yvonne Rode Moody was named as the Foundation’s first Executive Director in August of 2012. Originally, she was selected as one of the first 17 Terry Scholars as part of the inaugural class in 1987. She joined the Foundation Board of Directors in 2000, one of the first Alumni Scholars to be named to the Board.

A native of Fredericksburg, Yvonne received a B.S. in Mechanical Engineering from Texas A&M in 1991. Her professional experience includes working for Chevron as a Retail Construction Project Manager. Her volunteer interests include a variety of church, school and civic organizations, but her passion has always remained with the Terry Foundation and its growing number of Terry Scholars and Alumni.

Yvonne was married for 23 years to her late husband Ted Moody and lives in Houston with their two daughters.

Gayle Stinson was named to the Foundation Board in 2006, one of two new Scholar Alumni members named to the Board that year.

Gayle is Superintendent of Schools for the Lake Dallas ISD in North Texas. She served for seven years in administration for the Texaska School District, where her outstanding tenure as principal of Texas High School resulted in her selection as Principal of the Year by the Texas Association of Secondary School Principals.

A native of Redwater, Gayle was one of the first Terry Scholars at the University of Texas, a member of the original class of 1987. She completed her B.S. in 1991 and subsequently earned an M.S. in Education from Texas A&M at Texarkana and a Doctor of Education in 2013 from Lamar University. Gayle and her husband, Trent, reside in the North Texas area and are the parents of three children.

Brian Garrett Yarbrough is a member of the 1988 class of Terry Scholars and joined the Terry Foundation Board in 2012. Brian is a principal with the law firm BG Yarbrough & Associates in Austin where he is engaged in legislative and regulatory advocacy before Texas government and state administrative agencies.

Brian is a 1997 graduate of the University of Texas School of Law, a 1992 graduate of The University of Texas at Austin (PLAN II Honor Program) and a 1988 graduate of Canyon High School in New Braunfels.

He is married to Wendy Wagner Yarbrough, from San Antonio. They have three children, Garrett, Wyatt and Lily. They are active members of Covenant Presbyterian Church, Rodeo Austin, and other local civic and charitable activities.

Elizabeth Riley Keeler is a 1992 Terry Scholar. She was named to the Foundation Board in 2012.

Elizabeth is a native Houstonian. She attended Texas A&M University where she graduated with a B.S. in Nutritional Science in 1996. She went on to attend medical school at the University of Texas in Houston. She completed her residency in Obstetrics and Gynecology in 2005 and joined the faculty at MD Anderson Cancer Center.

Elizabeth’s practice specializes in caring for women with malignancies.

Elizabeth married a fellow Aggie, John Keeler, in 1998 and, together with their six children, they reside in Houston. She is an active volunteer at the children’s schools and at the Houston Pregnancy Help Centers. She credits the Terry Scholarship for opening the door of opportunity to a happy life.

Foundation Advisory Board

In 2008, the Board of Directors approved the formation of the Terry Foundation Advisory Board. Recognized by the Board for their professional achievements and commitment to the Foundation, a group of thirty-two outstanding Scholar Alumni were selected to assist the Board in an advisory role and at Foundation events throughout the year. In 2013, the Foundation augmented the original Advisory Board with an additional twenty members, to include recent graduates and representation from a majority of universities in the Terry program.

University of Texas at Austin, 1980

Elizabeth’s practice specializes in caring for women with malignancies.

Elizabeth married a fellow Aggie, John Keeler, in 1998 and, together with their six children, they reside in Houston. She is an active volunteer at the children’s schools and at the Houston Pregnancy Help Centers. She credits the Terry Scholarship for opening the door of opportunity to a happy life.

Foundation Advisory Board

In 2008, the Board of Directors approved the formation of the Terry Foundation Advisory Board. Recognized by the Board for their professional achievements and commitment to the Foundation, a group of thirty-two outstanding Scholar Alumni were selected to assist the Board in an advisory role and at Foundation events throughout the year. In 2013, the Foundation augmented the original Advisory Board with an additional twenty members, to include recent graduates and representation from a majority of universities in the Terry program.
